**Key Question 3: How well do the learning experiences meet the needs and interests of learners and the wider community?**

**Grade 1: Good with outstanding features.**

81 The learning experiences promote the personal development of pupils including the spiritual, moral, social and cultural development of pupils very effectively. The school gives appropriate consideration to the PSE Framework. Joint worship sessions meet the statutory requirements. The sensitive and caring way in which the school responds to the different beliefs of the pupils is outstanding. Pupils are given outstanding opportunities to contribute in planning and presentation. Advantage is taken of visits from a range of visitors including families associated with the school in order to consolidate principles such as the importance of helping others less fortunate. All the pupils respect the atmosphere of the services. 'Circle time' sessions contribute well towards the development and understanding of pupils as regards moral and social matters and help them to respect truth and justice.
