

TASK AND FINISH GROUP AUTISM PLAN BRIEF

What matter is being considered?

An update on the Gwynedd Autism Plan was presented to a meeting of the Care Scrutiny Committee on 20 April 2023. An update was submitted on the ongoing work, including an update on staffing, awareness raising steps, training and working in partnerships. In addition, the Cabinet Members responsible for Children and Adults Services submitted the priorities for the coming six months.

There were responses provided to several issues raised during the committee meeting, but some additional issues arose about the individual's experience when awaiting a diagnosis, frustration in the community regarding diagnosis waiting lists and a lack of clear understanding of the support available in schools following receiving a diagnosis.

The committee decided that they were keen to establish a task and finish group to discuss the matter further and requested that representatives from the Department of Education and the Health Board should be present to answer their concerns. It was also decided to extend an invitation to representatives of the Education and Economy Scrutiny Committee as the work bridges the work areas of both committees.

The purpose of the work is to ensure an understanding of the implementation of the Gwynedd Autism Plan as a whole, including:

- an understanding of the support available to individuals and their families when awaiting a diagnosis, and whether there are any barriers on the road to a diagnosis and
- following diagnosis, in particular the support available for children within our schools, and whether there are any barriers.
