**Cwestiwn i TRAFNIDIAETH CYMRU / Question for TRANSPORT FOR WALES**

- 1) Which developments are in the pipeline for the trains in order to ensure a bilingual service?
- 2) Why are so many trains delayed so often, and running late?
- 3) When will they provide additional provision on the trains to be able to carry more bicycles?
- 4) What are their arrangements with regard to litter picking along the line, noting problems near Cambrian Terrace in Porthmadog? (It was noted that the litter could go into the 'Cyt' and create environmental problems)
- 5) Are there any plans to offer an express service between Pwllheli and Shrewsbury in the mornings and evenings, so that the journey could be completed in two hours, rather than three?
- 6) Is it possible to have a food and drink provision from Pwllheli to Machynlleth?
- 7) Why are people who have concessionary travel passes not permitted to use them on the Cambrian Railway throughout the year, in the same way that train users can between Blaenau Ffestiniog and Llandudno?

Could we please have an update on the train operator's plans for the Cricieth station?

**Cwestiwn i / Question for NETWORK RAIL**

There is concern about the condition of some footpaths around the Cricieth station:  
The need to improve the maintenance of the following paths: the narrow path from the car park to the station, and also the first 20 yards from path number 1 towards the direction of Ysgol Treferthyr.

**Cwestiwn i TRAFNIDIAETH CYMRU / Question for TRANSPORT FOR WALES**

While I welcome the improvements to the Welsh-medium communications service - is it possible to improve the pronunciation of place-names and stations in our language?

Using fluent Welsh-speakers would be a start - after all, if the same mistakes were made in English...what would the answer be?

Does the train operator have any incentive to develop a through train service to the centres of government in Cardiff and in London?
