# Introduction

This Detailed Audit Plan specifies my statutory responsibilities as your external auditor and to fulfil my obligations under the Code of Audit Practice.

It sets out the work my team intends undertaking to address the audit risks identified and other key areas of focus during 2024.

It also sets out my estimated audit fee, details of my audit team and key dates for delivering my audit team's activities and planned outputs.

**Adrian Crompton**

Auditor General for  
Wales

## Audit of financial statements

I am required to issue a report on your financial statements which includes an opinion on their 'truth and fairness' and the proper preparation in accordance with accounting requirements.

I will also report by exception on a number of matters which are set out in more detail in our [Statement of Responsibilities](#).

In addition to my responsibilities for auditing the North Wales Economic Ambition Board Joint Committee's (the Joint Committee) financial statements, I also have responsibility for responding to questions and objections about the accounts from local electors (additional fees will be charged for this work, if necessary).

I do not seek to obtain absolute assurance on the truth and fairness of the financial statements and related notes but adopt a concept of materiality. My aim is to identify material misstatements, that is, those that might result in a reader of the accounts being misled. The levels at which I judge such misstatements to be material is set out later in this plan.

There have been no limitations imposed on me in planning the scope of this audit.

## Performance audit work

I must satisfy myself that the Joint Committee has made proper arrangements for securing economy, efficiency, and effectiveness in its use of resources. I do this by undertaking an appropriate programme of performance audit work each year.

My work programme is informed by specific issues and risks facing the Joint Committee and wider local government in Wales. I have also taken account of the work that is being undertaken or planned by other external review bodies and by internal audit.

My performance audit work is designed to comply with auditing standards set out by the International Organisation of Supreme Audit Institutions (INTOSAI). This is a global umbrella organisation for the performance audit community. It is a non-governmental organisation with special consultative status with the Economic and Social Council (ECOSOC) of the United Nations.

# Your audit at a glance

## **My financial statements audit will concentrate on your risks and other areas of focus**

My audit planning has identified the following risks:

Significant financial statement risk

- Management Override

Other areas of audit focus

- Valuation of pension fund net liability

## **My performance audit will include:**

Local Project: Governance Arrangements

# Financial statements' materiality

## Materiality £83,000

My aim is to identify and correct material misstatements, that is, those that might otherwise mislead the user of the accounts.

Materiality is calculated using:

- 2023-24 gross expenditure of £4.159 million.
- Materiality percentage of 2%

I report to those charged with governance any misstatements above a trivial level (set at 5% of materiality). This level for 2023-24 is £4,159.

## Areas of specific interest

There are some areas of the accounts that may be of more importance to the user of the accounts, and we have set a lower materiality level for these:

- Senior officer remuneration £1,000
- Related party disclosures - £10,000 for individuals and £83,000 for other bodies

# Significant financial statements' risks

Significant risks are identified risks of material misstatement for which the assessment of inherent risk is close to the upper end of the spectrum of inherent risk or those which are to be treated as a significant risk in accordance with the requirements of other ISAs. The ISAs require us to focus more attention on these significant risks.

## Exhibit 1: significant financial statement risks

Significant risk	Our planned response
The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk [ISA 240.32-33].	The audit team will: <ul style="list-style-type: none"><li>• test the appropriateness of journal entries and other adjustments made in preparing the financial statements;</li><li>• review accounting estimates for bias; and</li><li>• evaluate the rationale for any significant transactions outside the normal course of business.</li></ul>

# Other areas of focus

I set out other identified risks of material misstatement which, whilst not determined to be significant risks as above, I would like to bring to your attention.

## Exhibit 2: other areas of focus

Audit risk	Our planned response
<p><b>Valuation of pension fund net liability</b> The Local Government Pension scheme (LGPS) pension fund liability as reflected in the financial statements are material estimates.</p> <p>The nature of this estimate means that it is subject to a high degree of estimation uncertainty as it is sensitive to small adjustments in the assumptions used in its calculation.</p> <p>The impact of economic conditions, particularly interest rate levels also have a significant impact on the liability. At 31 March 2024 for example, the liability was in fact a surplus, primarily due to higher interest rates.</p>	<p>The audit team will:</p> <ul style="list-style-type: none"><li>• evaluate the instructions issued by management to their management experts (actuary) for this estimate and the scope of the actuary's work;</li><li>• assess the competence, capabilities and objectivity of the actuary who carried out the valuations;</li><li>• assess the accuracy and completeness of the information provided by the Joint Committee to the actuary to estimate the liability;</li><li>• test the accuracy of the pension fund net liability and disclosures in the financial statements with the actuarial report from the actuary; and</li><li>• assess the reasonableness of the assumptions made by the actuary by reviewing the report of the consulting actuary (auditor's expert) and undertaking any additional procedures required.</li></ul>

# Financial statements' audit timetable

I set out below key dates for delivery of my accounts audit work and planned outputs.

## Exhibit 3: key dates for delivery of planned outputs

Planned output	Work undertaken	Report finalised
2024 Detailed Audit Plan	July 2024	August 2024
Audit of financial statements work: <ul style="list-style-type: none"><li>• Audit of Financial Statements Report</li><li>• Opinion on the Financial Statements</li></ul>	July – August 2024	November 2024

# Planned performance audit work

I set out below details of my performance audit work.

## Exhibit 4: Planned performance audit work

<b>Local project work – Governance Arrangements</b>	A review of the Board’s compliance with its Governance Arrangements.	Timescales for the project will be discussed with the Council and detailed within the specific project brief produced for the audit.

# Statutory audit functions

## Statutory audit functions

In addition to the audit of the accounts, I have statutory responsibilities to receive questions and objections to the accounts from local electors. These responsibilities are set out in the Public Audit (Wales) Act 2004:

- Section 30 Inspection of documents and questions at audit; and
- Section 31 Right to make objections at audit.

As this work is reactive, I have made no allowance in the fee below. If I do receive questions and objections, I will discuss potential audit fees at the time.

# Fee and audit team

In January 2024, we published our [Fee Scheme](#) for the 2024-25 year as approved by the Senedd Finance Committee. My fee rates for 2024-25 have increased by an average of 6.4%, as a result of unavoidable inflationary pressures and the ongoing need to invest in audit quality.

I estimate your total audit fee will be **£26,754**.

Planning will be ongoing, and changes to my programme of audit work, and therefore my fee, may be required if any key new risks emerge. I shall make no changes without first discussing them with the Joint Committee.

## Our financial audit fee is based on the following assumptions:

- The agreed audit deliverables set out the expected working paper requirements to support the financial statements and include timescales and responsibilities.
- No matters of significance, other than as summarised in this plan, are identified during the audit.

## Exhibit 5: breakdown of audit fee

Audit area	Proposed fee for 2024 (£) <sup>1</sup>	Actual fee for 2023 (£)
Audit of financial statements <sup>2</sup>	15,023	14,119
Performance audit work <sup>3</sup>	11,731	11,025
<b>Total fee</b>	<b>26,754</b>	<b>25,114</b>

<sup>1</sup> The fees shown in this document are exclusive of VAT, which is not charged to you.

<sup>2</sup> Payable November 2023 to October 2024.

<sup>3</sup> Payable April 2024 to March 2025.

The main members of my team, together with their contact details, are summarised in **Exhibit 6**.

There are some threats to independence that I need to bring to your attention relating to the Audit Manager who is an acquaintance of a member of the Joint Committee's Executive Group. The work of the Audit Manager does not require any direct contact with the member outside of Joint Committee meetings, and appropriate steps will be implemented to ensure that any potential conflicts are managed. With the exception of this, I can confirm that all other members of my team are independent of the Joint Committee.

# Audit quality

Our commitment to audit quality in Audit Wales is absolute. We believe that audit quality is about getting things right first time.

We use a three lines of assurance model to demonstrate how we achieve this. We have established an Audit Quality Committee to co-ordinate and oversee those arrangements. We subject our work to independent scrutiny by QAD\* and our Chair, acts as a link to our Board on audit quality. For more information see our [Audit Quality Report 2023](#).

## Our People

The first line of assurance is formed by our staff and management who are individually and collectively responsible for achieving the standards of audit quality to which we aspire.

- Selection of right team
- Use of specialists
- Supervisions and review

## Arrangements for achieving audit quality

The second line of assurance is formed by the policies, tools, learning & development, guidance, and leadership we provide to our staff to support them in achieving those standards of audit quality.

- Audit platform
- Ethics
- Guidance
- Culture
- Learning and development
- Leadership
- Technical support

## Independent assurance

The third line of assurance is formed by those activities that provide independent assurance over the effectiveness of the first two lines of assurance.

- EQCRs
- Themed reviews
- Cold reviews
- Root cause analysis
- Peer review
- Audit Quality Committee
- External monitoring

\* QAD is the quality monitoring arm of ICAEW.
