

MEETING	Barmouth Harbour Consultative Committee.
DATE	28th March 2023
TITLE	Update on Harbour Management Matters
AUTHOR	Senior Harbour Officer

1. Introduction.

- 1.1 The Committees main function is to consider, discuss and advise on matters relating to the management, safety and development of the Harbour and to receive Member's observations on matters relating to Barmouth Harbour.
- 1.2 The purpose of this report is to provide a brief update for the attention of the Committee on harbour matters for the period ending March 2023, in order to receive feedback from the members on safety matters and the operational matters of the Harbour.

2. Barmouth Moorings and Boat Registration.

- 2.1 In accordance with previous years, harbour staff will be undertaking an inspection of the trot moorings within the harbour operated by the Service. The visitors' mooring in the harbour operated by the Service, will be subject to inspection by a local mooring contractor. It is anticipated that all inspections will be completed before the Easter period, subject to the availability of the mooring contractor in association with favourable tidal and weather conditions.
- 2.2 The Gwynedd Council Powerboat and Personal Watercraft registration system will continue to be administered through an online arrangement, allowing customers to choose the most suitable location to collect registration and launch permits. Following the success of that arrangement, it is now hoped to allow mooring customers to both confirm and pay for their harbour mooring via a similar on-line system.

3. Port Marine Safety Code.

- 3.1. The Port Marine Safety Code ('PMSC') sets out a national standard for every aspect of port marine safety. Its aim is to enhance safety for everyone who uses or works in the port marine environment. It applies to all Statutory Harbour Authorities.
- 3.1.1 The Code represents good practice as recognised by a wide range of industry stakeholders and Gwynedd Council understands that a failure to adhere to good practice may be indicative of a harbour authority being in breach of certain legal duties.
- 3.1.2 It is necessary for the Service to receive the comments and views of Consultative Committee Members on the suitability of the Port Marine Safety Code and to regularly receive observations on its contents, in order that it may be reviewed as relevant to the harbour activities, navigational aids, suitability of by-laws, safety matters and general day to day work at Barmouth Harbour.
- 3.1.3 The Service is due to review and update the Port Marine Safety Code this year to ensure safety standards within the harbours of Gwynedd are maintained.
