

Annual Minimum Revenue Provision Statement 2017/18

Where the Authority finances capital expenditure by debt, it must put aside resources to repay that debt in later years. The amount charged to the revenue budget for the repayment of debt is known as Minimum Revenue Provision (MRP), although there has been no statutory minimum since 2008. The Local Government Act 2003 requires the Authority to have regard to the Welsh Government's *Guidance on Minimum Revenue Provision* (Guidance 11c) most recently issued in 2010.

The broad aim of the WG Guidance is to ensure that debt is repaid over a period that is either reasonably commensurate with that over which the capital expenditure provides benefits, or, in the case of borrowing supported by Government Revenue Support Grant, reasonably commensurate with the period implicit in the determination of that grant.

The WG Guidance requires the Authority to approve an Annual MRP Statement each year, and recommends a number of options for calculating a prudent amount of MRP. The following statement incorporates options recommended in the Guidance as well as locally determined prudent methods.

For capital expenditure incurred before 1st April 2008, and for supported capital expenditure incurred on or after that date, MRP will be determined in accordance with the former regulations that applied on 31st March 2008.

For unsupported capital expenditure incurred after 31st March 2008, MRP will be determined by charging the expenditure over the expected useful life of the relevant assets in equal instalments starting in the year after the asset becomes operational. MRP on purchases of freehold land will be charged over 50 years. MRP on expenditure not related to fixed assets but which has been capitalised by regulation or direction will be charged over 20 years.

For assets acquired by finance leases or the Private Finance Initiative, MRP will be determined as being equal to the element of the rent or charge that goes to write down the balance sheet liability.

Where loans are made to other bodies for their capital expenditure, no MRP will be charged. However, the capital receipts generated by the annual repayments on those loans will be put aside to repay debt instead.

Capital expenditure incurred during 2017/18 will not be subject to a MRP charge until 2018/19.

Based on the Authority's estimate of its Capital Financing Requirement on 31st March 2017, the budget for MRP has been set at £5.47m.
