Title of report:	Annual Complaints and Service Improvement Report 2023/24			
Cabinet Member	Cynghorydd Menna Trenholme			
Contact Officer	tact Officer lan Jones, Head of Corporate Services			
Date of meeting:	ate of meeting: 14 May 2024			

1. Decision sought

Cabinet is asked to approve the report and offer any relevant comments or suggestions about the Council's performance in dealing with complaints in an appropriate and timely manner.

2. The reason why the Cabinet needs to make the decision

The purpose of the report is to provide an overview of the Council's performance in relation to dealing with complaints and improving services, highlighting successes, challenges, and developments. This is to ensure that the Cabinet is satisfied with the performance over the periods in question.

An analysis of quantitative and qualitative data is presented, which is a measure of the Council's performance in this context for the period 1 April 2023 to 31 March 2024 together with preliminary information about the previous years.

3. Introduction and Reasoning

3.1 Background

The Council's "Complaints and Service Improvement procedure" was introduced in 2015, drawn up under the supervision of the Public Services Ombudsman for Wales. It corresponds with Welsh Government guidelines and is therefore in line with the complaint's procedures of other public bodies.

The Cabinet adopted the procedure with the aim of bringing specific benefits to the citizen by focusing on the solution instead of the process and allow Officers to deal quicker with complaints.

The ownership over responding to complaints was moved to the individual Departments, but with the function of harmonizing and offering guidance continuing under the leadership of the Monitoring Officer with the support of the Service Improvement Officer.

The *Concerns and Complaints Policy* was updated on 1 April 2021, and responsibility for the implementation of the *Complaints and Service Improvement* procedure was transferred to the Corporate Support Department under the care of the *Service Improvement Officer* within the *Organisational Learning and Development* team.

It should be noted that this procedure is not relevant to Social Services users as there is a statutory procedure for them. Schools also implement their own complaints procedures.

3.2 Responding to Complaints - An explanation of the terminology that is used

3.2.1 Resolving Informal Complaints

Complainant informally contacts the Service Improvement Officer or the relevant service to resolve the concern.

3.2.2 Investigating Formal Complaints

Complainant presents a formal complaint through the complaints procedure. An investigation is undertaken by an officer within the Service, who is senior enough and is independent from the source of the complaint.

3.2.3 Complaint to the Ombudsman

The complainant could go to the Ombudsman if they are not satisfied with the Council's formal response.

After looking at the complaint, the Ombudsman may decide on one of the following:

- *No Investigation* where the Ombudsman is satisfied with the way the authority has dealt with the matter and feels that there is no need for a further investigation. It could also be a matter beyond its jurisdiction.
- *Premature* if the Ombudsman is of the opinion that the authority has not yet had an opportunity to consider the matter.
- *Hold a further investigation* where the Ombudsman feels that further investigation is needed, to assess how the authority has dealt with the matter.
- Settlement where there is an agreement with the complainant, and they accept the resolution.

4. Frequency of the Report

Due to the unique circumstances of the past few years, the period of reporting to the Cabinet has varied from between 6 and 12 months. The Concerns and Complaints Policy notes that a report should be submitted to the Senior Leadership Team every quarter and to the Cabinet twice a year and this is the intention for the future. The Annual Report for 2022/23 was presented in October 2023 after we received the Ombudsman's Annual Letter.

'Live' data is available to Heads of Department, the Senior Leadership Team and the Cabinet at any time upon request.

This Report summarises the developments for the period 01/04/2023 – 31/03/2024, focusing on Valid Formal Complaints and complaints submitted to the Ombudsman.

The figures to date for this year are noted below -

- 89 Valid Formal Complaints between 01/04/23 and 31/03/24
- 34 Ombudsman Complaints between 01/04/23 and 31/03/24

(17 No Investigation; 12 No Investigation – Premature; 5 Settlement)

6. Analysis of the Complaints (General)

Per Category 2022/23 Year Quarter 1 – 4

Analysis per Department – See Appendix 1

Detailed information can be provided about specific Complaints if needed.

7. Main Messages

- An increase can be seen in the number of Formal Complaints this year, but the number of complaints that have gone to the Ombudsman have decreased slightly.
- The pattern / trend over a longer period shows that the number of Formal Complaints reduced gradually between 2018/19 and 2021/22 when it increased significantly.
- The response time has remained consistent on 7 days (8.6 days in 2018/19).
- Again, a change in culture can be seen, with Services on the whole receiving complaints in a more positive and constructive way, in order to learn from them, with the response time reducing.

8. Next Steps

We intend to continue to work with Departmental management teams and officers within the Service to ensure an understanding of the Complaints procedure and their commitment to implement them. In light of this, we hope to reduce the time we take to respond to Complaints and continue to improve services.

A new Customer Charter is currently in development. When the new Charter is in place there will be guidance prepared for staff which will include information on different response periods:- responding to Members, responding to General Correspondence, and responding to Complaints. It is hoped that this will save a number of complaints about Non-Response/Action into the future, as staff will have been equipped with the information they need to adhere to the response requirements.

The Successes Wall is still growing, and it is very good to see that a large number of Thanks/Compliments have come in from the public 1242 since being established in 2015. Seeing the public's appreciation is a great help in raising staff morale, especially front-line staff.

9. The comments of the Statutory Officers

Head of Finance Department:

Nothing to add to the report from the perspective of financial propriety.

Monitoring Officer:

The complaints process includes provision that the Cabinet receives reports on the Councils complaints arrangements from the perspective of maintaining quality services. I note that the Governance and Audit Committee will be considering the effectiveness of the arrangements in accordance with their statutory duties.
