# **NARRATIVE REPORT**

## **Introduction**

Cyngor Gwynedd's accounts for the year 2024/25 are presented here on pages 9 to 87.

The Statement of Accounts consist of:

- **Expenditure and Funding Analysis** – Whilst this is not a statutory statement, it shows how annual expenditure is used and funded from resources (government grants, council tax and business rates) by local authorities in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices.
- **Comprehensive Income and Expenditure Statement** - This is the Council's main revenue account. This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in the Movement in Reserves Statement.
- **Movement in Reserves Statement** - This statement shows the movement in year on the different reserves held by the Council, analysed into 'usable reserves' and 'unusable reserves'. The taxation position is reflected in the Movement in Reserves Statement.
- **Balance Sheet** - Sets out the financial position of the Council on 31 March 2025.
- **Cash Flow Statement** - This statement summarises the flow of cash to and from the Council during 2024/25 for revenue and capital purposes.
- **The Welsh Church Fund and FMG Morgan Trust Fund Accounts.**

These accounts have been prepared on a going concern basis and are supported by this Narrative Report, the Accounting Policies and various notes to the accounts.

## **Cyngor Gwynedd's Vision and Priorities**

Cyngor Gwynedd's vision and priorities are included in the Cyngor Gwynedd Plan for the period 2023 – 2028. The purpose of the Plan is to set out the Council's vision and priorities for the period between April 2023 and the end of March 2028. The Plan explains why we are focusing our energy and resources in certain areas.

The Plan includes a series of projects for the next five years under seven priority areas:

- Tomorrow's Gwynedd - Giving our children and young people the best possible start in life,
- A Prosperous Gwynedd - Strengthening the economy and supporting the people of Gwynedd to earn a decent salary,
- A Homely Gwynedd - Supporting the people of Gwynedd to live in suitable and affordable homes in their communities,
- A Caring Gwynedd - Supporting the residents of Gwynedd to live full and safe lives in our communities,
- A Welsh Gwynedd - Ensuring that we give residents every possible opportunity to use the Welsh language in the community,
- A Green Gwynedd - Protecting the county's natural beauty, and responding positively to the climate change crisis,
- An Efficient Gwynedd - Putting the residents of Gwynedd first and treating them fairly and ensuring that the Council performs effectively and efficiently.

The Well-being of Future Generations (Wales) Act 2015 places a duty on public bodies in Wales to improve economic, social, environmental and cultural well-being. We have reviewed our well-being objectives as part of the process of forming the Cyngor Gwynedd Plan for 2023-28.

The Cyngor Gwynedd Plan 2023 – 2028 is available at [The-Council-Plan-2023-28.pdf \(llyw.cymru\)](#)

The Full Council approved a review of the Cyngor Gwynedd Plan for 2024/25 at its meeting on 7 March 2024. The purpose of the review was to assess the achievements of the projects after a year of implementation as well as to ensure that the projects remain a priority for the Council. A copy of the review is available at [Cyngor-Gwynedd-Plan-2023-28-2024-25-Review.pdf](#)

## **Financial Strategy**

The Council's Financial Strategy and 2024/25 Budget adopted by the Council at its meeting on 7 March 2024 sets out the foundation to achieve the priorities areas, whilst also trying to meet the continuous increase in demand for our services. The Financial Strategy is unavoidably dependent upon these priorities. The strategy is available at: <https://www.gwynedd.llyw.cymru/en/Council/Strategies-and-policies/Finance/Financial-strategy.aspx>

In 2024/25 there was an increase in Cyngor Gwynedd's grant from the Welsh Government of 2.3%, which corresponds to an increase worth £5.1m in external funding. However, it was predicted that the Council's expenditure would need to be increased by £22.7m to "stand still" due to the demand on services as well as inflationary pressure remaining high. And so, it was necessary to introduce new savings and cuts, and raise the level of Council Tax in order to set a balanced budget.

In setting the budget, we have tried to minimise the impact of the savings on the residents of Gwynedd. Therefore, the financial situation will continue to pose a significant challenge to us in planning our services for the future. We will therefore continue with the task of ensuring that we achieve those efficiency savings already approved and ensure that we plan for the future to minimise any cuts to services.

## **Performance Measuring**

The Council's Performance Management Framework is a cycle which supports the planning, management and reporting on the performance of our services to ensure the best for the people of Gwynedd today and tomorrow. The Cyngor Gwynedd Annual Performance Report describes our success in achieving our improvement priorities and also provides information on the performance of Council departments and how they assist the people of Gwynedd. The report is available at:

<https://www.gwynedd.llyw.cymru/en/Council/Performance-and-spending/Council-performance/Performance-Measuring.aspx>

## **Financial Performance 2024/25**

- Pressure on Council services was apparent, with overspending of £6.6m at year end, mainly in adult and children care, and the service dealing with waste. Receipts of grants and under-spending on corporate budgets meant that the overspend position was funded and it was possible to transfer £1.5m to the Transformation Fund, to be used for the Council's priorities. The financial out-turn position for 2024/25 was reported to Cabinet at its meeting on 13 May 2025. Members of the Cabinet approved the net services overspend of £400k for the year.
- A shortfall of £8.3m was forecasted in the last budget revenue review, undertaken at the end of November 2024. Since then, the overspend position in the areas of children care and waste has increased, with improvements in the adults' care area following receipts of additional grants. The favourable position of many corporate budgets has also helped to alleviate the financial position of the Council by the end of the financial year.
- The Council received two additional grants from the Welsh Government, the first amounting to £2.1m to assist with wage pressures and the second of £2.6m in response to the additional pressures faced by the authorities during the year.
- At the end of the 2024/25 financial year, an overspend position is reported by 5 departments due to many factors. Substantial pressures continues in the areas of children and adult care and waste.
- The 2024/25 financial position was taken into consideration in the process of establishing the 2025/26 budget with bids being allocated to some of the overspending areas.
- The Comprehensive Income and Expenditure Statement on page 10 shows that the Council's gross revenue expenditure on 'Cost of Services' level as £600m during 2024/25, with the net position as £327m.

## TABLE I – Budget and Actual Comparison Summary (Net)

The Council's net budget is mainly financed through council tax, general government grants and national non-domestic rates and totals £361m for 2024/25.

Table I provides a budgetary performance comparison at a summary level, and which is detailed further in Table 2.

	<b>Budget</b>	<b>Actual</b>	<b>Variance</b>
	<b>£'000</b>	<b>£'000</b>	<b>£'000</b>
Net Expenditure on Operations	357,598	361,055	3,457
Departmental carry forward at year-end	0	(400)	(400)
	357,598	360,655	3,057
Financed by -			
Council Tax Income	(124,282)	(127,339)	(3,057)
Share of National Non-Domestic Rate	(43,364)	(43,364)	0
General Government Grants	(189,952)	(189,952)	0
Contribution from the General Fund Balance	0	0	0
	0	0	0

The Comprehensive Income and Expenditure Statement and the Movement in Reserves Statement on pages 10 and 11 detail the movements for the year.

**TABLE 2 – Transposition movement between ‘Budget and Actual Comparison Summary (Net)’ (Table 1) to the Income and Expenditure format reflecting Departmental Management Structure.**

Department	Performance Report (Outturn) £'000	Transposition Adjustment £'000	Net Expenditure Chargeable to the General Fund £'000	Adjustments between Funding and Accounting Basis £'000	Income & Expenditure Statement £'000

Corporate Management Team and Legal	2,655	334	2,989	(42)	2,947
Corporate	17,720	(5,085)	12,635	3,362	15,997
<b>Cost of Services</b>	<b>308,261</b>	<b>(8,698)</b>	<b>299,563</b>	<b>26,939</b>	<b>326,502</b>
Other (Contains Centralised and Corporate Adjustment)	52,394	8,698	61,092	(26,939)	34,153
<b>Total</b>	<b>360,655</b>	<b>0</b>	<b>360,655</b>	<b>0</b>	<b>360,655</b>

\* This includes adjustments relating to the North and Mid Wales Trunk Road Agency.

Transposition Adjustment - Adjustments in the transposition column relate to the net contribution to and from reserves.

## • Material Items of Income and Expenditure

Related items include:

- (£1m) on pensions, being the annual remeasurement of the net pension defined benefit liability relating to pensions, in line with Gwynedd Pension Fund's Actuary's assessment (Note 23.5).
- Following a revaluation of part of the Council's land and buildings portfolio (which is now carried out on a rolling programme basis), the net surplus arising from the fixed asset revaluation to the Revaluation Reserve is £40m (Note 23.1) and the revaluation and impairment cost to the Services is £4m (Note 15).

## • Other Issues

- Economic instability and financial risks continue in the UK and globally, especially considering the new tariffs between the USA and the rest of the world. The Office for Budget Responsibility predict increases in inflation and energy rates and a decrease in interest rates in their report 'Economic and Fiscal Outlook' dated March 2025. The Council has taken these circumstances into account in its financial plans, maintaining a prudent level of reserves.
- The Council like all other public bodies continue to face significant funding challenges, specifically uncertainty about the level of Revenue Support Grant to be received by the Government. There is no certainty of any increase in the grant in the medium term.

- As a result of Central Government schemes including the Levelling Up Funds, significant grants have been received during 2024/25, which has contributed to the significant increase in revenue expenditure funded from capital under statute, which is £41m (Note 34), whilst the associated grant income to fund such expenditure is (£38m) (Note 32).
- The depreciation value of the Council's assets is £21m (Note 15).

### Capital Expenditure in 2024/25

Capital expenditure for 2024/25 amounted to £85.2m. The following table gives an analysis of this expenditure and the way it was financed.

**TABLE 3 - SUMMARY OF CAPITAL EXPENDITURE AND FINANCING**

<b>2023/24</b>		<b>2024/25</b>
<b>£'000</b>		<b>£'000</b>
12,972	Education	12,086
5,084	Environment	7,516
0	Corporate Services	87
716	Finance	1,451
18,551	Economy and Community	40,298
10,319	Housing and Property	12,386
382	Adults, Health and Wellbeing	468
1,131	Children and Family Support	2,402
7,717	Highways, Engineering and Gwynedd Consultancy	8,489
39	Chief Executive	0
<b>56,911</b>		<b>85,183</b>
	<b>FINANCED BY -</b>	
8,108	Borrowing	7,113
37,224	Grants and Contributions	66,547
250	Capital Receipts	43
11,329	Revenue and Other Funds	11,480
<b>56,911</b>		<b>85,183</b>

- Revenue Expenditure Funded from Capital Under Statute of £40.8m is included in the above table. This has been charged to the Income and Expenditure Statement in the year. Total expenditure on Non-current Assets and Assets Held for Sale was £45.4m as shown in Notes 15 and 20.
- The Council's Loan Debt at 31 March 2025 was £94.6m – a decrease of £5.4m (from £100m) during the year. A new loan of £0.2m was taken out and repayments of £5.6m were made in accordance with the terms of individual loans.

### Provisions and Reserves

In addition to the unearmarked element of General Balances of £7.9m, the Council had provisions of £8.9m, earmarked reserves of £110.8m and school balances of £8.3m. In total, these amounted to £135.9m. These are detailed in the Balance Sheet, Movement in Reserves Statement and in Note 10 and 22.

The adequacy of the Council's specific reserves and provisions was reviewed by the Head of Finance in closing the accounts this year, in accordance with the approved policy. This review was successful in harvesting £1.3m of resources, which Cabinet (at its meeting on 13 May 2025) approved its transfer to the Transformation Fund to fund the Council's priorities.

## **Pension Fund**

The Council (as an employer) has a liability from its share of the assets and liabilities of the Gwynedd Pension Fund as recognised on its Balance Sheet at 31 March 2025. This has been calculated by the Fund's Actuary, Hymans Robertson, in compliance with International Accounting Standard 19. Refer to Note 38 for further information.

The net pension liability is a position at one point in time. Market prices can move substantially up or down in the short term, and it is therefore not possible to quantify the long-term effect such movements in market prices will have on the Pension Fund. The accounts are based on the valuation held on 31 March 2022, the accounts for the financial year 2026/27 onwards will be based on the valuation held on 31 March 2025.

## **Governance**

Cyngor Gwynedd is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, which includes arrangements for the management of risk. Further information is included within the Annual Governance Statement.

## **Accounting Policies**

The Council's existing accounting policies are amended only insofar as to reflect the guidance in the 2024/25 CIPFA Code of Practice on Local Authority Accounting in the United Kingdom.

## **Changes in Accounting Policies and to the Accounts**

The Council's existing accounting policies have been amended to reflect only the changes required in accordance with proper accounting practices, following adjustments for the 2024/25 financial year to the Code of Practice on Local Authority Accounting in the United Kingdom.

## **Further Information**

The Statement of Accounts is available on Cyngor Gwynedd's website [www.gwynedd.llyw.cymru](http://www.gwynedd.llyw.cymru).

Further information relating to the accounts is available from:

## **STATEMENT OF ACCOUNTS**

### **STATEMENT OF RESPONSIBILITIES FOR THE STATEMENT OF ACCOUNTS**

#### **THE COUNCIL'S RESPONSIBILITIES**

Cyngor Gwynedd is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In Cyngor Gwynedd, that "Section 151 Officer" is the Head of Finance. It is also the Council's responsibility to manage its affairs to secure economic, efficient and effective use of its resources, to safeguard its assets, and to approve the Statement of Accounts.

---

**Chair of Audit and Governance Committee**

**13 November 2025**

---

#### **THE HEAD OF FINANCE'S RESPONSIBILITIES**

The Head of Finance is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC *Code of Practice on Local Authority Accounting in the United Kingdom* ("the Code").

In preparing the Statement of Accounts, the Head of Finance has selected suitable accounting policies and then applied them consistently; has made judgements and estimates that were reasonable and prudent and complied with the Code.

The Head of Finance has also kept proper accounting records which were up to date, and has taken reasonable steps for the prevention and detection of fraud and other irregularities.

---

#### **RESPONSIBLE FINANCIAL OFFICER'S CERTIFICATE**

I certify that the Statement of Accounts has been prepared in accordance with the arrangements set out above, and presents a true and fair view of the financial position of Cyngor Gwynedd at 31 March 2025 and the Council's income and expenditure for the year then ended.

---

**Dewi Aeron Morgan CIPFA**  
**Head of Finance, Cyngor Gwynedd**

**4 November 2025**

## EXPENDITURE AND FUNDING ANALYSIS

The Expenditure and Funding Analysis shows how annual expenditure is used and funded from resources (government grants, council tax and business rates) by local authorities in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. It also shows how this expenditure is allocated for decision making purposes between the Council's departments. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

<b>EXPENDITURE AND FUNDING ANALYSIS</b>

## COMPREHENSIVE INCOME AND EXPENDITURE STATEMENT

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in both the Expenditure and Funding Analysis and in the Movement in Reserves Statement.

2023/24				2024/25

\* This includes adjustments relating to the North and Mid Wales Trunk Road Agency.

## MOVEMENT IN RESERVES STATEMENT

The Movement in Reserves Statement shows the movement from the start of the year to the end on the different reserves held by the Council, analysed into 'usable reserves' (i.e. those that can be applied to fund expenditure or reduce local taxation) and other 'unusable reserves'. The Statement shows how the movements in the year of the Council's reserves are broken down between gains and losses incurred in accordance with generally accepted accounting practices, and the statutory adjustments required to return to the amounts chargeable to council tax for the year. The Net Increase/Decrease line shows the statutory General Fund Balance movements in the year following those adjustments.

Note	Additional Information			Statement of Movement in Reserves

## BALANCE SHEET

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Council. The net assets of the Council (assets less liabilities) are matched by the reserves held by the Council. Reserves are reported in two categories. The first category of reserves is usable reserves, i.e. those reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt). The second category of reserves is those that the Council is not able to use to provide services. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

<b>(525,408) Total Reserves</b>		<b>(592,700)</b>

<sup>1</sup> Long Term Creditors were not separately disclosed on the Balance Sheet in the 2023/24 Statement of Accounts, with the amount included within Short-Term Creditors.

## CASH FLOW STATEMENT

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing Activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from Financing Activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Council.

# **NOTES TO THE ACCOUNTS**

## **NOTE 1 – ACCOUNTING POLICIES**

### **1.1 General Principles**

The Statement of Accounts summarises the Council's transactions for the 2024/25 financial year and its position at the year-end of 31 March 2025. The Council is required to prepare an annual Statement of Accounts by the Accounts and Audit (Wales) Regulations 2014 (as amended), in accordance with proper accounting practices. These practices primarily comprise the *Code of Practice on Local Authority Accounting in the United Kingdom 2024/25* supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categories of non-current assets and financial instruments. The accounts have been prepared on a going concern basis.

In relation to a policy regarding capitalisation of expenditure, our practice is to operate on the basis of the nature of expenditure rather than a prescribed level of expenditure.

### **1.2 Accruals of Expenditure and Income**

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received.

- Revenue from contracts with service recipients, whether for services or the provision of goods, is recognised when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations in the contract.
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet.
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract.
- Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue in financing and investment income and expenditure for the income that might not be collected.

### **1.3 Cash and Cash Equivalents**

Where the Council has short-term investments readily convertible into known amounts of cash and subject to insignificant risk of changes in value, these are classified as cash equivalents and included in Cash and Cash Equivalents on the Balance Sheet. The investments included in this definition are short-term deposits with financial institutions which are immediately available at the Balance Sheet date.

### **1.4 Contingent Assets / Contingent Liabilities**

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent assets and liabilities are not recognised in the Balance Sheet, but disclosed in the Contingent Liabilities and Contingent Assets notes in the accounts.

## **NOTE I – ACCOUNTING POLICIES (continued)**

### **I.5 Corporate**

The Corporate heading includes items relating to corporate policy-making and member activities, and costs that relate to the general running of the Council.

### **I.6 Employee Benefits**

#### **I.6.1 Benefits Payable During Employment**

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave for current employees and are recognised as an expense for services in the year in which employees render service to the Council. An accrual is made for the cost of holiday entitlements (or any form of leave, e.g. time off in lieu) earned by employees but not taken before the year-end that employees can carry forward into the next financial year. The accrual is charged to the Surplus or Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement to the accumulated absences account so that holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.

#### **I.6.2 Termination Benefits**

Termination benefits are amounts payable as a result of a decision by the Council to terminate an officer's employment before the normal retirement date or an officer's decision to accept redundancy voluntarily and are charged on an accruals basis to the appropriate service or, where applicable, to the Corporate Services line in the Comprehensive Income and Expenditure Statement at the earlier of when the Council can no longer withdraw the offer of those benefits or when the Council recognises costs for a restructuring.

Where termination benefits involve the enhancement of pensions, statutory provisions require the Council Fund balance to be charged with the amount payable by the Council to the Pension Fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the Pension Fund and pensioners and any such amounts payable but unpaid at the year-end.

#### **I.6.3 Post-Employment Benefits**

Employees of the Council are members of two separate pension schemes:

- The Teachers' Pension Scheme, administered by the Capita Teachers' Pensions on behalf of the UK Government's Department for Education.
- The Local Government Pension Scheme, administered by the Gwynedd Pension Fund at Cyngor Gwynedd.

Both schemes provide defined benefits to members (retirement lump sums and pensions), earned as employees when they worked for the Council.

However, the arrangements for the teachers' scheme mean that liabilities for these benefits cannot be identified to the Council. The scheme is therefore accounted for as if it were a defined contributions scheme and no liability for future payment of benefits is recognised in the Balance Sheet. The Education and Children and Family Support lines in the Comprehensive Income and Expenditure Statement is charged with the employer's contributions payable to the Teachers' Pension Scheme in the year.

#### **I.6.4 The Local Government Pension Scheme**

All other staff, subject to certain qualifying criteria, are entitled to become members of the Local Government Pension Scheme. The pension costs charged to the Council's accounts in respect of this group of employees are determined by the fund administrators and represent a fixed proportion of employees' contributions to this funded pension scheme.

The Local Government Scheme is accounted for as a defined benefit scheme.

The liabilities of the Gwynedd Pension Fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions such as mortality rates, employee turnover rates, etc., and projected earnings for current employees.

## NOTE 1 – ACCOUNTING POLICIES (continued)

Liabilities are discounted to their value at current prices, using a discount rate of 5.80% calculated as a weighted average of 'spot yields' on AA rated corporate bonds.

The assets of the Gwynedd Pension Fund attributable to the Council are included in the Balance Sheet at their fair value as determined by the Fund's Actuary.

The change in the net pensions liability is analysed into the following components:

Service cost comprising:

- Current service cost – the increase in liabilities as a result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked.
- Past service cost – the increase in liabilities arising from current year decisions whose effect relates to years of service earned in earlier years – debited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement as part of Corporate costs.
- Net interest on the net defined benefit liability/(asset), i.e. the net interest expense for the Council – the change during the period in the net defined benefit liability/(asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability/(asset) at the beginning of the period – taking into account any changes in the net defined benefit liability/(asset) during the period as a result of contributions and benefit payments.

Remeasurements comprising:

- The return on plan assets – excluding amounts included in net interest on the net pension defined benefit liability/(asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.
- Actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.
- Asset ceiling adjustment – reduces to the calculated asset ceiling if this is lower than the asset position. The asset ceiling calculation is relative to funded obligations. Any unfunded obligations are added to the Net position once the asset ceiling adjustment has been applied.
- Contributions paid to the Gwynedd Pension Fund – cash paid as employer's contributions to the Pension Fund in settlement of liabilities not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the Council Fund balance to be charged with the amount payable by the Council to the Pension Fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are appropriations to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the Pension Fund and pensioners and any such amounts payable but unpaid at the year-end. The balance that arises on the Pensions Reserve thereby measures the impact to the Council Fund of being required to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

International Accounting Standard (IAS) 19 governs how the long-term liabilities which exist in relation to pension costs should be reported. Local councils in England and Wales are required to produce their financial statements in accordance with IAS19.

## **NOTE 1 – ACCOUNTING POLICIES (continued)**

### **1.6.5 Discretionary Benefits**

The Council also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff (including teachers) are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

### **1.7 Events After the Reporting Period**

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events; and
- those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of authorisation for issue are not reflected in the Statement of Accounts.

### **1.8 Prior Period Adjustments, Changes in Accounting Policies, Estimates and Errors**

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively, i.e. in the current and future years affected by the change, and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless not material or stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

### **1.9 Financial Instruments**

#### **Financial Liabilities**

Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments over the life of the instrument to the amount at which it was originally recognised.

For most of the borrowings that the Council has, this means that the amount presented in the Balance Sheet is the outstanding principal repayable (plus accrued interest); and interest charged to the CIES is the amount payable for the year according to the loan agreement.

Where premiums and discounts have been charged to the CIES, regulations allow the impact on the General Fund Balance to be spread over future years. The Council has a policy of spreading the gain or loss over the term that was remaining on the loan against which the premium was payable or discount receivable when it was repaid. The reconciliation of amounts charged to the CIES to the net charge required against the General Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

#### **Financial Assets**

Financial assets are classified based on a classification and measurement approach that reflects the business model for holding the financial assets and their cash flow characteristics. The Council holds financial assets measured at:

- amortised cost, and

## **NOTE I – ACCOUNTING POLICIES (continued)**

- fair value through profit or loss (FVPL), and
- fair value through other comprehensive income (FVOCI). A separate accounting policy is required where an authority holds financial instruments at fair value through other comprehensive income.

The Council's business model is to hold investments to collect contractual cash flows. Financial assets are therefore classified as amortised cost, except for those whose contractual payments are not solely payment of principal and interest (i.e. where the cash flows do not take the form of a basic debt instrument).

### **Financial Assets Measured at Amortised Cost**

Financial assets measured at amortised cost are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement (CIES) for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the financial assets held by the Council, this means that the amount presented in the Balance Sheet is the outstanding principal receivable (plus accrued interest) and interest credited to the CIES is the amount receivable for the year in the loan agreement.

Any gains and losses that arise on the derecognition of an asset are credited or debited to the Financing and Investment Income and Expenditure line in the CIES.

### **Expected Credit Loss Model**

The Council recognises expected credit losses on all of its financial assets held at amortised costs, either on a 12 month or lifetime basis. The expected credit loss model also applies to lease receivables and contract assets. Only lifetime losses are recognised for trade receivables held by the Council. Impairment losses are calculated to reflect the expectation that the future cash flows might not take place because the borrower could default on their obligations.

### **Financial Assets Measured at Fair Value Through Other Comprehensive Income**

Financial assets that are measured at FVOCI are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Fair value gains and losses are recognised as they arise in other comprehensive income.

### **Financial Assets Measured at Fair Value through Profit and Loss**

Financial assets that are measured at FVPL are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at fair value. Fair value gains and losses are recognised as they arise in the Surplus or Deficit on the Provision of Services.

### **Fair Value Measurements of Financial Assets**

Fair value of an asset is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The fair value measurements of the Council's financial assets are based on the following techniques:

- Instruments with quoted market prices – the market price.
- Other instruments with fixed and determinable payments – discounted cash flow analysis.

The inputs to the measurement techniques are categorised in accordance with the following three levels:

- Level 1 inputs – quoted prices (unadjusted) in active markets for identical assets that the Council can access at the measurement date.
- Level 2 inputs – inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly.
- Level 3 inputs – unobservable inputs for the asset.

## **NOTE I – ACCOUNTING POLICIES (continued)**

Any gains and losses that arise on the derecognition of the asset are credited or debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

The measurement of our assets held at FVOCI is unit bid price at the measurement date.

### **1.10 Government Grants and Other Contributions**

Grants and contributions relating to capital and revenue expenditure are accounted for on an accruals basis, and recognised immediately in the relevant service line in the Comprehensive Income and Expenditure Statement as income, except to the extent that the grant or contribution has a condition that the Council has not satisfied.

Grants and contributions funding capital expenditure that have been credited to the Comprehensive Income and Expenditure Statement are not proper income charges due to the capital control regime requirements to finance capital expenditure as part of the Capital Financing Requirement. Therefore, the Council accounts for these amounts as follows:

- Where a capital grant or contribution has been received, and conditions remain outstanding at the Balance Sheet date, the grant is recognised as a Capital Grant Receipt in Advance on the Balance Sheet. Once the condition has been met, the grant or contribution is transferred to the Comprehensive Income and Expenditure Statement.
- Where a capital grant or contribution has been recognised as income in the Comprehensive Income and Expenditure Statement, and the expenditure to be financed from that grant or contribution has been incurred at the Balance Sheet date, the grant or contribution is transferred from the General Fund to the Capital Adjustment Account, reflecting the application of capital resources to finance expenditure. This transfer is reported in the Movement in Reserves Statement.

### **1.11 Heritage Assets**

Heritage assets are tangible assets with historical, artistic, scientific, technological, geophysical or environmental qualities that are held by the Council principally for their contribution to knowledge or culture. The Council has identified the following categories of heritage assets:

- Pictures and Paintings
- Civic Regalia
- Library Collections/Archives
- Museums and Art Gallery Collections
- Historic Buildings and Scheduled Monuments
- Parks and Local Nature Reserves

The Council used an external valuer (Bonhams) to provide estimated valuations of its civic regalia and paintings and pictures. For consistency, the Council has applied the same de minimis levels for valuation purposes to Heritage Assets as its other long-term assets – see policy 1.17.

The Council considers that Heritage Assets held by the Council will have indeterminate life and high residual value; hence, the Council does not consider it appropriate to charge depreciation for the assets. Heritage Assets recognised in the accounts will be assessed annually for any impairment – see policy 1.17.

### **1.12 Inventories and Long-Term Contracts**

Stocks and work in progress should be shown in the Balance Sheet at the lower of cost and net realisable value, in accordance with the provisions of the Code of Practice. Due to the practicalities of the Council's main stock systems, the majority of stock is shown in the accounts at average cost. The difference from the basis of valuation is not material.

Long-term contracts are accounted for on the basis of charging the Surplus or Deficit on the Provision of Services with the consideration allocated to the performance obligations satisfied based on the goods or services transferred to the service recipient during the financial year.

### **1.13 Investment Property**

Investment properties are those that are used solely to earn rentals and/or for capital appreciation. The definition is not met if the property is used in any way to facilitate the delivery of services or production of goods or is held for sale. These properties are valued on a fair value basis. Values are based on specific techniques, and the inputs to

## **NOTE I – ACCOUNTING POLICIES (continued)**

these measurement techniques are categorised in accordance with three levels. All the Council's inputs are level 3 (unobservable inputs for the asset). This is due to the level of adjustment required to all evidence due to the uniqueness of the assets, and the dearth of relevant market transactions.

### **1.14 Leases**

The Council classifies contracts as leases based on their substance – analysed to determine whether they convey the right to control the use of an identified asset, through rights both to obtain substantially all of the economic benefits or service potential from that asset and to direct its use.

#### **The Council as Lessee:**

Leases are initially recognised as Right of Use Assets with a corresponding liability at the date from which the leased asset is available for use (or the IFRS 16 transition date). The Council initially recognises lease liabilities measured at the present value of lease payments, discounting by applying the authority's incremental borrowing rate wherever the interest rate implicit in the lease cannot be determined. Lease payments included in the measurement of the lease liability include; fixed payments; variable lease payments that depend on an index or rate, initially measured using the prevailing index or rate as at the adoption date; the exercise price under a purchase option that the Council is reasonably certain to exercise; lease payments in an optional renewal period if the Council is reasonably certain to exercise an extension option; penalties for early termination of a lease, unless the Council is reasonably certain not to terminate early.

Lease payments include an interest charge (reported in the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement) and a charge for the principle which reduces the lease liability. The related asset is treated in accordance with the policies applied generally to such assets and is subject to depreciation charges as appropriate. The asset is depreciated straight line over the shorter period of remaining lease term and useful life of the underlying asset as at the date of adoption.

However, for peppercorn, nominal payments or nil consideration leases, the asset is measured at fair value. As permitted by the code; any leases for low value items, deemed by the Council to be below £10,000, or for a term shorter than 12 months are excluded.

#### **The Council as Lessor:**

Where the Council grants a finance lease over a property, the relevant asset is written out of the Balance Sheet as a disposal, to be included in the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. The written-off value of disposals is not a charge against council tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the General Fund Balance in the Movement in Reserves Statement.

Rental income from property granted under an operating lease is recognised on a straight-line basis in the Comprehensive Income and Expenditure Statement, and the asset is retained in the Balance Sheet.

### **1.15 Surplus Assets**

The Council classifies Surplus Assets separately on the Balance Sheet. These assets are shown at their fair value based on market value. Values are based on specific techniques, and the inputs to these measurement techniques are categorised in accordance with three levels. All the Council's inputs are level 3 (unobservable inputs for the asset). This is due to the level of adjustment required to all evidence due to the uniqueness of the assets, and the dearth of relevant market transactions.

### **1.16 Overheads and Support Services**

Some overheads and support services costs are apportioned to the appropriate services in accordance with the Council's arrangements for accountability and financial performance.

### **1.17 Long-Term Assets**

The Council's assets as recorded on the Property Services database are revalued at least every five years. Since the 2015/16 financial year, the Council has established a rolling programme for re-valuing different categories of these assets annually, with valuation usually effective on 31 March each year. This is in accordance with the Code and the Statements of Asset Valuation Principles and Guidance Notes issued by the Royal Institution of Chartered Surveyors. Land and Buildings are shown at fair value, this includes Existing Use Value (EUV) for many items or Depreciated Replacement Cost (DRC) for specialised properties.

## **NOTE I – ACCOUNTING POLICIES (continued)**

Investment Properties are shown at fair value.

Vehicles, Plant, Furniture and Equipment are shown at depreciated historical cost.

Infrastructure and community assets are shown at depreciated historical cost.

Material Assets in the course of construction are included at historical cost until such time as they are completed, when they are valued in accordance with the accounting policies and transferred to the appropriate category of asset.

A de minimis limit for valuation purposes of £20,000 is used for the Council's operational Land and Buildings and £5,000 for single items of Vehicles, Plant, Furniture and Equipment.

Expenditure in year on new and existing assets is added annually, and then consideration is given as to whether this expenditure has increased the value of the asset. If there has been an increase, this is reflected through the Revaluation Reserve; if there is no increase it follows that there has been an impairment to the value of the asset (see below for the method for accounting for impairment). Specifically for assets categorised as Land and Buildings, and Community Assets where expenditure in year of over £100,000 has been incurred on a single asset, the Council's Estates Manager (M.R.I.C.S.) reviews the assets and revalues any one as appropriate.

### **Impairment and Depreciation**

#### **Impairment**

An impairment is the consumption of economic benefit that is specific to an asset. In line with International Accounting Standard 36 the Council reviews its assets each year in order to recognise any impairment or reduction in value due to the consumption of economic benefits. In addition, the residual values and useful lives of assets are reviewed annually and adjusted where appropriate.

Where impairment losses are identified, they are accounted for as follows:

- Where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance (up to the amount of the accumulated gains).
- Where there is no balance in the Revaluation Reserve for an asset or an insufficient balance, the carrying amount of the asset is written down against the relevant service line(s) in the Comprehensive Income and Expenditure Statement.

#### **Depreciation**

The main element of IAS 16 is that buildings must be depreciated if they are not valued each year. In addition, each part of an item of Property, Plant and Equipment with a cost that is significant in relation to the total cost of the item shall be depreciated separately. A de minimis threshold, below which assets are disregarded for componentisation purposes, needs to be established, which is based on potential material impacts on the financial statements. For the 2024/25 financial year this has been set at 1% of the total value of the buildings at the beginning of the year. The apportionment to be considered for the non-land element of assets above the de minimis threshold is:

- a) plant and equipment and engineering services, and
- b) structure

The majority of the Council's buildings (over 75%) are valued using the DRC (Depreciated Replacement Cost) method, which is developed on a component approach, and the identification of the components is reflected in the details of the calculations. However, identified within the above are buildings which include material items of plant and equipment which are deemed to have shorter useful lives, e.g. boilers and heating equipment within swimming pools and leisure centres. These components are recognised by adjusting the useful life of the building to take account of the shorter life components.

For the remaining buildings, based on a review of the nature and type of buildings which the Council owns, these are deemed to have no significant items of plant and equipment or engineering services that need to be componentised separately.

Depreciation is generally charged on the Balance Sheet value of assets to write them off as follows:

## NOTE I – ACCOUNTING POLICIES (continued)

- (i) Vehicles, Plant, Furniture and Equipment are depreciated over their estimated useful life (3–15 years, or more with supporting evidence)
- (ii) Infrastructure is depreciated over 40 years
- (iii) Revenue Expenditure funded from Capital under Statute is written down in the period in which it arises
- (iv) Land is not depreciated
- (v) Buildings are depreciated over their estimated remaining useful life (5–80 years)
- (vi) Investment Properties, Assets under Construction and Assets Held for Sale are not depreciated

Depreciation is not charged in the year of acquisition.

### Minimum Revenue Provision

The Local Authorities (Capital Finance and Accounting) (Wales) (Amendment) Regulations 2018 places a duty on local authorities to make a prudent provision for debt redemption. Guidance on Minimum Revenue Provision has been issued by the Welsh Ministers and local authorities are required to “have regard” to such Guidance under section 21(1B) of the Local Government Act 2003.

The four MRP options available are:

- Option 1: Regulatory Method
- Option 2: Capital Financing Requirement Method
- Option 3: Asset Life Method
- Option 4: Depreciation Method

*NB This does not preclude other prudent methods.*

MRP in 2024/25: Options 1 and 2 may be used only for supported (i.e. financing costs deemed to be supported through Revenue Support Grant from Central Government) Non-HRA capital expenditure funded from borrowing. Methods of making prudent provision for unsupported Non-HRA capital expenditure include Options 3 and 4 (which may also be used for supported Non-HRA capital expenditure if the Council chooses).

The MRP Statement was submitted to Council before the start of the 2024/25 financial year. If it is ever proposed to vary the terms of the original MRP Statement during the year, a revised statement should be put to Council at that time.

The Council applied Option 3 in respect of supported capital expenditure funded from borrowing assessing that a prudent measure would be over 50 years, and also Option 3 in respect of unsupported capital expenditure funded from borrowing.

MRP in respect of leases and Private Finance Initiative schemes brought on Balance Sheet under the IFRS-based Accounting Code of Practice matches the annual principal repayment for the associated deferred liability.

The Council reviews this policy annually in light of the Asset Management Plan.

In accordance with the Code of Practice, revenue financing of capital expenditure on Council Fund Services is appropriated to the Capital Adjustment Account.

### 1.18 Council Tax and National Non-Domestic Rates

Council Tax and National Non-Domestic Rates income for the year is treated as accrued income, and is included within the Taxation and Non-Specific Grant Income line in the Comprehensive Income and Expenditure Statement.

Cyngor Gwynedd is a Council Tax and Non-Domestic Rates billing Authority. It collects Council Tax on behalf of itself and other authorities, and collects Non-Domestic Rates as an agent on behalf of the Welsh Government.

### 1.19 Provisions

Provisions are made where an event has taken place on or before the Balance Sheet date:

- that gives the Council a present obligation
- that probably requires settlement by a transfer of economic benefits or service potential, and
- where a reliable estimate can be made of the amount of the obligation.

## **NOTE I – ACCOUNTING POLICIES (continued)**

If it is not clear whether an event has taken place on or before the Balance Sheet date, it is deemed to give rise to a present obligation if, taking account of all available evidence, it is more likely than not that a present obligation exists at the Balance Sheet date. The present obligation can be legal or constructive.

Estimated settlements are reviewed at the end of each financial year. Where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

### **1.20 Reserves (and Balances)**

In accordance with the requirements of the Local Government Act 1992, the Council maintains a –

- General Fund which represents the general reserves (“balances”) of the Council, namely a working balance to help cushion the impact of uneven cash flows and as a contingency to cushion the impact of unexpected events or emergencies.
- Number of capital and revenue specific reserves earmarked for specific purposes, namely, money accumulated to meet anticipated commitments. The Council undertakes a continuous review of the adequacy and use of specific reserves.
- The Council takes a risk-based approach to maintaining an adequate level of balances and reserves to meet future spending needs. When considering the annual budget and medium-term financial strategy, the Council will set out its intention regarding the level of general balances and reserves, in the context of all relevant risks. Refer to the approval of the full policy in respect of reserves by the Council Cabinet on 23 June 2015.
- Certain reserves, namely “unusable reserves”, are kept for the technical purpose of managing the accounting processes for non-current assets, financial instruments and employee benefits. These do not represent the usable resources of the Council.

### **1.21 Revenue Expenditure Funded from Capital Under Statute**

Legislation allows some expenditure to be classified as capital for funding purposes when it does not result in the expenditure being carried on the Balance Sheet as an asset. The purpose of this is to enable it to be funded from capital resources rather than be charged to the General Fund and impact on that year’s Council Tax. This type of expenditure is valued at historical cost and written down over a year.

### **1.22 Value Added Tax**

Only in a situation when VAT is irrecoverable will VAT be included or charged as ‘irrecoverable VAT’ in capital and revenue expenditure.

### **1.23 Debtors and Creditors**

The Council's accounts are maintained on an accruals basis in accordance with the Code of Accounting Practice. The accounts reflect actual expenditure and income relating to the year in question irrespective of whether the payments or receipts have actually been paid or received in the year.

An exception to this principle relates to electricity and similar quarterly payments which are charged at the date of meter reading rather than being apportioned between financial years, and certain annual payments such as insurance. This policy is consistently applied each year and therefore does not have a material effect on the year's accounts.

### **1.24 Allocation of Interest and Receivable Dividends**

The Council invests surplus funds for periods varying from overnight to 13 months (with the exception of investments in pooled funds) and the interest is credited to the General Fund, Gwynedd Pension Fund, Welsh Church Fund and other trust funds and joint committees based on the level of their daily balances and the rate of interest earned. The dividends from the pooled funds are paid into the General Fund.

### **1.25 Borrowing Costs**

The Council does not capitalise borrowing costs attributable to the acquisition, construction or production of a qualifying asset as permitted by the Code.

## **NOTE I – ACCOUNTING POLICIES (continued)**

Interest payable on external loans is included in the accounts in the period to which it relates on a basis which reflects the overall economic effect of the borrowings.

### **1.26 Interest in Companies and Other Entities**

The Council has interests in companies and other entities which are required to be included in the financial statement. In line with materiality considerations, the North Wales Economic Ambition Board Joint Committee has been included within the Council's financial statement. The consolidation was conducted on a line-by-line basis and apportioned to each authority on actual transactions in the first instance with the remaining transactions and balances split in accordance with their Governance Agreement.

Based on materiality, the following joint committees have not been consolidated into the Council's financial statement:-

- GwE
- North Wales Residual Waste Treatment Project

Based on materiality, group accounts have not been produced to include Cwmni Byw'n Iach.

### **1.27 Current Assets Held for Sale**

In order for an asset to be recognised as Held for Sale, the asset must be available for immediate sale in its present condition, the sale must be highly probable, the asset must be actively marketed and the sale completed within one year from the date of classification. The asset is recognised at fair value (market value) less costs to sell on reclassification. Values are based on specific techniques, and the inputs to these measurement techniques are categorised in accordance with three levels. All the Council's inputs are level 3 (unobservable inputs for the asset). This is due to the level of adjustment required to all evidence due to the uniqueness of the assets, and the dearth of relevant market transactions.

### **1.28 Disposal of Assets**

When an asset is disposed of, the carrying amount of the asset in the Balance Sheet is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal. Receipts from disposals (if any) are credited to the same line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal (i.e. netted off against the carrying value of the asset at the time of disposal). Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.

### **1.29 Capital Receipts**

When the Council sells an asset, legislation prescribes the use of the proceeds received.

All capital receipts that belong to the Council's Fund are 100% usable and it is no longer necessary to set aside a percentage of the receipt. The receipts are held in the Usable Capital Receipts Reserve until such time as they are used to finance capital expenditure.

### **1.30 Service Concession Arrangements**

Service Concession Arrangements, otherwise known as Private Finance Initiative (PFI) schemes, are agreements to receive services, where the responsibility for making available the property, plant and equipment needed to provide the services passes to the PFI contractor for the duration of the contract but where the assets transfer to the Council at the end of the period without any additional cost. The Council controls the service that is provided and is able to control who else is able to use the facility. The cost of using the facility is agreed with the Company before setting the agreement through a competitive dialogue process.

### **1.31 Joint Operations**

Joint operations are arrangements where the parties that have joint control of the arrangement have rights to the assets and obligations for the liabilities relating to the arrangements. The activities undertaken by the Council in conjunction with other joint operators involve the use of the assets and resources of those joint operators. In relation to its interest in a joint operation, the Council as a joint operator recognises its share of assets, liabilities, revenue and expenses.

## **NOTE 1 – ACCOUNTING POLICIES (continued)**

### **1.32 Schools**

The *Code of Practice on Local Authority Accounting in the United Kingdom* confirms that the balance of control for local authority maintained schools (i.e. those categories of school identified in the School Standards and Framework Act 1998, as amended) lies with the local authority. The Code also stipulates that those schools' assets, liabilities, reserves and cash flows are recognised in the local authority accounts (and not the Group Accounts). Therefore schools' transactions, cash flows and balances are recognised in each of the financial statements of the Council as if they were the transactions, cash flows and balances of the Council.

### **1.33 Fair Value Measurement of Non-Financial Assets**

The Council's accounting policy for fair value measurement of financial asset is set out in note 1.9. The Council also measures some of its non-financial assets such as surplus assets and investment properties and some of its financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset takes place either:

- a. in the principal market for the asset, or
- b. in the absence of a principal market, in the most advantageous market for the asset.

The Council measures the fair value of an asset or liability using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

When measuring the fair value of a non-financial asset, the Council takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Council uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Inputs to the valuation techniques in respect of assets for which fair value is measured or disclosed in the Council's financial statements are categorised within the fair value hierarchy, as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the Council can access at the measurement date;
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly; or
- Level 3 – unobservable inputs for the asset.

### **1.34 Other Policies**

Cyngor Gwynedd has policies in respect of the following, but they are not considered material for the 2024/25 financial year:

- Intangible Assets
- Foreign Currency Conversion.

## **NOTE 2 – CHANGE IN ACCOUNTING POLICY**

The Council's existing accounting policies are amended only insofar as to reflect the guidance in the 2024/25 CIPFA Code of Practice on Local Authority Accounting in the United Kingdom.

## **NOTE 3 – PRIOR PERIOD ADJUSTMENTS**

There is no prior period adjustment applicable to the 2024/25 accounts.

## **NOTE 4 – ACCOUNTING STANDARDS THAT HAVE BEEN ISSUED BUT HAVE NOT YET BEEN ADOPTED**

The CIPFA Code of Practice on Local Authority Accounting in the United Kingdom requires the expected impact of any accounting standards that have been issued but not yet adopted to be disclosed. This applies to the following new or amended standards within the 2025/26 Code:

- IAS 21 The Effects of Changes in Foreign Exchange Rate (Lack of Exchangeability) issued in August 2023. The amendments to IAS 21 clarify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking, as well as require the disclosure of information that enables users of financial statements to understand the impact of a currency not being exchangeable.
- IFRS 17 Insurance Contracts issued in May 2017. IFRS 17 replaces IFRS 4 and sets out principles for recognition, measurement, presentation and disclosure of insurance contracts.
- The changes to the measurement of non-investment assets within the 2025/26 Code include adaptations and interpretations of IAS 16 Property, Plant and Equipment and IAS 38 Intangible Assets. These include setting out three revaluation processes for operational property, plant and equipment, requiring indexation for tangible non investment assets and a requirement to value intangible assets using the historical cost approach. These have the same effect as requiring a change in accounting policy due to an amendment to standards, which would normally be disclosed under IAS 8. However, the adaptations also include a relief from the requirements of IAS 8 following a change in accounting policy.

The Code requires implementation from 1 April 2025 and therefore there is no impact on the 2024/25 Statement of Accounts. It is not anticipated that the other items above will have a significant impact on the information provided in the 2025/26 financial statements.

## **NOTE 5 – CRITICAL JUDGEMENTS IN APPLYING ACCOUNTING POLICIES**

In applying the accounting policies set out in Note 1, the Council has had to make judgements, estimates and assumptions relating to complex transactions, those involving uncertainty about future events and also the carrying amounts of assets and liabilities that are not readily apparent from other sources.

The judgements, estimates and associated assumptions applied are based on current proper practices, historical experience, and other factors that include historical and current assumptions and projections, and actual future projections, professional assessments, current trends, and local factors that are considered to be relevant.

In recent years there has been some uncertainty about future levels of funding from Welsh Government relating to revenue and capital grants. This issue forms an important part of the Council's continually revised financial strategy, and where all known and forecasted factors are given due consideration. Continued economic uncertainty remains and although inflation and interest rates have reduced, whilst the impact of Covid remains in some areas of the Council. However, the Council has determined that this uncertainty is not sufficient to provide an indication that the assets of the Council might be impaired as a result of a need to close facilities and significantly reduce levels of service provision.

All available and related information is sourced and applied in assessing and determining the position, which is particularly critical when considering such matters as the revaluation, depreciation and impairment of assets, actuarial valuation of Pension Fund assets and commitments, earmarked reserves, provisions and contingent liability. However, because these issues cannot be determined with certainty, actual results may subsequently differ from those estimates. The estimates and underlying assumptions are continually reviewed.

## NOTE 6 – ASSUMPTIONS MADE ABOUT FUTURE AND OTHER MAJOR SOURCES OF ESTIMATION UNCERTAINTY

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because certain balances cannot be determined with certainty, actual results could be different from the assumptions and estimates.

The following items in the Council's Balance Sheet at 31 March 2025 may be considered to be a significant risk (in terms of certainty in estimation of value), with the possibility of material adjustment in the forthcoming financial year:

Item	Uncertainties	Effect if actual results differ from assumptions
Property, Plant and Equipment	Assets are depreciated over their useful life in accordance with standard accounting and associated practices. The current economic climate brings with it uncertainties for councils in their ability to sustain the necessary spending on repair and maintenance. This obviously would have implications on asset life. Land and buildings are revalued at least every five years, and since 2015/16 a rolling programme of revaluation has been introduced. Judgements often need to be reached as part of the revaluation and impairment assessment process. This brings with it uncertainties, and assumptions have to be made and responded to accordingly.	Any difference between the depreciation applied and actual deterioration to assets will be naturally reflected in future spending patterns. Where necessary, any resultant long-term implications will be incorporated into our financial strategy. Information relating to Property, Plant and Equipment is included in Note 15.
Provisions	There are provisions included within these accounts, the basis of which have been individually assessed from the latest information available, as detailed in Note 22, and include provisions for Waste Sites. The accuracy of the provisions cannot be confirmed until such matters are concluded.	If the provisions are inadequate, the additional costs will be funded from revenue or reserves.
Pension Liability	Estimating the net liability to pay pensions depends on a number of complex judgments relating to the discount rate used, the rate at which wages are expected to increase, changes in retirement ages, mortality rates and expected returns on Pension Fund assets. A firm of consulting actuaries are involved in giving expert advice to the Council about the assumptions to be used.  Brexit and Covid had negative effects on the UK economy and pension asset values, and inflation and interest rates have now reduced and the market seems to be improving and stabilizing. However, a pandemic or other global crisis could have a detrimental effect on asset returns, as well as an increase in interest rates to curb the rise of inflation.	The effects on the net pension liability of changes in individual assumptions are set out in Notes 37 and 38.
Impairment Loss Allowance	There is a level of doubtful debt impairment built into the accounts that is based on a specific policy. A specific impairment level policy in respect of doubtful debts is contained within the accounts. The impairment level is reviewed regularly in order to respond to any changes in the economic climate and necessary action taken as appropriate within the accounts to respond accordingly. At 31 March 2025, the Council had a net debtors balance of £123m (Note 18a), and this balance is net of the doubtful debts impairment of £9m.	If the impairment loss allowance is inadequate, the additional funding will come from revenue or reserves.

## NOTE 7 – MATERIAL ITEMS OF INCOME AND EXPENSE

Related items include:

- (£1m) on pensions, being the annual remeasurement of the net pension defined benefit liability relating to pensions, in line with Gwynedd Pension Fund's Actuary's assessment (Note 23.5).
- Following a revaluation of part of the Council's land and buildings portfolio (which is now carried out on a rolling programme basis), the net surplus arising from the fixed asset revaluation to the Revaluation Reserve is £40m (Note 23.1) and the revaluation and impairment cost to the Services is £4m (Note 15).
- The Council like all other public bodies continue to face significant funding challenges, specifically uncertainty about the level of Revenue Support Grant to be received by the Government. There is no certainty of any increase in the grant in the medium term.
- As a result of Central Government schemes including the Levelling Up Funds, significant grants have been received during 2024/25, which has contributed to the significant increase in revenue expenditure funded from capital under statute, which is £41m (Note 34), whilst the associated grant income to fund such expenditure is (£38m) (within Note 32).
- The depreciation value of the Council's assets is £21m (Note 15).

## NOTE 8 – NOTE TO THE EXPENDITURE AND FUNDING ANALYSIS

<u>2024/25</u>	<u>ADJUSTMENTS BETWEEN FUNDING AND ACCOUNTING BASIS</u>				
	Adjustments for Capital Purposes (i)	Net change for the Pensions Adjustments (ii)	Other Differences (iii)	Total Statutory Adjustments	Other (Non-statutory) Adjustments (iv)
Adjustments from General Fund to arrive at the Comprehensive Income and Expenditure Statement amounts	£'000	£'000	£'000	£'000	£'000

\* This includes adjustments relating to the North and Mid Wales Trunk Road Agency.

### (i) Adjustments for Capital Purposes

- For **Services**, this column adds in depreciation, impairment and revaluation gains and losses.
- **Other Operating Expenditure** – adjusts for capital disposals with a transfer of income on disposal of assets and the amounts written off for those assets.
- **Financing and Investment Income and Expenditure** – the statutory charges for capital financing, i.e. revenue provision for the financing of capital investment and other revenue contributions are deducted from other income and expenditure as these are not chargeable under generally accepted accounting practices.
- **Taxation and Non-specific Grant Income** – capital grants are adjusted for income not chargeable under generally accepted accounting practices. Revenue grants are adjusted from those receivable in the year to those receivable without conditions or for which conditions were satisfied throughout the year. The Taxation and Non-specific Grant Income line is credited with capital grants receivable in the year without conditions or for which conditions were satisfied in the year.

## NOTE 8 – NOTE TO THE EXPENDITURE AND FUNDING ANALYSIS (continued)

### (ii) Net Change for the Pensions Adjustments

Net change for the removal of pension contributions and the addition of IAS 19 *Employee Benefits* for pension-related expenditure and income:

- For **Services**, this represents the removal of the employer pension contributions made by the Council as allowed by statute and the replacement with current service costs and past service costs.
- For **Financing and Investment Income and Expenditure**, the net interest on the defined benefit liability is charged to the Comprehensive Income and Expenditure Statement.

### (iii) Other Differences

Other differences between amounts debited/credited to the Comprehensive Income and Expenditure Statement and amounts payable/receivable to be recognised under statute:

- For **Services**, this represents an adjustment for accumulated absences earned but not taken during the year.
- For **Financing and Investment Income and Expenditure**, the other differences column recognises adjustments to the General Fund for the timing differences for premiums and discounts.

### (iv) Other (Non-statutory) Adjustments

- **Services** - the impairment loss allowance on Trade Debtors is deducted and transferred to financing and investment income and expenditure.
- **Financing and Investment Income and Expenditure** – adjusted to include the transfer of the impairment loss allowance on Trade Debtors from services.

## NOTE 9 – ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure.

2024/25	Usable Reserves			
	General Fund Balance	Capital Receipts Reserve	Capital Grants Unapplied	Movement in Unusable Reserves
	£'000	£'000	£'000	£'000
<b>ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS</b>				
<b>Adjustments to the Revenue Resources</b>				
<i>Amounts by which income and expenditure included in the Comprehensive Income and Expenditure Statement are different from revenue for the year calculated in accordance with statutory requirements</i>				
Pensions costs (transferred to (or from) the Pensions Reserve)	3,106	0	0	(3,106)
Financial instruments (transferred to the Financial Instruments Adjustments Account)	51	0	0	(51)
Holiday pay (transferred to (or from) the Accumulated Absences Reserve)	(2,571)	0	0	2,571
Reversal of entries included in the Surplus or Deficit on the Provision of Services in relation to capital expenditure (these items are charged to the Capital Adjustment Account)	1,475	0	0	(1,475)
<b>Total Adjustments to Revenue Resources</b>	<b>2,061</b>	<b>0</b>	<b>0</b>	<b>(2,061)</b>
<b>Adjustments between Revenue and Capital Resources</b>				
Transfer of cash sale proceeds credited as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	(138)	(329)	0	467
Revenue provision for the financing of supported capital investment	3,456	0	0	(3,456)
Revenue provision for the financing of unsupported capital investment	2,235	0	0	(2,235)
Capital expenditure financed from revenue balances (transfer to the Capital Adjustment Account)	11,480	0	0	(11,480)
<b>Total Adjustments between Revenue and Capital Resources</b>	<b>17,033</b>	<b>(329)</b>	<b>0</b>	<b>(16,704)</b>
<b>Adjustments to Capital Resources</b>				
Use of the Capital Receipts Reserve to finance capital expenditure	0	43	0	(43)
Application of capital grants to finance capital expenditure	0	0	(320)	320
Cash payments in relation to deferred capital receipts	0	0	0	0
<b>Total Adjustments to Capital Resources</b>	<b>0</b>	<b>43</b>	<b>(320)</b>	<b>277</b>
<b>TOTAL ADJUSTMENTS</b>	<b>19,094</b>	<b>(286)</b>	<b>(320)</b>	<b>(18,488)</b>

## NOTE 9 – ADJUSTMENTS BETWEEN ACCOUNTING BASIS AND FUNDING BASIS UNDER REGULATIONS (continued)

2023/24	Usable Reserves			
	General Fund Balance	Capital Receipts Reserve	Capital Grants Unapplied	Movement in Unusable Reserves
	£'000	£'000	£'000	£'000

## NOTE 10 – TRANSFERS TO/FROM EARMARKED RESERVES

### School Balances

This sum is represented by the element of balances released under the delegation of budgets directly to schools which remained unspent at the end of the financial year, and is a net decrease of £260k as compared to the balance on 31 March 2024:

2024/25	Balance	Transfers			Balance
	31 March 2024 £'000	between reserves £'000	in £'000	out £'000	31 March 2025 £'000
School Balances	8,542	0	1,219	(1,479)	8,282
<b>Total</b>	<b>8,542</b>	<b>0</b>	<b>1,219</b>	<b>(1,479)</b>	<b>8,282</b>

## NOTE 10 – TRANSFERS TO/FROM EARMARKED RESERVES (continued)

### Earmarked Reserves

The note below sets out the amounts set aside from the General Fund in earmarked reserves to provide financing for future expenditure plans, and the amounts posted back from earmarked reserves to meet General Fund expenditure in 2024/25, with a net increase of £9.0m since the position at 31 March 2024.

2024/25		Balance	Transfers			Balance
		31 March	between reserves	in	out	31 March
Note		2024				2025
		£'000	£'000	£'000	£'000	£'000
10.1	Renewals Reserves	5,675	0	3,574	(5,279)	3,970

Total		101,843	0	31,511	(22,553)	110,801

The earmarked reserves closing balance as at 31 March 2025 does not reflect the level of commitments against them. Details are given below of the Council's main specific reserves.

## **NOTE 10 – TRANSFERS TO/FROM EARMARKED RESERVES (continued)**

- 10.1 The Renewals Reserves are used by the various departments of the Council to replace vehicles and equipment.
- 10.2 School's Digital Strategy Renewal Reserve in order to finance the renewal of the school's IT equipment.
- 10.3 The Capital Reserves represents resources already committed to assist in financing the Council's Capital Programme and other requirements.
- 10.4 Cyngor Gwynedd does not insure all risks with external insurers but instead it has established an internal reserve to meet those uninsured risks. The balance on the Insurance Reserve also includes an element relating to the relevant insurance requirements of the former Gwynedd County Council (pre-1996) and which is administered by Cyngor Gwynedd.
- 10.5 The Services Fund represents the element of slippages and underspend that service departments have the right to carry forward for use in the subsequent financial year, other relevant specific budgets and one-off budgets that extend over more than one year.
- 10.6 Convergence Programme Fund – fund was created for additional capital or revenue costs which arise from the requirements to develop plans under the convergence programme.
- 10.7 Redundancy Costs to Realise Savings Reserve – provision for financing redundancy costs to realise budgetary savings.
- 10.8 Central Training – relates to the Council's staff training programme, including a contribution towards the cost of funding the Apprenticeship scheme and the 'Cynllun Yfory' Management Scheme.
- 10.9 Education Service Reserves – includes sums set aside to respond to related financial problems with 'Integration' requirements, changeable demands in 'Out of County – Special Educational Needs', 'Supporting Schools' and the 'Schools Loans Scheme'.
- 10.10 The Economy and Community Reserves include a number of balances relating to schemes operating on a partnership basis mainly, where the scheme balances must be accounted for separately.
- 10.11 The Highways, Engineering and Gwynedd Consultancy Reserves include sums set aside to protect situations of uneven income and expenditure of certain areas of work.
- 10.12 Environment Reserves – include a number of balances relating to Transport, schemes operating mainly on a partnership basis, and where the scheme balances must be accounted for separately, together with specific requirements relating to the Unitary Development Plan, and amounts for uneven expenditure situation.
- 10.13 Housing and Property Reserves – includes amounts set aside to protect against possible situations of uneven expenditure together with various other reserves for the Council's housing and property needs.
- 10.14 Care Reserves – includes amounts set aside to protect against possible situations of uneven expenditure due to contract requirements.
- 10.15 Business Transformation Fund – to aid the business transformation process, realise savings and assist the Council to achieve "Ffordd Gwynedd" aims and objectives.
- 10.16 Invest to Save Fund – Carbon Reduction Plan – partly funding the Carbon Reduction Plan programme of works to reduce carbon emissions whilst generating monetary revenue savings for the Council.
- 10.17 Transformation / Council Plan – for the Council's priorities and to transform internal procedures to be more effective and efficient, and to invest in various schemes to realise permanent financial savings.

## **NOTE 10 – TRANSFERS TO/FROM EARMARKED RESERVES (continued)**

- 10.18 Committed Revenue Grants Fund – includes revenue grants received and committed for future use.
- 10.19 Housing Water and Sewerage Services Fund – amounts reserved for requirements relating to sewerage procedures, water piping and sewage treatment work on old council housing estates, which were not adopted by Welsh Water.
- 10.20 Housing Environmental Warranty – reserved for possible implications as a result of giving environmental warranties to Adra (Tai) Cyfyngedig, in connection with specific and special circumstances that relate to environmental plans on the land of former council housing estates.
- 10.21 Information Technology Reserve – for responding to the demands in the information technology area, including a renewals fund and to respond to uneven patterns of expenditure.
- 10.22 Supporting the Financial Strategy Reserve – a fund established to assist and support the Council’s financial strategy.
- 10.23 Partnering Arrangements – includes amounts allocated in relation to various requirements of partnerships and joint working.
- 10.24 North Wales Economic Ambition Board – for the requirements and commitments of the economic promotion plan relevant to the North Wales Economic Ambition Board (Cyngor Gwynedd’s share only).
- 10.25 Council Tax Premium Reserve – provision from the Council Tax Premium for achieving the Council’s priorities which includes the Housing Strategy.
- 10.26 Digital Strategy Fund – Provision to ensure that the Council’s digital needs enable departments to provide an effective and efficient service to the residents of Gwynedd.
- 10.27 Fund for interest received on the United Kingdom Shared Prosperity Scheme money held in Cyngor Gwynedd’s bank account on behalf of the North region.
- 10.28 Various Other Reserves – includes amounts set aside to meet a variety of other commitments.

## NOTE 11 – OTHER OPERATING EXPENDITURE

2023/24		2024/25
£'000		£'000
	<b>Precepts</b>	
18,714	North Wales Police & Crime Commissioner	19,619
2,895	Community Councils	3,116
21,609		22,735
	<b>Levies</b>	
7,914	North Wales Fire Authority	8,295
1,059	Eryri National Park Authority	1,059
122	Local Drainage Boards	125
126	North Wales Corporate Joint Committee	121
9,221		9,600
4	(Gains)/losses on the disposal and de-recognition of non-current assets	(173)
<b>30,834</b>	<b>Total</b>	<b>32,162</b>

## NOTE 12 – FINANCING AND INVESTMENT INCOME AND EXPENDITURE

2023/24		2024/25
£'000		£'000
5,528	Interest payable and similar charges	5,554
(231)	Net interest on the net pension defined benefit liability (asset)	754
(3,831)	Interest receivable and similar income	(2,872)
246	Adjustments to provisions	(58)
(12)	Adjustments to the fair value of financial instruments	(1)
<b>1,700</b>	<b>Total</b>	<b>3,377</b>

\* 2023/24 figures have been re-categorised to ensure comparison with 2024/25.

## NOTE 13 – TAXATION AND NON-SPECIFIC GRANT INCOME

2023/24	Note	2024/25
£'000		£'000
(112,148)	Council Tax Income	(127,339)
(39,172)	Non-Domestic Rates	(43,364)
(188,864)	Non-ring-fenced Government Grants	(189,952)
(20,629)	Capital Grants and Contributions	(29,178)
<b>(360,813)</b>	<b>Total</b>	<b>(389,833)</b>

## NOTE 13a - COUNCIL TAX

The Council determines its expenditure requirement for the year and converts it to a Band D Council Tax by dividing this sum by a calculation of the number of properties in each Council Tax band converted into the equivalent number of properties in Band D (The Council Tax Base). The North Wales Police and Crime Commissioner's requirement is then added to this amount to establish the County's Council Tax.

The Council Tax Base for 2024/25 was calculated as follows:

<b>CALCULATION OF THE COUNCIL TAX BASE FOR 2024/25</b>			
<b>Valuation Bands</b>	<b>Number of Properties following discounts and premiums</b>	<b>Statutory Multiplier</b>	<b>Equivalent Band D properties</b>
A*	7	5/9	4.03
A	8,105	6/9	5,403.46
B	14,193	7/9	11,039.04
C	11,806	8/9	10,494.32
D	10,534	1	10,534.15
E	8,244	11/9	10,076.12
F	4,227	13/9	6,105.67
G	1,394	15/9	2,323.34
H	255	18/9	509.50
I	80	21/9	185.50
<b>Total</b>			<b>56,675.13</b>
<b>Council Tax base after allowing for losses on collection</b>			<b>56,109.27</b>

An analysis of the net income accruing to the Council is given below:

<b>2023/24</b>		<b>2024/25</b>
<b>£'000</b>		<b>£'000</b>
(112,870)	Council Tax raised	(128,161)
722	Less Increase in the impairment allowance for non-collection	822
<b>(112,148)</b>		<b>(127,339)</b>

## NOTE 13b - NATIONAL NON-DOMESTIC RATES

National Non-Domestic Rates ("Business Rates") are managed by the Government but local authorities are responsible for their collection and for paying them to a central pool run by the Welsh Government. They subsequently allocate amounts from the pool to local authorities, on a population basis.

The Government sets the National Non-Domestic rate for the year (56.2p in 2024/25) which is then multiplied by the rateable value of the property. Subject to the effects of transitional arrangements and some other reductions, this is the amount payable by the ratepayer.

At the end of the 2024/25 financial year there were 9,020 properties on the local valuation list in Gwynedd, representing a rateable value of £115,003,696.

An analysis of the net income accruing to the Council from National Non-Domestic Rates is as follows:

<b>2023/24</b>		<b>2024/25</b>
<b>£'000</b>		<b>£'000</b>
(38,662)	National Non-domestic Rate raised	(45,165)
482	Cost of Collection allowance	480
441	Provision for Bad Debts	472
28	Interest	87
37,711	Sum paid to the National Pool	44,126
0		0
(39,172)	Receipts from the National Pool	(43,364)
<b>(39,172)</b>	<b>Net Income from Non-Domestic Rates</b>	<b>(43,364)</b>

## NOTE 14 – BUILDING CONTROL INCOME AND EXPENDITURE ACCOUNT

This account shows the expenditure and income which relate to the building regulations checking and supervision function, including consideration of any enforcement action but not the service of notices under the provisions of the Building Act 1984.

The account is expected to break-even over a three-year rolling period, and this requirement is reviewed annually. There was a loss in 2024/25, therefore an accumulated loss over a period of three years is reported.

<b>2024/25</b>	<b>£'000</b>
Total charges income received (excluding VAT)	(383)
Total charges expenditure incurred	431
(Surplus)/Deficit for 2024/25	48
(Surplus)/Deficit for 2023/24	36
(Surplus)/Deficit for 2022/23	135
<b>(Surplus)/Deficit for the last three years</b>	<b>219</b>

## NOTE 15 – PROPERTY, PLANT AND EQUIPMENT (continued)

The Council's operational Land and Buildings were revalued by the Council's Estates Manager (M.R.I.C.S) in accordance with the policies noted in section 1.17 of Note 1 of the Accounting Policies and non-operational assets (Surplus) in accordance with 1.15. Note that the Council has established a rolling programme for revaluing different categories of these assets annually.

Refer to note 1.17 also for the basis of depreciation on various categories of assets.

Following the adoption of IFRS16, leases have been reclassified as Right of Use Assets unless exempt and are included as part of the Property, Plant and Equipment total. The asset is depreciated straight line over the shorter period of remaining lease term and useful life of the underlying asset as at the date of adoption (see Note 1.14).

11 schools under church governance are used by the Education Department, with 9 of the buildings not included in the table above because they are not owned by the Council. The Council is responsible for their repair and maintenance, but the amounts are not significant. Ysgol Cae Top, Bangor and Ysgol Pont y Gof, Botwnnog are currently regarded as Council-owned assets in the accounts as the properties' titles (deeds) have not been formally transferred to the Church. The intention is to hold discussions with the Church in Wales to realise this and as a result the treatment of the assets in the accounts may change in the future.

The sources of finance for the assets acquired during the year are shown with the information on capital expenditure in the narrative report.

### Infrastructure

In accordance with the Temporary Relief offered by the Update to the Code on infrastructure assets this note does not include disclosure of gross cost and accumulated depreciation for infrastructure assets because historical reporting practices and resultant information deficits mean that this would not faithfully represent the asset position to the users of the financial statements.

The Council has chosen not to disclose this information as the previously reported practices and resultant information deficits mean that gross cost and accumulated depreciation are not measured accurately and would not provide the basis for the users of the financial statements to take economic or other decisions relating to infrastructure assets.

Infrastructure assets are shown on the Balance Sheet at depreciated historical cost. Additions were made in year and in accordance with the Local Authorities (Capital Finance and Accounting)(Wales)(Amendment) Regulations 2022 the value of any replaced component of infrastructure assets has been treated as nil thus the value of the derecognition is nil.

	2023/24	2024/25
	£'000	£'000
<b>Net Book Value at 1 April</b>	<b>176,746</b>	<b>180,963</b>

## NOTE 15 – PROPERTY, PLANT AND EQUIPMENT (continued)

### Capital Commitments

Significant commitments (over £200k) under capital contracts at 31 March 2025 were as follows:

	<b>Sum</b>	<b>Payments to date</b>	<b>Balance</b>
	<b>£'000</b>	<b>£'000</b>	<b>£'000</b>
Barmouth Viaduct Gardens	3,222	515	2,707
Ysgol Our Lady's, Bangor	7,248	1,248	6,000
Ysgol Bontnewydd	601	220	381
Old Library site at Llanberis, Capel Coch Road	884	175	709
Bangor Crematorium	1,198	228	970
Development at Coed Mawr Bangor	2,819	50	2,769
NatWest Bank Site, Caernarfon	331	110	221
Flood Alleviation, Cadnant River	491	203	288
Mona Building, Caernarfon	258	36	222
Ysgol Hiracl	484	86	398
Ysgol Uwchradd Tywyn	853	23	830

## NOTE 16 – INVESTMENT PROPERTIES

The following items of income and expense have been accounted for in the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement:

	<b>2023/24</b>	<b>2024/25</b>
	<b>£'000</b>	<b>£'000</b>
Rental income from investment property	7	7
Net gain/(loss)	<b>7</b>	<b>7</b>

There are no restrictions on the Council's ability to realise the value inherent in its investment property or on the Council's right to the remittance of income and the proceeds of disposal. The Council has no contractual obligations to purchase, construct or develop investment property nor for its repair, maintenance or enhancement.

The following table summarises the movement in the fair value of investment properties over the year:

	<b>2023/24</b>	<b>2024/25</b>
	<b>£'000</b>	<b>£'000</b>
<b>Balance 1 April</b>	<b>165</b>	<b>165</b>
Disposals	0	0
Net gains/(losses) from fair value adjustments	0	0
<u>Transfers:</u>		
(to)/from Property, Plant and Equipment	0	0
<b>Balance 31 March</b>	<b>165</b>	<b>165</b>

## **NOTE 17a – FINANCIAL INSTRUMENTS**

### **(i) Financial Instruments - Classifications**

A financial instrument is a contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Non-exchange transactions, such as those relating to taxes and government grants, do not give rise to financial instruments.

#### **Financial Liabilities**

A financial liability is an obligation to transfer economic benefits controlled by the Council and can be represented by a contractual obligation to deliver cash or financial assets or an obligation to exchange financial assets and liabilities with another entity that is potentially unfavourable to the Council.

The Council's financial liabilities held during the year are measured at amortised cost and comprised:

- long-term loans from the Public Works Loan Board and commercial lenders
- Service Concession Arrangements (Private Finance Initiative (PFI)) contracts detailed in Note 41
- overdraft with Barclays Bank plc
- lease payables detailed in Note 35
- trade payables for goods and services received

#### **Financial Assets**

A financial asset is a right to future economic benefits controlled by the Council that is represented by cash, equity instruments or a contractual right to receive cash or another financial asset or a right to exchange financial assets and liabilities with another entity that is favourable to the Council. The financial assets held by the Council during the year are accounted for under the following three classifications:

Amortised cost (where cash flows are solely payments of principal and interest and the Council's business model is to collect those cash flows) comprising:

- cash
- bank and deposit accounts
- fixed term deposits with UK Government, banks and building societies
- loans to other local authorities
- loans to small companies
- trade receivables for goods and services delivered

Fair value through other comprehensive income (where cash flows are solely payments of principal and interest and the Council's business model is to both collect those cash flows and sell the instrument; and equity investments that the Council has elected into this category) comprising:

- pooled bond, equity and property funds held as strategic investments

Fair value through profit and loss (all other financial assets) comprising:

- money market funds

Financial assets held at amortised cost are shown net of a loss allowance reflecting the statistical likelihood that the borrower or debtor will be unable to meet their contractual commitments to the Council.

## NOTE 17a – FINANCIAL INSTRUMENTS (continued)

### (ii) Financial Instruments - Balances

The financial liabilities disclosed in the Balance Sheet are analysed across the following categories:

Financial Liabilities	Long-Term		Short-Term	
	31 March	31 March	31 March	31 March
	2024	2025	2024	2025
	£'000	£'000	£'000	£'000
<i>Loans at amortised cost:</i>				
Principal sum borrowed	94,006	90,138	5,589	4,018
Accrued interest	0	0	444	423
<b>Total Borrowing</b>	<b>94,006</b>	<b>90,138</b>	<b>6,033</b>	<b>4,441</b>
<i>Loans at amortised cost:</i>				
Bank overdraft	0	0	8,591	23,994
<b>Total Cash Overdrawn</b>	<b>0</b>	<b>0</b>	<b>8,591</b>	<b>23,994</b>
<i>Liabilities at amortised cost:</i>				
Leases	793	4,655	0	0
<b>Total Other Long-Term Liabilities</b>	<b>793</b>	<b>4,655</b>	<b>0</b>	<b>0</b>
<i>Liabilities at amortised cost:</i>				
Trade payables	0	0	48,118	62,059
Leases	0	0	204	837
<b>Included in Creditors *</b>	<b>0</b>	<b>0</b>	<b>48,322</b>	<b>62,896</b>
<b>Total Financial Liabilities</b>	<b>94,799</b>	<b>94,793</b>	<b>62,946</b>	<b>91,331</b>

\* The creditors lines on the Balance Sheet include £126,799,000 (2023/24: £129,344,000) creditors (Note 21) that do not meet the definition of a financial liability.

## NOTE 17a – FINANCIAL INSTRUMENTS (continued)

The financial assets disclosed in the Balance Sheet are analysed across the following categories:

Financial Assets	Long-Term		Short-Term	
	31 March	31 March	31 March	31 March
	2024	2025	2024	2025
	£'000	£'000	£'000	£'000
<i>At amortised cost:</i>				
Principal	17	17	85,000	74,955
Accrued interest	0	0	984	57
Loss allowance	0	0	(2)	(1)
<i>At fair value through other comprehensive income:</i>				
Equity investments elected FVOCI	0	0	11,586	11,862
<b>Total Investments</b>	<b>17</b>	<b>17</b>	<b>97,568</b>	<b>86,873</b>
<i>At amortised cost:</i>				
Principal	0	0	921	1,007
Accrued interest	0	0	18	15
Loss allowance	0	0	0	0
<i>At fair value through profit and loss:</i>				
Fair value	0	0	43,000	65,000
<b>Total Cash and Cash Equivalents</b>	<b>0</b>	<b>0</b>	<b>43,939</b>	<b>66,022</b>
<i>At amortised cost:</i>				
Trade receivables	5,930	6,861	21,531	28,527
<b>Included in Debtors *</b>	<b>5,930</b>	<b>6,861</b>	<b>21,531</b>	<b>28,527</b>
<b>Total Financial Assets</b>	<b>5,947</b>	<b>6,878</b>	<b>163,038</b>	<b>181,422</b>

\* The debtors lines on the Balance Sheet include £87,953,000 (2023/24: £99,670,000) debtors (Note 18) that do not meet the definition of a financial asset.

### Material Soft Loans

Local Authorities are allowed to make loans for policy reasons rather than as financial instruments and these loans may be interest-free or at rates below prevailing market rates. Where loans are advanced at below market rates, they are classed as “Soft Loans”.

The fair values of such a soft loan are less than the amount of the cash lent. The fair value of a loan at nil interest rate or below the prevailing market rate is estimated as the present value of all future cash receipts discounted using the prevailing market rate of interest for a similar instrument. The sum by which the amount lent exceeds the fair value of the loan is charged to the Income and Expenditure Statement. The 2024/25 Code of Practice sets out specific accounting and disclosure requirements for soft loans. During 2024/25 Cyngor Gwynedd identified the following “soft loans”:

- Deferred Payments on charges due from people under care (amount outstanding at 31.03.25 £3,387,152, 31.03.24 £3,134,453)
- Car and Bike Loans to employees (amount outstanding at 31.03.25 £1,369,926, 31.03.24 £992,361)

## NOTE 17a – FINANCIAL INSTRUMENTS (continued)

### Equity instruments elected to fair value through other comprehensive income

The Council has elected to account for the following investments in equity instruments at fair value through other comprehensive income because they are long-term strategic holdings and changes in their fair value are not considered to be part of the Council's annual financial performances.

	Fair Value		Dividends	
	31 March	31 March	2023/24	2024/25
	2024	2025	2023/24	2024/25
	£'000	£'000	£'000	£'000
CCLA LAMIT Property Fund	4,157	4,237	215	215
Ninety One Diversified Income Fund	1,114	1,111	52	56
Schroder Income Maximiser Fund	3,144	3,360	195	233
Aegon Diversified Monthly Income Fund	1,161	1,152	78	64
Payden Absolute Return Bond Fund	2,010	2,002	68	121
<b>TOTAL</b>	<b>11,586</b>	<b>11,862</b>	<b>608</b>	<b>689</b>

### Offsetting Financial Assets and Liabilities

Financial assets and liabilities are set off against each other where the Council has a legally enforceable right to set off and it intends to settle on a net basis, or to realise the assets and settle the liabilities simultaneously. The table below shows those instruments that have been offset on the Balance Sheet. The Council had no other financial assets or liabilities subject to an enforceable master netting arrangement or similar agreement.

	31 March 2024			31 March 2025		
	Gross assets (liabilities)	(Liabilities) assets set off	Net position on Balance Sheet	Gross assets (liabilities)	(Liabilities) assets set off	Net position on Balance Sheet
	£'000	£'000	£'000	£'000	£'000	£'000
Bank accounts in credit	55,542	(55,542)	0	36,469	(36,469)	0
<b>Total Financial Assets</b>	<b>55,542</b>	<b>(55,542)</b>	<b>0</b>	<b>36,469</b>	<b>(36,469)</b>	<b>0</b>
Bank overdraft	(64,133)	55,542	(8,591)	(60,463)	36,469	(23,994)
<b>Total Financial Liabilities</b>	<b>(64,133)</b>	<b>55,542</b>	<b>(8,591)</b>	<b>(60,463)</b>	<b>36,469</b>	<b>(23,994)</b>

## NOTE 17a – FINANCIAL INSTRUMENTS (continued)

### (iii) Financial Instruments - Gains and Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement in relation to financial instruments consist of the following:

	Financial Liabilities		Financial Assets		2024/25	2023/24
	Amortised Cost	Amortised Cost	Elected to Fair Value through OCI	Fair Value through Profit & Loss	Total	Total
	£'000	£'000	£'000	£'000	£'000	£'000
Interest expense	5,554	0	0	0	5,554	5,528
<b>Interest payable and similar charges</b>	<b>5,554</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>5,554</b>	<b>5,528</b>
Interest income	0	(1,543)	0	0	(1,543)	(2,210)
Dividend income	0	0	(689)	(640)	(1,329)	(1,621)
<b>Interest and investment income</b>	<b>0</b>	<b>(1,543)</b>	<b>(689)</b>	<b>(640)</b>	<b>(2,872)</b>	<b>(3,831)</b>
Loss allowance	0	(59)	0	0	(59)	234
<b>Adjustments to provisions and the fair value of financial instruments</b>	<b>0</b>	<b>(59)</b>	<b>0</b>	<b>0</b>	<b>(59)</b>	<b>234</b>
<b>Net impact on surplus/deficit on provision of services</b>	<b>5,554</b>	<b>(1,602)</b>	<b>(689)</b>	<b>(640)</b>	<b>2,623</b>	<b>1,931</b>
Gains on revaluation	0	0	(296)	0	(296)	(105)
Losses on revaluation	0	0	20	0	20	174
<b>Impact on other comprehensive income</b>	<b>0</b>	<b>0</b>	<b>(276)</b>	<b>0</b>	<b>(276)</b>	<b>69</b>
<b>Net (gain)/loss for the year</b>	<b>5,554</b>	<b>(1,602)</b>	<b>(965)</b>	<b>(640)</b>	<b>2,347</b>	<b>2,000</b>

## **NOTE 17a – FINANCIAL INSTRUMENTS (continued)**

### **(iv) Financial Instruments - Fair Values**

The fair value of a financial instrument is the price that would be received when selling an asset, or the price that would be paid when transferring a liability, to another market participant in an arm's-length transaction. Where liabilities are held as an asset by another party, such as the council's borrowing, the fair value is estimated from the holder's perspective.

Financial instruments, except those classified at amortised cost, are carried in the Balance Sheet at fair value. For most assets, including shares in money market funds and other pooled funds, the fair value is taken from the market price.

Financial instruments classified at amortised cost are carried in the Balance Sheet at amortised cost. Their fair values have been estimated by calculating the net present value of the remaining contractual cash flows at 31 March 2025, using the following methods and assumptions:

- Loans borrowed by the Council have been valued by discounting the contractual cash flows over the whole life of the instrument at the appropriate market rate for local authority loans.
- The fair values of other long-term loans and investments have been discounted at the market rates for similar instruments with similar remaining terms to maturity on 31 March.
- The fair values of financial guarantees have been estimated based on the likelihood of the guarantees being called and the likely payments to be made.
- No early repayment or impairment is recognised for any financial instrument.
- The fair value of short-term instruments, including trade payables and receivables, is assumed to approximate to the carrying amount given the low interest rate environment.

Fair values are shown in the table below, split by their level in the fair value hierarchy:

- Level 1 – fair value is only derived from quoted prices in active markets for identical assets or liabilities, e.g. bond prices
- Level 2 – fair value is calculated from inputs other than quoted prices that are observable for the asset or liability, e.g. interest rates or yields for similar instruments
- Level 3 – fair value is determined using unobservable inputs, e.g. non-market data such as cash flow forecasts or estimated creditworthiness

## NOTE 17a – FINANCIAL INSTRUMENTS (continued)

	Fair Value Level	Balance Sheet 31 March 2024 £'000	Fair Value 31 March 2024 £'000	Balance Sheet 31 March 2025 £'000	Fair Value 31 March 2025 £'000
<i>Financial liabilities held at amortised cost:</i>					
Loans from PWLB	2	(82,449)	(91,256)	(77,126)	(79,168)
Other loans	2	(17,590)	(16,048)	(17,453)	(13,347)
<b>TOTAL</b>		<b>(100,039)</b>	<b>(108,342)</b>	<b>(94,579)</b>	<b>(92,515)</b>
Liabilities for which fair value is not disclosed *		(57,706)		(91,545)	
<b>TOTAL FINANCIAL LIABILITIES</b>		<b>(157,947)</b>		<b>(186,124)</b>	
<i>Recorded on Balance Sheet as:</i>					
Short-term creditors		(48,118)		(62,059)	
Short-term borrowing		(6,033)		(4,441)	
Short-term cash overdrawn		(8,591)		(23,994)	
Short-term leases		(204)		(837)	
Long-term borrowing		(94,006)		(90,138)	
Long-term leases		(793)		(4,655)	
<b>TOTAL FINANCIAL LIABILITIES</b>		<b>(157,745)</b>		<b>(186,124)</b>	

\* The fair value of short-term financial liabilities held at amortised cost, including trade payables, is assumed to approximate to the carrying amount. The fair value disclosures of leases are no longer required from 2024/25 due to IFRS16 and therefore the 2023/24 comparatives figures include leases.

The fair value of loans from PWLB is higher than its Balance Sheet carrying amount because the Council's portfolio of loans includes a number of loans where the interest rate payable is higher than the current rates available for similar loans as at the Balance Sheet date. The fair value of other loans is lower than its Balance Sheet carrying amount as the interest payable is lower than the current rates available for similar loans as at the Balance Sheet date.

## NOTE 17a – FINANCIAL INSTRUMENTS (continued)

	Fair Value Level	Balance Sheet 31 March 2024 £'000	Fair Value 31 March 2024 £'000	Balance Sheet 31 March 2025 £'000	Fair Value 31 March 2025 £'000
<i>Financial assets held at fair value:</i>					
Money market funds	1	43,000	43,000	65,000	65,000

Cash and cash equivalents		43,939		66,022	
<b>TOTAL FINANCIAL ASSETS</b>		<b>168,985</b>		<b>188,300</b>	

\* The fair value of short-term financial assets held at amortised cost, including trade receivables, is assumed to approximate to the carrying amount.

## **NOTE 17b – NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS**

The Council complies with CIPFA's Code of Practice on Treasury Management and Prudential Code for Capital Finance in Local Authorities, both revised in December 2021.

In line with the Treasury Management Code, the Council approves a Treasury Management Strategy before the commencement of each financial year. The Strategy sets out the parameters for the management of risks associated with Financial Instruments. The Council also produces Treasury Management Practices specifying the practical arrangements to be followed to manage these risks.

The Treasury Management Strategy includes an Annual Investment Strategy in compliance with the Welsh Government's Investment Guidance for local authorities. This Guidance emphasises that priority is to be given to security and liquidity, rather than yield. The Council's Treasury Strategy, together with its Treasury Management Practices, is based on seeking the highest rate of return consistent with the proper levels of security and liquidity.

The main risks covered are:

- *Credit Risk*: The possibility that one party to a financial instrument will fail to meet its contractual obligations, causing a loss to the Council.
- *Liquidity Risk*: The possibility that the Council might not have the cash available to make contracted payments on time.
- *Market Risk*: The possibility that an unplanned financial loss will materialise because of changes in market variables such as interest rates or equity prices.

### **Credit Risk: Investments**

The Council manages credit risk by ensuring that investments are only placed with organisations of high credit quality as set out in the Treasury Management Strategy. These include commercial entities with a minimum long-term credit rating of A-, the UK Government, and other local authorities without credit ratings upon which the Council has received independent investment advice. Recognising that credit ratings are imperfect predictors of default, the Council has regard to other measures including credit default swap and equity prices when selecting commercial organisations for investment.

During 2024/25 a limit of £5m of the total portfolio was placed on the amount that can be invested with a single counterparty (other than UK government). For local authorities, secured investments, money market funds, strategic pooled funds and real estate investment trusts, a limit of £10m per counterparty was applied. No more than £40m in total can be invested for a period longer than one year.

The Council does not hold collateral security against any investments.

## NOTE 17b – NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS (continued)

The table below summarises the credit risk exposures of the Council's investment portfolio by credit rating:

Credit Rating	Short-Term	
	31 March	31 March
	2024	2025
	£'000	£'000
AAA (Money Market Funds)	43,000	65,000
AA+	0	0
AA	0	0
AA-	0	0
A+	910	1,000
A	5,000	5,000
A-	0	0
UK Government	0	44,955
Local authorities	80,000	25,000
<b>Total (Principal)</b>	<b>128,910</b>	<b>140,955</b>
Pooled funds *	11,586	11,862
<b>Total Investments</b>	<b>140,496</b>	<b>152,817</b>

\* Credit risk is not applicable to shareholdings and pooled funds where the Council has no contractual right to receive any sum of money.

Loss allowances on treasury investments and cash and cash equivalents have been calculated by reference to historic default data published by credit rating agencies, multiplied by 52% (2023/24: 86%) to adjust for current and forecast economic conditions. A two-year delay in cash flows is assumed to arise in the event of default. Investments are determined to have suffered a significant increase in credit risk where they have been downgraded by three or more credit rating notches or equivalent since initial recognition, unless they retain an investment grade credit rating. They are determined to be credit-impaired when awarded a "D" credit rating or equivalent. At 31 March 2025, £1,231 (£2,008 at 31 March 2024) of loss allowances related to treasury investments.

In addition to treasury investments already made, the Council is exposed to the risk of loss on an undrawn housing association revolving credit facility of £5m (credit rating A-). At 31 March 2025, the loss allowance was £1,051 (£1,159 at 31 March 2024).

### Credit Risk: Trade Receivables

The age profile of the trade balance in our debtor system at 31 March can be analysed as follows:-

31 March		31 March
2024		2025
£'000		£'000
8,879	Less than a year	11,530
2,743	Over a year	2,559
<b>11,622</b>		<b>14,089</b>

Historical experience of default and current and forecast economic conditions are considered in calculating our impairment loss allowance.

## NOTE 17b – NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS (continued)

### Credit Risk: Loans, Financial Guarantees and Loan Commitments

The Council manages the credit risk inherent in its loans for service purposes, financial guarantees and loan commitments in line with its published Investment Strategy.

### Liquidity Risk

The Council has ready access to borrowing at favourable rates from the Public Works Loan Board and other local authorities, and at higher rates from banks and building societies. There is no perceived risk that the Council will be unable to raise finance to meet its commitments. It is, however, exposed to the risk that it will need to refinance a significant proportion of its borrowing at a time of unfavourable interest rates. This risk is managed by maintaining a spread of fixed rate loans and ensuring that no more than 25% of the Council's borrowing matures in any one financial year.

The Council holds £66.0m (2023/24: £43.9m) of liquid financial assets that can be withdrawn or sold at short notice if required to meet cash outflows on financial liabilities.

The maturity analysis of the financial liabilities is as follows, as shown both as discounted (principal plus accrued interest to date) and undiscounted (principal plus future interest payment figures):

	<b>Discounted (principal plus accrued interest)</b>	<b>Undiscounted (principal plus future interest)</b>	<b>Discounted (principal plus accrued interest)</b>	<b>Undiscounted (principal plus future interest)</b>
<b>Time to maturity (years)</b>	<b>31 March 2024</b>	<b>31 March 2024</b>	<b>31 March 2025</b>	<b>31 March 2025</b>
	<b>£'000</b>	<b>£'000</b>	<b>£'000</b>	<b>£'000</b>
Less than 1 year	6,048	10,877	4,456	8,995
Over 1 but not over 2	4,018	8,995	4,551	9,361
Over 2 but not over 5	5,836	19,728	2,858	16,407
Over 5 but not over 10	25,136	46,496	23,713	43,925
Over 10 but not over 20	15,464	45,002	15,464	44,294
Over 20 but not over 40	27,352	66,289	27,352	64,362
Over 40	16,200	26,113	16,200	25,429
<b>Total</b>	<b>100,054</b>	<b>223,500</b>	<b>94,594</b>	<b>212,773</b>

### Market Risk: Interest Rate Risk

The Council is exposed to risk in terms of its exposure to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Council. For instance, a rise in interest rates would have the following effects:

- Borrowings at variable rates – the interest expense will rise.
- Borrowings at fixed rates – the fair value of the liabilities borrowings will fall.
- Investments at variable rates – the interest income credited will rise.
- Investments at fixed rates – the fair value of the assets will fall.

Investments measured at amortised cost and loans borrowed are not carried at fair value, so changes in their fair value will have no impact on the Comprehensive Income and Expenditure Statement. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus or Deficit on the Provision of Services. Movements in the fair value of fixed rate investments measured at fair value will be reflected in Other Comprehensive Income or the Surplus or Deficit on the Provision of Services as appropriate.

## NOTE 17b – NATURE AND EXTENT OF RISKS ARISING FROM FINANCIAL INSTRUMENTS (continued)

The Treasury Management Strategy aims to mitigate these risks by setting an upper limit of the 12 month-revenue impact of a 1% fall and rise in interest rates.

If all interest rates had been 1% higher (with all other variables held constant) the financial effect would be:

	31 March 2024 £'000	31 March 2025 £'000
Increase in interest receivable on variable rate investments	(444)	(636)
Decrease in fair value of investments held at FVPL	57	83
<b>Impact on Surplus or Deficit on the Provision of Services</b>	<b>(387)</b>	<b>(553)</b>
Decrease in fair value of investments held at FVOCI	52	66
<b>Impact on Other Comprehensive Income and Expenditure</b>	<b>52</b>	<b>66</b>
Decrease in fair value of loans and investments at amortised cost *	123	35
Decrease in fair value of fixed rate borrowing *	(10,999)	(8,738)

\* No impact on the Surplus or Deficit on the Provision of Services, or Other Comprehensive Income and Expenditure.

### Market Risk: Price Risk

The market prices of the Council's units in pooled bond funds are governed by prevailing interest rates, and the price risk associated with these instruments is managed alongside interest rate risk as described above.

The Council's investment in a pooled property fund is subject to the risk of falling commercial property prices. This risk is limited by the Council's maximum exposure to pooled investments of £20m. A 5% fall in commercial property prices at 31 March 2025 would result in a £0.17m (£0.18m at 31 March 2024) charge to Other Comprehensive Income and Expenditure.

The Council's investment in pooled equity funds is subject to the risk of falling share prices. This risk is limited by the Council's maximum exposure to pooled investments of £20m. A 5% fall in share prices at 31 March 2025 would result in a £0.20m (£0.19m at 31 March 2024) charge to Other Comprehensive Income and Expenditure.

### Market Risk: Foreign Exchange Risk

The Council has no financial assets or liabilities denominated in a foreign currency. It therefore has no exposure to loss arising as a result of adverse movements in exchange rates.

## NOTE 18a – DEBTORS

31 March 2024		31 March 2025
£'000		£'000
19,667	Trade receivables	26,249
5,235	Prepayments	4,358
102,229	Other receivable amounts	92,734
<b>127,131</b>	<b>Total</b>	<b>123,341</b>

The 'Other receivable amounts' figures include long-term debtors of £6,861k (£5,930k in 2023/24). The above debtors' figures are net of impairment losses of £9,134k (£8,558k in 2023/24).

## NOTE 18b - COUNCIL TAX DEBTORS

The past due date amount for Council Tax can be analysed by age as follows:

31 March 2024		31 March 2025
£'000		£'000
4,826	Less than one year	7,212
3,809	More than one year	6,768
<b>8,635</b>	<b>Total</b>	<b>13,980</b>

The above Council Tax debtors' figures are net of impairment losses. (Total Council Tax debtors are included within the total of 'Other receivable amounts' in table 18a).

## NOTE 19 – CASH AND CASH EQUIVALENTS

	31 March 2024	31 March 2025
	£'000	£'000
Cash in Hand	7	7
Bank Current Accounts	4	0
Call Accounts	43,928	66,015
<b>Cash and Cash Equivalents</b>	<b>43,939</b>	<b>66,022</b>
Bank Overdraft	(8,591)	(23,994)
<b>Total</b>	<b>35,348</b>	<b>42,028</b>

In order to maximise the returns from short-term investments and cash deposits, the Council invests any surplus funds in its bank accounts along with any surplus funds from the North Wales Economic Ambition Board (NWEAB), GwE Joint Committee and the Gwynedd Pension Fund. As the short-term investments and cash deposits are made in the name of Cyngor Gwynedd, they are shown in full on the Balance Sheet with a corresponding creditor at 31 March 2025 of £53.7m to the NWEAB (£58.9m at 31 March 2024), £605k to the GwE Joint Committee (£2.1m at 31 March 2024) and £35.4m to the Gwynedd Pension Fund (£31.2m at 31 March 2024).

## NOTE 20 – ASSETS HELD FOR SALE

	2023/24	2024/25
	£'000	£'000
<b>Balance 1 April</b>	<b>47</b>	<b>0</b>
<u>Assets newly classified as held for sale:</u>		
Property, Plant and Equipment	0	217
Expenditure in year	0	0
Revaluation Losses	0	0
Impairment Losses	0	0
<u>Assets declassified as held for sale:</u>		
Property, Plant and Equipment	0	0
Assets sold	(47)	0
<b>Balance 31 March</b>	<b>0</b>	<b>217</b>

## NOTE 21 – CREDITORS

	31 March 2024	31 March 2025
	£'000	£'000
Trade payables	48,524	62,896
Other payables	129,344	126,799
<b>Total</b>	<b>177,868</b>	<b>189,695</b>

The 'Other payables' figures include long-term creditors of £4,060k (£3,876k in 2023/24).

## NOTE 22 – PROVISIONS

The Council sets aside provisions for specific obligations, the amount or timing of which cannot be determined accurately. It is not permitted, under accounting conventions, to make provisions for uneven patterns of expenditure. However, earmarked reserves may be established and these are disclosed in Note 10.

The details below are analysed into short-term provisions (within 12 months) and long-term provisions (over 12 months). However, the provision level on related items is reviewed periodically.

	Balance at 31 March 2024 £'000	(Addition) / Reduction / Transfer £'000	Used during the year £'000	Balance at 31 March 2025 £'000
<b><u>Short-term Provisions</u></b>				
Waste Sites Provision	(345)	(336)	340	(341)
Loan Commitments	(1)	0	0	(1)
	<b>(346)</b>	<b>(336)</b>	<b>340</b>	<b>(342)</b>
<b><u>Long-term Provisions</u></b>				
Waste Sites Provision	(7,635)	498	0	(7,137)
Insurance Claims Provision	(728)	(383)	0	(1,111)
Salary Provision	(340)	(19)	0	(359)
	<b>(8,703)</b>	<b>96</b>	<b>0</b>	<b>(8,607)</b>
<b>Total</b>	<b>(9,049)</b>	<b>(240)</b>	<b>340</b>	<b>(8,949)</b>

**Waste Sites Provision** – relates to the capping and aftercare requirements of all of the Council's waste disposal sites.

**Insurance Claims Provision** – to meet potential insurance claims settlements.

**Salary Provision** – in accordance with the relevant requirements.

**Loan Commitments** – recognising the loss allowance of an undrawn revolving credit facility.

## NOTE 23 – UNUSABLE RESERVES

31 March 2024		31 March 2025
£'000		£'000
177,504	Revaluation Reserve	214,538
248,102	Capital Adjustment Account	269,278
(1,414)	Financial Instruments Revaluation Reserve	(1,138)
(625)	Financial Instruments Adjustment Account	(574)
(17,248)	Pensions Reserve	(15,224)
(9,267)	Accumulated Absences Account	(11,839)
<b>397,052</b>	<b>Total Unusable Reserves</b>	<b>455,041</b>

### 23.1 Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant and Equipment. The balance is reduced when assets with accumulated gains are:

- Revalued downwards or impaired and the gains are lost;
- Used in the provision of services and the gains are consumed through depreciation; or
- Disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2023/24		2024/25
£'000		£'000
<b>167,073</b>	<b>Balance 1 April</b>	<b>177,504</b>
25,641	Upward revaluation of assets	46,598
(11,989)	Downward revaluation of assets and impairment losses	(6,290)
<b>13,652</b>	<b>Surplus/(deficit) on revaluation of assets</b>	<b>40,308</b>
(3,146)	Difference between fair value depreciation and historical cost depreciation	(3,274)
(75)	Accumulated gains on assets sold	0
<b>(3,221)</b>	<b>Amount written off to the Capital Adjustment Account</b>	<b>(3,274)</b>
<b>177,504</b>	<b>Balance 31 March</b>	<b>214,538</b>

### 23.2 Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation; impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement.

The Account contains accumulated gains and losses on Investment Properties and gains recognised on donated assets that have yet to be consumed by the Council.

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

## NOTE 23 – UNUSABLE RESERVES (continued)

Note 9 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

2023/24		2024/25
£'000		£'000
<b>235,399</b>	<b>Balance 1 April</b>	<b>248,102</b>
	<u>Reversal of items relating to capital expenditure debited or credited to the Comprehensive Income and Expenditure Statement:</u>	
(24,878)	Charges for depreciation and impairment of non-current assets	(25,294)
(19,923)	Revenue Expenditure funded from Capital under Statute	(40,767)
(201)	Adjustment to non-current balance on the sale of assets	(294)
3,146	Transfer from Capital Revaluation Reserve	3,274
	<u>Capital financing applied in the year:</u>	
250	Capital Receipts	43
37,729	Grants and contributions credited to Comprehensive Income and Expenditure Statement that have been applied to capital financing	67,043
2,755	Revenue provision for the financing of supported capital investment	3,456
11,329	Capital expenditure charged in year against the General Fund	11,480
2,496	Capital receipts set aside / Revenue provision for the financing of unsupported capital investment	2,235
<b>248,102</b>	<b>Balance 31 March</b>	<b>269,278</b>

### 23.3 Financial Instruments Revaluation Reserve

The Financial Instruments Revaluation Reserve contains the gains made by the Council arising from increases in the value of its investments that are measured at fair value through other comprehensive income. The balance is reduced when investments with accumulated gains are:

- Revalued downwards or impaired and the gains are lost.
- Disposed of and the gains are realised.

2023/24		2024/25
£'000		£'000
<b>(1,345)</b>	<b>Balance 1 April</b>	<b>(1,414)</b>
(69)	Fair Value Adjustment	276
0	Downward revaluation of investments not charged to the Surplus/Deficit on the Provision of Services	0
<b>(1,414)</b>	<b>Balance 31 March</b>	<b>(1,138)</b>

### 23.4 Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account at the end of the financial year represents the amount that should have been charged to the Comprehensive Income and Expenditure Statement in accordance with proper accounting practices under the Code of Practice, but which Statutory Provisions allow or require them to be deferred over future years.

There is a requirement for all premiums and discounts arising from loan extinguishments to be charged to Income and Expenditure in full. Where transactions meet the definition of a modification any premiums or discounts are added to the carrying value of the loan and are then amortised to the Comprehensive Income and Expenditure Statement over the life of the new loan. A modification exists where the terms of the new debt are not “substantially different” from those of the old debt.

## NOTE 23 – UNUSABLE RESERVES (continued)

Premiums amortised under statutory provisions can be charged to the General Fund over either the remaining life of the original loan or the life of the replacement loan, whichever is the greater period. Discounts must be credited to the General Fund over 10 years or the life of the original loan, whichever is the shorter period.

The transactions reflected in the Financial Instruments Adjustment Account are as follows:

<b>2023/24</b>		<b>2024/25</b>	
<b>£'000</b>		<b>£'000</b>	
<b>(558)</b>	<b>Balance 1 April</b>	<b>(625)</b>	
61	Proportion of premiums incurred in previous years charged to General Fund in accordance with statute	61	
(128)	Deferred credit for receipt of charges due from people under care	(10)	
<b>(625)</b>	<b>Balance 31 March</b>	<b>(574)</b>	

### 23.5 Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post-employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to the Pension Fund or eventually pays any pensions for which it is directly responsible, with funding requirements set aside by the time the benefits are to be paid.

<b>2023/24</b>			<b>2024/25</b>		
<b>Gwynedd</b>	<b>NWEAB*</b>	<b>Total</b>	<b>Gwynedd</b>	<b>NWEAB*</b>	<b>Total</b>

		<b>Balance 31 March</b>			

\* Cyngor Gwynedd's 12.5% share of the NWEAB's pension reserve is included in the accounts.

## NOTE 23 – UNUSABLE RESERVES (continued)

### 23.6 Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year, e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

2023/24		2024/25
£'000		£'000
(5,752)	Balance 1 April	(9,267)
(3,515)	Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	(2,572)
(9,267)	Balance 31 March	(11,839)*

\* £4k applies to Gwynedd's share of the NWEAB (£4k in 2023/24).

## NOTE 24a – CASH FLOW STATEMENT: ADJUSTMENTS TO NET SURPLUS OR DEFICIT ON THE PROVISION OF SERVICES FOR NON-CASH MOVEMENTS

2023/24		2024/25
£'000		£'000

<b>Total liabilities from financing activities</b>	<b>(101,036)</b>	<b>965</b>	<b>0</b>	<b>(100,071)</b>

## NOTE 27 – EXPENDITURE AND INCOME ANALYSED BY NATURE

The Council's expenditure and income is analysed as follows:

2023/24		2024/25
£'000	<u>Expenditure / Income</u>	£'000
	<b>Expenditure</b>	
236,255	Employee benefits expenses	246,473
252,076	Other Services expenses	286,724
560	Support Services recharges	725
44,805	Depreciation, amortisation and impairment	66,077
5,774	Interest Payments	6,250
30,830	Precepts and Levies	32,335
4	Loss on the disposal of assets	0
<b>570,304</b>	<b>Total Expenditure</b>	<b>638,584</b>
	<b>Income</b>	
(71,247)	Fees, charges and other service income	(76,373)
(4,074)	Interest and investment income	(2,873)
(151,320)	Income from council tax and non-domestic rates	(170,704)
(345,987)	Government grants and contributions	(416,253)
0	(Gain) on the disposal of assets	(173)
<b>(572,628)</b>	<b>Total Income</b>	<b>(666,376)</b>
<b>(2,324)</b>	<b>(Surplus) / Deficit on the Provision of Services</b>	<b>(27,792)</b>

## NOTE 28 – AGENCY SERVICES

Cyngor Gwynedd acts as an agent for various schemes on behalf of the Welsh Government:

- Houses into Homes – closing balance £232k (£195k in 2023/24).
- Houses into Homes 2 – closing balance £465k (£465k in 2023/24).
- Home Improvement Loans – closing balance £615k (£615k in 2023/24).
- Supporting Town Centre Regeneration in Caernarfon – closing balance £615k (£615k in 2023/24).
- Caernarfon and Bangor Town Centre Scheme – closing balance £633k (£633k in 2023/24).
- Bangor and Bethesda Town Centre Scheme – closing balance £500k (£500k in 2023/24).
- Transforming Towns Scheme – closing balance £185k (£187k in 2023/24).
- Gwynedd Town Regeneration Fund – closing balance £32k (£348k in 2023/24).
- Gwynedd Town Regeneration Fund 2 – closing balance £700k (£nil in 2023/24).
- Gwynedd Town Regeneration Fund 10 – closing balance £500k (£nil in 2023/24).

The Council also administers the North and Mid Wales Trunk Road Agency on behalf of the Welsh Government. The principal area of work is managing and maintaining the trunk road network in the North and Mid Wales Councils' Partnership region that extends to 1,088 kilometres. The income transactions recovered during 2024/25 were £82.1m (£92.9m in 2023/24).

In recent years Cyngor Gwynedd have acted as an agent on behalf of Welsh Government for a number of grants and areas of financial support, during 2024/25 the Council has administered the following:

- National Non-Domestic Rates Relief Grant – payments of £3.6m made by the Council (£4.8m in 2023/24); (£0.2m) due from Welsh Government.

## NOTE 28 – AGENCY SERVICES (continued)

During 2024/25 Cyngor Gwynedd have acted as an agent on behalf of Welsh Government, to distribute payments related to hosting Ukraine refugees including:

- Ukraine Refugee Host Payments – payments of £216k made by the Council (£287k in 2023/24).
- Ukraine Cash Payments – payments of £6k made by the Council (£8k in 2023/24).

## NOTE 29 – MEMBERS' ALLOWANCES

The Council paid the following allowances and expenses to members of the Council during the year:

2023/24		2024/25
£'000		£'000
1,507	Allowances	1,576
23	Expenses	14
<b>1,530</b>		<b>1,590</b>

## NOTE 30 – OFFICERS' REMUNERATION

**30a.** The Accounts and Audit (Wales) Regulations 2014 (as amended) require the Council to disclose the following information relating to employees appointed as Senior Officers. In compliance with the defined requirements, the pensionable pay, employer's pension contributions and other employer costs are included below (including termination benefits), but the employer's national insurance contributions are excluded.

2023/24			Chief Officers	2024/25		
Salary and other	Employer's Pension Contributions	Total		Salary and other	Employer's Pension Contributions	Total
£	£	£		£	£	£
121,595	23,033	144,628	Chief Executive <sup>1</sup>	126,908	22,485	149,393
103,347	19,843	123,190	Corporate Director	108,595	20,850	129,445
103,347	19,843	123,190	Corporate Director	108,595	20,850	129,445
22,383	4,298	26,681	Head of Education <sup>2</sup>	94,266	17,035	111,301
91,205	17,512	108,717	Head of Finance <sup>3</sup>	97,586	18,736	116,322
88,627	16,995	105,622	Head of Highways, Engineering and YGC	92,209	17,683	109,892
88,072	16,910	104,982	Head of Adults, Health and Wellbeing	90,274	17,333	107,607
88,072	16,910	104,982	Head of Economy and Community	90,274	17,333	107,607
88,072	16,078	104,150	Head of Children and Family Support	90,274	17,333	107,607
88,072	16,910	104,982	Head of Environment	90,274	17,333	107,607
81,709	15,688	97,397	Head of Corporate Services	86,068	16,525	102,593
84,079	16,122	100,201	Head of Housing and Property	88,254	16,929	105,183
79,443	14,527	93,970	Head of Legal Service <sup>4</sup>	81,400	15,629	97,029

1. The figures do not include any payment to the Chief Executive in his role as Returning Officer. Amount paid in 2024/25 was £2,945 (None in 2023/24), based on the scale defined by the relevant electoral bodies.
2. Holder in role since 1 January 2024.
3. Holder of role received £7,361 for the Section 151 Officer duties for Eryri National Park Authority (ENPA), in his role since 1 July 2023. An additional Employer's Pension contribution of £1,413 applies to these duties. These totals are included within the amounts in the above table. ENPA reimburses the Council for these payments.
4. The figures do not include any payment to the Head of Legal Service in his role as Deputy Returning Officer. Amount paid in 2024/25 was £1,646 (None in 2023/24), based on the scale defined by the relevant electoral bodies.

## NOTE 30 – OFFICERS’ REMUNERATION (continued)

**30b.** The Accounts and Audit (Wales) Regulations 2014 (as amended) require the Council to include a ratio of remuneration. The ratio of the Chief Executive’s remuneration of £126,908 (£121,595 in 2023/24) to the median remuneration of all the Council’s employees for 2024/25 is 5.04:1, which corresponds to a median salary of £25,183 (5.09:1 in 2023/24, which corresponds to a median salary of £23,893).

**30c.** Other Council employees receiving more than £60,000 remuneration for the year (excluding employer’s pension and national insurance contributions) were paid the following amounts but which include termination benefits paid in 22 cases in 2024/25 (5 cases in 2023/24). 19 of these posts would not appear below except for the termination benefits paid in the individual year. The table below includes starters and leavers whose annualised remuneration would exceed £60,000.

Number of other employees who received more than £60,000 and includes remuneration and termination benefits:						
Number in 2023/24				Number in 2024/25		
Schools	Other	Total		Schools	Other	Total
60	15	75	£60,000 - 64,999 *	57	12	69
30	19	49	£65,000 - 69,999 *	58	28	86
13	4	17	£70,000 - 74,999	30	6	36
11	2	13	£75,000 - 79,999	12	4	16
6	1	7	£80,000 - 84,999	17	0	17
2	0	2	£85,000 - 89,999	5	0	5
2	0	2	£90,000 - 94,999	6	0	6
2	0	2	£95,000 - 99,999	1	0	1
1	0	1	£100,000 - 104,999	1	0	1
1	0	1	£105,000 - 109,999	3	0	3
0	0	0	£110,000 - 114,999	0	0	0
1	0	1	£115,000 - 119,999	2	0	2
0	0	0	£120,000 - 124,999	0	0	0
0	0	0	£125,000 - 129,999	1	1	2
0	0	0	£130,000 - 134,999	1	0	1
0	0	0	£135,000 - 139,999	0	0	0
0	0	0	£140,000 - 144,999	0	0	0
0	0	0	£145,000 - 149,999	0	0	0
0	0	0	£150,000 - 154,999	0	0	0
0	0	0	£155,000 - 159,999	1	0	1

\* Two employees from a Voluntary Aided School are included above, with one included in the £60,000-£64,999 band and the other in the £65,000-£69,999 band. In 2023/24, one employee in the £60,000-£64,999 band was included.

## NOTE 31 – EXTERNAL AUDIT COSTS

The Council has incurred the following costs relating to external audit:

<b>2023/24</b>		<b>2024/25</b>
<b>£'000</b>		<b>£'000</b>
230	Fees payable to auditors appointed by the Auditor General for Wales with regard to external audit services	233
107	Fees payable to auditors appointed by the Auditor General for Wales in respect of statutory inspections	96
45	Fees payable to auditors appointed by the Auditor General for Wales for the certification of grant claims and returns for the year	47
<b>382</b>		<b>376</b>
(1)	<b>Less:</b> Fees payable to auditors appointed by the Auditor General for Wales in respect of Joint Committees and Harbour Accounts	(1)
(1)	Previous years' adjustment for audit fees	(16)
<b>380</b>	<b>Cyngor Gwynedd Net Fees</b>	<b>359</b>

## NOTE 32 – GRANT INCOME

The Council credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement:

	Note	2023/24 £'000	2024/25 £'000
<b>Credited to Taxation and Non-specific Grant Income</b>			
Revenue Support Grant (Non-ring-fenced Government Grants)	13	188,864	189,952

<b>Total</b>		<b>145,463</b>	<b>207,590</b>

\* 2023/24 figures have been re-categorised to ensure comparison with 2024/25.

## NOTE 32 – GRANT INCOME (continued)

The Council has received a number of grants, contributions and donations that have yet to be recognised as income as they have conditions attached to them that could require the monies or property to be returned to the giver. The balances at the year-end are as follows:

	31 March 2024 £'000	31 March 2025 £'000
<b>Grants Received in Advance</b>		
<b><u>Long-term</u></b>		
<b>Capital Grants and Contributions</b>		
Highways and Municipal Capital Contributions	498	352
Environment (Planning, Transport and Public Protection) Grants	807	1,207
Economy	0	7

<b>Total Short-term</b>	<b>25,437</b>	<b>8,759</b>
<b>Total</b>	<b>30,367</b>	<b>11,674</b>

## NOTE 33 – RELATED PARTIES

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council. To conform to the requirements, this is done by Members and Senior Officers completing a personal declaration, as defined in the CIPFA Code of Practice.

### 33.1 Welsh and Central Government

Welsh Government has effective control over the general operations of the Council. It is responsible for providing the statutory framework; it provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (e.g. council tax bills, housing benefits). Grants received from the Welsh Government and other Government departments are set out in the subjective analysis in Note 27 which analyses expenditure and income by nature. The position as at 31 March is detailed in Note 32.

### 33.2 Members and Officers

Members of the Council have direct control over the Council's financial and operating policies. The total of members' allowances paid in 2024/25 is shown in Note 29.

The Council appoints members to some external charitable or voluntary bodies or the members have disclosed a link to organisations, public bodies and authorities. Furthermore, members have declared an interest or relationship (as defined) in companies or businesses which may have dealings with the Council.

Senior Officers (as defined) have declared as required and where appropriate an interest or relationship (as defined) in companies, voluntary, charitable, or public bodies which receive payments from the Council.

Excluding related parties identified separately in 33.3 to 33.8 below, a breakdown of the payments made to these bodies under this heading during 2024/25 and balances at 31 March 2025 is as follows:

	<b>Payments made (including 2024/25 creditors) £'000</b>	<b>Amounts owed by the Council £'000</b>	<b>Income received (including 2024/25 debtors) £'000</b>	<b>Amounts owed to the Council £'000</b>
Relevant to Members only	16,841	2,714	(10,573)	(9,505)
Relevant to Officers only	1,618	15	(48)	(34)
Relevant to both Members and Officers	4,613	340	(528)	(216)
<b>Total</b>	<b>23,073</b>	<b>3,070</b>	<b>(11,150)</b>	<b>(9,755)</b>

### 33.3 Other Public Bodies

The Council is the administering authority for the Pension Fund. Details of transactions with the Pension Fund are shown in Note 38.

### 33.4 Eryri National Park Authority (ENPA)

The Head of Finance is a Section 151 officer for Eryri National Park Authority (ENPA), as stated in Note 30 of the accounts. Cyngor Gwynedd administers payroll and internal audit services for ENPA. Some Cyngor Gwynedd Members have been appointed as members of Eryri National Park Authority

<b>Payments made (including 2024/25 creditors) £'000</b>	<b>Amounts owed by the Council £'000</b>	<b>Income received (including 2024/25 debtors) £'000</b>	<b>Amounts owed to the Council £'000</b>
20	13	(251)	(197)

## NOTE 33 – RELATED PARTIES (continued)

### 33.5 Adra (Tai) Cyfyngedig

The Council administers payroll services for Adra (Tai) Cyfyngedig. Some Cyngor Gwynedd Members have been appointed as members to the Adra (Tai) Cyfyngedig board.

Payments made (including 2024/25 creditors)	Amounts owed by the Council	Income received (including 2024/25 debtors)	Amounts owed to the Council
£'000	£'000	£'000	£'000
2,592	317	(332)	(26)

### 33.6 North Wales Corporate Joint Committee

The North Wales Corporate Joint Committee (CJC) was formally constituted on 14 January 2022, and this was a result of the Local Government and Elections (Wales) Act 2021 creating a framework to have a consistent mechanism for regional collaboration between local government. The North Wales CJC's duties are strategic development planning, regional transport planning and may also include economic well-being. The CJC comprises six constituent councils: Conwy County Borough Council, Denbighshire County Council, Flintshire County Council, Cyngor Gwynedd, Isle of Anglesey County Council and Wrexham County Borough Council. Eryri National Park Authority is also a member of the CJC in relation to the exercise of strategic planning functions. Payments to the CJC during 2024/25 and the balances at 31 March 2025 are as follows:

Payments made (including 2024/25 creditors)	Amounts owed by the Council	Income received (including 2024/25 debtors)	Amounts owed to the Council
£'000	£'000	£'000	£'000
108	0	(223)	(210)

### 33.7 Welsh Joint Education Committee (WJEC)

The Council is a member of WJEC CBAC Limited, a charitable company whose members are the twenty-two Welsh unitary authorities. The company is limited by guarantee, not having a share capital, and the Council's liability is limited to £1.

Payments made (including 2024/25 creditors)	Amounts owed by the Council	Income received (including 2024/25 debtors)	Amounts owed to the Council
£'000	£'000	£'000	£'000
877	28	0	0

### 33.8 Subsidiary

Byw'n lach Ltd was established on 27 June 2018 to provide a leisure service for the residents of Gwynedd. The company is limited by guarantee and the Council's liability is limited to £1, with Cyngor Gwynedd being the sole proprietor. Management responsibilities were transferred to the Leisure Company on 1 April 2019 with a service contract in place which sets out the actual services and outcomes that the company is required to deliver for its fee. The Board of Directors is made up of 6 elected members of Cyngor Gwynedd. The payments to Byw'n lach Ltd for Leisure Services during 2024/25 and the balances at 31 March 2025 are as follows:

Payments made (including 2024/25 creditors)	Amounts owed by the Council	Income received (including 2024/25 debtors)	Amounts owed to the Council
£'000	£'000	£'000	£'000
2,223	167	(420)	(63)

## NOTE 34 – CAPITAL EXPENDITURE AND CAPITAL FINANCING

The total amount of capital expenditure incurred in the year is shown in the table below (including the value of assets acquired under finance leases), together with the resources that have been used to finance it. Where capital expenditure is to be financed in future years by charges to revenue as assets are used by the Council, the expenditure results in an increase in the Capital Financing Requirement (CFR), a measure of the capital expenditure incurred historically by the Council that has yet to be financed. The CFR is analysed in the second part of this note.

<b>31 March</b>		<b>31 March</b>
<b>2024</b>		<b>2025</b>
<b>£'000</b>		<b>£'000</b>
599,119	Non-current Assets and Assets Held for Sale	663,748
(177,504)	Revaluation Reserve	(214,538)
(248,102)	Capital Adjustment Account	(269,278)
<b>173,513</b>	<b>Capital Financing Requirement</b>	<b>179,932</b>

The movement in the year is explained as follows:

<b>2023/24</b>		<b>2024/25</b>
<b>£'000</b>		<b>£'000</b>
<b>170,812</b>	<b>Capital Financing Requirement 1 April *</b>	<b>177,995</b>
16,675	Land and Buildings	21,160
10,852	Infrastructure	11,380
5,052	Vehicles, Plant and Equipment	10,846
2	Surplus Assets	119
4,756	Assets under construction	1,098
0	Right of Use Assets	824
19,923	Funded from capital under statute	40,767
(250)	Capital Receipts used	(43)
(37,729)	Government Grants and other contributions	(67,043)
(11,329)	Capital expenditure charged to revenue	(11,480)
(2,755)	Revenue provision for the financing of supported capital investment	(3,456)
	Additional voluntary sums set aside:	
(2,496)	Capital receipts set aside / Revenue provision for the financing of unsupported capital investment	(2,235)
<b>173,513</b>	<b>Capital Financing Requirement 31 March</b>	<b>179,932</b>

\* Includes adjustment for IFRS16 leases.

## NOTE 35 – IFRS 16 LEASES

### Council as Lessee

The Council's Lease contracts comprise leases of operational land and buildings; and plant and equipment.

The Council has a service concession arrangement which is included in Property, Plant and Equipment in the Balance Sheet but excluded from this note. Further details on GwyriAD Service Concession Arrangement can be found in Note 41.

### Right of Use Assets

In 2024/25 the Council applied IFRS16 Leases as required by the Code. The main impact is that a significant number of leases, previously accounted for as operating leases are brought on to the Balance Sheet as a Right of Use Asset and lease liability as of 1 April 2024. Leases of low value (assets below £10k) and leases that have less than 12 months to run are exempt from the new arrangements. Right of Use assets and lease liabilities have been calculated as if IFRS16 had always applied but recognised in 2024/25 and not by adjusting prior year figures.

Lease liabilities are measured at the present value of the remaining lease payments at 1 April 2024, discounted by the Council's incremental borrowing rate at that date. The weighted average of the incremental borrowing rate used to discount liabilities is 5.07%.

This has resulted in the following additions to the Balance Sheet (See Note 15 for Right of Use Asset details):

	Land and Buildings	Vehicles, Plant and Equipment	Total Right of Use Assets
	£'000	£'000	£'000
<b>Balance at 1.04.24</b>	<b>4,443</b>	<b>39</b>	<b>4,482</b>
Additions	824	0	824
Revaluation	0	0	0
Depreciation	(634)	(6)	(640)
Sales	0	0	0
<b>Balance at 31.03.25</b>	<b>4,633</b>	<b>33</b>	<b>4,666</b>

The Council is committed to making minimum payments under these leases comprising settlement of the long-term liability for the interest in the property, plant or equipment acquired by the Council and finance costs that will be payable by the Council in future years while the liability remains outstanding. The lease liability comprises the following amounts:

31 March 2024 £'000		31 March 2025 £'000
	<b>Right of Use Asset Lease Liabilities</b>	
	(net present value of liabilities):	
0	Current	621
0	Non-current	4,078
<b>0</b>		<b>4,699</b>

## NOTE 35 – IFRS 16 LEASES (continued)

### Transactions Under Leases

The council incurred the following expenses and cash flows in relation to leases:

<b>31 March</b>	<b>31 March</b>
<b>2024</b>	<b>2025</b>
<b>£'000</b>	<b>£'000</b>
<b>Comprehensive Income and Expenditure Statement</b>	
0 Interest Expense on lease liabilities	227
0 Expense relating to short term/exempt/low value items	234
<b>Cash Flow Statement</b>	
0 Minimum Lease Payments	834
0 Interest Expense on lease liabilities	227
0 Expense relating to short term/exempt/low value items	234

### Maturity Analysis of Lease Liabilities

The lease liabilities are due to be settled over the following time bands (measured at the discounted amounts of expected cash payments):

	<b>31 March</b>	<b>31 March</b>
	<b>2024</b>	<b>2025</b>
	<b>£'000</b>	<b>£'000</b>
No later than one year	0	621
Later than one year and not later than five years	0	1,974
More than five years	0	2,104
	<b>0</b>	<b>4,699</b>

In 2024/25, payments of £607,605 were made by the Council in respect of those assets held as a lease with a Right of Use Asset.

## NOTE 35 – IFRS 16 LEASES (continued)

### Council as Lessor

#### Finance Leases

The Council has leased out property on a finance lease, including:

- The Sailing Academy in Pwllheli,
- Rhyd Ddu Outdoor Centre.

These leases are on a peppercorn rent basis and for a term that equates to the economic life of the assets. No premium has been received for these leases.

#### Operating Leases

The Council leases out property under operating leases for the following purposes:

- for the provision of community services, such as sports facilities, tourism services and community centres,
- for economic development purposes to provide suitable affordable accommodation for local businesses.

The future minimum lease payments receivable under non-cancellable leases in future years are:

	<b>31 March</b>	<b>31 March</b>
	<b>2024</b>	<b>2025</b>
	<b>£'000</b>	<b>£'000</b>
No later than one year	555	241
Later than one year and not later than five years	1,002	594
Later than five years	4,818	4,693
	<b>6,375</b>	<b>5,528</b>

The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. In 2024/25 lease payments of £1,196,510 were received by the Council (£1,033,783 in 2023/24).

## NOTE 36 – EXIT PACKAGES

The number of exit packages with total cost per band, and total cost of the compulsory and other redundancies are set out in the table below. The cost in the table below reflects the related package cost to the employer, rather than the actual value of the payments to the individuals. In accordance with the requirements the related commitments as known to the Council as at 31 March 2025 are included. Included below are the related gross costs but not the financial savings to the Council, where appropriate.

Exit package cost band (including special payments)	Number of compulsory redundancies		Number of other departures agreed		Total number of exit packages by cost band		Total cost of exit packages in each band	
	2023/24	2024/25	2023/24	2024/25	2023/24	2024/25	2023/24	2024/25
£							£'000	£'000
0 - 20,000	17	13	7	19	24	32	161	214
20,001 - 40,000	1	4	8	17	9	21	283	633
40,001 - 60,000	0	3	2	3	2	6	99	297
60,001 - 80,000	1	2	0	0	1	2	66	142
80,001 - 100,000	0	0	0	0	0	0	0	0
100,001 - 150,000	0	0	2	0	2	0	240	0
150,001 - 200,000	0	0	0	0	0	0	0	0
200,001 - 250,000	0	1	0	0	0	1	0	201 *
Adjustment to previous year's estimate							0	19
<b>Total</b>	<b>19</b>	<b>23</b>	<b>19</b>	<b>39</b>	<b>38</b>	<b>62</b>	<b>849</b>	<b>1,506</b>

\* Contribution of £80,531 towards the Exit Package from Isle of Anglesey County Council.

## NOTE 37 – PENSION SCHEMES ACCOUNTED FOR AS DEFINED CONTRIBUTION SCHEMES

Teachers employed by the Council are members of the Teachers' Pension Scheme, administered by the Government's Department for Education. The scheme provides teachers with specified benefits upon their retirement, and the Council contributes towards the costs by making contributions based on a percentage of members' pensionable salaries.

The scheme is technically a defined benefit scheme. However, the scheme is unfunded and the Department for Education uses a notional fund as the basis for calculating the employers' contribution rate paid by local authorities. The Council is not able to identify its share of the underlying financial position and performance of the scheme with sufficient reliability for accounting purposes. For the purposes of this Financial Statement, it is therefore accounted for on the same basis as a defined contribution scheme.

In 2024/25 the Council paid £15.33m (£12.42m in 2023/24) in respect of teachers' pension costs, which represented 28.68% (23.84% in 2023/24) of teachers' pensionable pay. The increase in the contribution rate has led to an increase in the value of the contribution. In addition the Council is responsible for the costs of any additional benefits awarded upon early retirement outside of the terms for the teachers' scheme. In 2024/25 these amounted to £1m (£1.13m in 2023/24) representing 1.86% (2.17% in 2023/24) of teachers' pensionable pay. These costs are accounted for on a defined benefits basis and are included in Note 38.

## NOTE 38 – PENSION COSTS

As part of the terms and conditions of employment of its officers and other employees, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments. These need to be disclosed at the time that employees earn their future entitlement.

Cyngor Gwynedd participates in two post-employment benefit schemes:

- a) **The Local Government Pension Scheme** administered locally by Cyngor Gwynedd for the employees of Gwynedd and 45 other organizations. This is a funded defined benefit scheme based on final salary for service up to 31 March 2014, and based on a career average salary from 1 April 2014. The Council and the employees pay contributions into the fund, calculated at a level intended to balance the pension liabilities with investment assets. Cyngor Gwynedd's proportion of the total contributions to the Gwynedd Pension Fund in 2024/25 was 35% (36% in 2023/24).
- b) **Arrangements for the award of discretionary post-retirement benefits upon early retirement.** This is an unfunded defined benefit arrangement, under which liabilities are recognised when awards are made. However, there are no investment assets built up to meet these pension liabilities, and cash has to be generated to meet actual pensions payments as they eventually fall due.

The Gwynedd Pension Fund is operated under the regulatory framework for the Local Government Pension Scheme and the governance of the scheme is the responsibility of the Pensions Committee of Cyngor Gwynedd. Policy is determined in accordance with the Local Government Pensions Scheme Regulations.

The principal risks to the Council from the scheme are the longevity assumptions, statutory changes to the scheme, structural changes to the scheme (such as large-scale withdrawals from the scheme), changes to inflation, bond yields and the performance of equity investments held by the scheme. These are mitigated to a certain extent by the statutory requirements to charge the amounts required by statute as described in the accounting policies note to the General Fund.

### Transactions Relating to Post-employment Benefits

The Council recognises the cost of retirement benefits in the reported cost of services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge it is required to make against council tax is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund via the Movement in Reserves Statement. The following transactions have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year:

## NOTE 38 – PENSION COSTS (continued)

Changes in the Fair Value of Plan Assets, Defined Benefit Obligation and Net Liability		
	Net (Liability) / Asset	
Period ended 31 March -	2024	2025
	£'000	£'000
Fair value of plan assets	976,244	1,087,014
Present value of funded liabilities	(822,438)	(833,557)
Effect of the asset ceiling	(131,272)	(253,457)
Present value of unfunded liabilities	(18,052)	(17,248)
<b>Opening Position at 1 April</b>	<b>4,482</b>	<b>(17,248)</b>
Service cost -		
Current service cost <sup>1</sup>	(25,614)	(24,317)
Past service costs (including curtailments)	(228)	(818)
<b>Total Service Cost</b>	<b>(25,842)</b>	<b>(25,135)</b>
Net interest -		
Interest income on plan assets	46,494	52,915
Interest cost on defined benefit obligation	(40,028)	(41,376)
Interest on the effect of the asset ceiling	(6,235)	(12,293)
<b>Total Net Interest</b>	<b>231</b>	<b>(754)</b>
<b>Total Defined Benefit Cost Recognised in Profit / (Loss)</b>	<b>(25,611)</b>	<b>(25,889)</b>
Cash flows -		
Participants' contributions	0	0
Employer contributions	24,969	27,207
Benefits paid	0	0
Unfunded benefits paid	0	0
Contributions in respect of unfunded benefits paid	1,637	1,716
<b>Expected Closing Position</b>	<b>5,477</b>	<b>(14,214)</b>
Remeasurements -		
Changes in financial assumptions	54,434	144,863
Changes in demographic assumptions	5,037	1,491
Other experience <sup>2</sup>	(25,314)	7,968
Return on assets excluding amounts included in net interest	59,068	(5,847)
Changes in effect of the asset ceiling	137,507	265,750
<b>Total remeasurements recognised in Other Comprehensive Income (OCI)</b>	<b>230,732</b>	<b>414,255</b>
Fair value of plan assets	1,087,014	1,143,772
Present value of funded obligations	(833,557)	(728,537)
Present value of unfunded obligations <sup>3</sup>	(17,248)	(15,224)
<b>Closing Position at 31 March <sup>4</sup></b>	<b>236,209</b>	<b>400,011</b>

<sup>1</sup> The current service cost includes an allowance for administration costs of 0.6% of payroll.

<sup>2</sup> Within this other experience item, the funded obligations have decreased by £7,272,000 as a result of the pension increase order being different to the previous assumption. The 31 March 2024 figure includes an allowance of £25,029,000 for the April 2024 pension increase order impact.

<sup>3</sup> The unfunded obligations comprise of £5,910,000 (£6,401,000 on 31 March 2024) in respect of LGPS unfunded pensions and £9,314,000 (£10,847,000 on 31 March 2024) in respect of Teachers' unfunded pensions.

<sup>4</sup> This is inclusive of the liability relating to both Byw'n Iach and the North and Mid Wales Trunk Road Agency (NMWTRA) employees who are under the responsibility of the council.

## NOTE 38 – PENSION COSTS (continued)

### Pensions assets and liabilities recognised in the Balance Sheet

The amount included in the Balance Sheet arising from the authority's obligation in respect of its defined benefit plan is as follows:

	31 March 2024	31 March 2025
	£'000	£'000
Fair value of plan assets	1,087,014	1,143,772
Present value of funded obligations	(833,557)	(728,537)
Present value of unfunded obligations	(17,248)	(15,224)
<b>Subtotal</b>	236,209	400,011
Effect of IAS 19/ IFRIC 14	(236,209)	(400,011)
Add value of unfunded obligations	(17,248)	(15,224)
<b>Net Asset/ (Liability) arising from Defined Benefit Obligation</b>	<b>(17,248)</b>	<b>(15,224)</b>

## NOTE 38 – PENSION COSTS (continued)

The actuarial valuation of the Council's pension scheme liabilities and pension reserve shown on the Balance Sheet reports a net liability of £15.224m. The Council's Actuary, Hymans Robertson LLP, determined that the fair value of the council's pension plan assets outweighed the present value of the plan obligations at 31 March 2025 resulting in a pension plan asset. IFRIC 14 and IAS 19 Employee Benefits require that, where a pension plan asset exists, it is measured at the lower of:

- The surplus in the defined benefit plan; and
- The asset ceiling, which is capped at £0 excluding unfunded obligations

The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan. The Council's actuary calculated the asset ceiling as the net present value of future service costs less net present value of future contributions. The calculated asset ceiling for 2024/25 results in greater future service contributions than future service costs so the economic benefit is limited to zero before adding the present value of the unfunded obligations. The Council relies and places assurance on the professional judgement of the Actuary and the assumptions used to calculate this actuarial valuation.

### The Major Categories of Plan Assets as a Percentage of Total Plan Assets

The actuary has provided a detailed breakdown of Fund assets in accordance with the requirements of IAS19. This analysis distinguishes between the nature and risk of those assets, and to further break them down between those with a quoted price in an active market, and those that are not quoted. The asset split for Cyngor Gwynedd is assumed to be in the same proportion to the Fund's asset allocation as at 31 December 2024. The split is shown in the table below. The actuary estimates the bid value of the Fund's assets as at 31 March 2025 to be £3.18bn based on information provided by the Administering Authority and allowing for index returns where necessary.

### Fair Value of Employer Assets

The asset values below are at bid value as required under IAS19.

Asset Category	At 31 March 2024				At 31 March 2025			
	Quoted	Prices not	Total		Quoted	Prices not	Total	
	Prices in Active Markets £'000	quoted in Active Markets £'000			Prices in Active Markets £'000	quoted in Active Markets £'000

## NOTE 38 – PENSION COSTS (continued)

### Basis for estimating assets and liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, life expectancy and salary levels. Life expectancy is based on the Fund's VitaCurves with improvements in line with the CMI 2022 model, with a 15% weighting of 2023 (and 2022) data, a 0% weighting of 2021 (and 2020) data, standard smoothing (Sk7), initial adjustment of 0.25% and a long-term rate of improvement of 1.5% p.a. for both males and females.

Both the Gwynedd Pension Scheme and Discretionary Benefits liabilities have been estimated by Hymans Robertson, an independent firm of actuaries. Estimates for the Gwynedd Pension Fund were based on the latest full valuation of the scheme as at 31 March 2022. The significant assumptions used by the actuary in the following table have had a significant impact on the values of the assets and liabilities as follows:

	31 March 2024	31 March 2025
<b>Financial Assumptions</b>	<b>% p.a.</b>	<b>% p.a.</b>
Pensions Increase Rate	2.75	2.75
Salary Increase Rate	3.25	3.25
Inflation Rate	2.75	2.75
Discount Rate	4.85	5.80
Long-term expected rate of return on all categories of assets	4.85	5.80
<b>Take-up option to convert annual pension into retirement lump sum</b>		
for pre-April 2008 service	65	65
for post-April 2008 service	65	65
<b>Mortality assumptions</b>	<b>Years</b>	<b>Years</b>
Longevity at 65 for current pensioners		
Men	20.7	20.6
Women	23.6	23.5
Longevity at 65 for future pensioners		
Men	21.7	21.6
Women	25.3	25.3

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. In order to quantify the impact of a change in the financial assumptions used, the actuary has calculated and compared the value of the scheme commitments as at 31 March 2025 on varying bases. The approach taken is consistent with that adopted to derive the IAS19 figures provided in this note.

To quantify the uncertainty around life expectancy, the actuary has calculated the difference in cost to the Council of a one-year increase in life expectancy. For sensitivity purposes this is assumed to be an increase in the cost of benefits of broadly 3-5%. In practice the actual cost of a one-year increase in life expectancy will depend on the structure of the revised assumption (i.e. if improvements to survival rates predominantly apply at younger or older ages).

The figures in the table below have been derived based on the membership profile of the Council as at 31 March 2022, the date of the most recent actuarial valuation. The approach taken in preparing the sensitivity analysis shown is consistent with that adopted in the previous year.

## NOTE 38 – PENSION COSTS (continued)

Impact on the Defined Benefit Obligation in the Scheme		
Change in assumption	Approximate increase to Defined Benefit Commitment 31 March 2025	Approximate monetary amount 31 March 2025
	%	£'000
0.1% decrease in real discount rate	2	14,316
1 year increase in member life expectancy	4	29,750
0.1% increase in the salary increase rate	0	776
0.1% increase in the pension increase rate	2	13,936

### Impact on the Council's Cash Flows

One of the objectives of the scheme is that employer contributions should be kept at as constant a rate as possible. Cyngor Gwynedd has agreed a strategy with the fund's actuary to achieve a funding level of 100% over the next 17 years. Funding levels are monitored on an annual basis.

The contributions paid by the Council are set by the Fund Actuary at each triennial valuation, or at any other time as instructed to do so by the Administering Authority. The contributions payable over the period to 31 March 2025 are set out in the Rates and Adjustments certificate. For further details on the approach adopted to set contribution rates for the Council, please refer to the 2022 actuarial report dated 28 March 2023.

### Information about the Defined Benefit Obligation

	Liability Split 31 March 2025 £'000	%
Active Members	367,951	51
Deferred Members	102,040	14
Pensioner Members	258,546	35
<b>Total</b>	<b>728,537</b>	<b>100</b>

The above figures are for the funded obligations only and do not include any unfunded pensioner liabilities. The durations are effective at the previous formal valuation as at 31 March 2022. As at the date of the most recent valuation, the duration of the Employer's funded obligations in 2024/25 is 20 years.

### Impact in Future Years

The total contributions expected to be made to the Local Government Pensions Scheme by the Council in the year to 31 March 2026 is £26.833m.

As the Actuary's report is based on estimates and due to timing issues, an initial adjustment of £64,270.04 has been made in 2024/25 (£761,058 in 2023/24) to bring the position of the Scheme based on the Actuarial figures in line with the closing position at 31 March 2025 (before applying any asset ceiling adjustments). This variance has been treated as Actuarial Gains and Losses on Pension Assets and Liabilities.

## NOTE 39 – CONTINGENT LIABILITIES

A contingent liability arises where an event has taken place that gives the Council a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

The position below relates to circumstances involving three specific contingent liabilities:

- The capping and aftercare requirements for the Council's landfill sites – the provision contained in the accounts is based on existing and known circumstances, in addition to relevant forecasts. However, the actual final cost may differ from the current estimated future cost.
- This Council is exposed to a potential insurance liability relating to the insurance arrangements of its predecessor authorities, being Gwynedd County Council, Arfon Borough Council, Dwyfor District Council, and Meirionnydd District Council, and the closure of the Municipal Mutual Insurance (MMI) Fund on 30 September 1992.

MMI made a scheme of arrangement with its creditors, by which, if MMI had insufficient funds to meet future claims, a claw-back clause would be triggered (i.e. Scheme of Arrangements) which could affect claims paid since 1992/93. On 13 November 2012, the directors of the Company concluded that the terms of the Scheme of Arrangement should be triggered and served notice on the Scheme Administrator and the Company to that effect. The decision is irrevocable. An initial levy of 15% of the payments made since 30 September 1992 was paid during 2013/14, and a further 10% was paid in 2016/17.

However, in accordance with the scheme, a further levy may be raised should the original levy be insufficient to meet MMI's liabilities in the longer term. Cyngor Gwynedd is of the opinion that it would be prudent to hold a fund in the expectation that the original levy will be inadequate. The maximum potential liability to this Council based on the latest published figures available at the end of the financial year is £1.3m.

- The Council is assessing potential claims including the conviction of a former head teacher at a Gwynedd School and other matters within the field of education. The current status of the claims vary from the initial stages onwards. In the event of liability being established, the Council's payments will be restricted to the policy deductibles under the relevant liability Insurance policies. The Council has an existing earmarked Insurance Reserve set aside to fund any costs which would not be covered by the Council's cover.

## NOTE 40 – TRUSTS

The Council acts as sole trustee for 177 bequests such as school prize funds, and comforts and improvements funds for numerous Council Establishments. The largest fund, the Welsh Church Fund, has a completely separate accounting ledger, whereas the Council holds the property for 176 of these bequests but makes no decision on the funds use. In every case, the funds do not represent the assets of the Council and therefore they have not been included in the Balance Sheet.

The total balance of the 176 bequests derecognised from the Council's Balance Sheet at 31 March 2025 was £2,061,426 (£1,738,131 on 31 March 2024). The funds are fully invested to generate income.

The largest bequests, the Welsh Church Fund and FMG Morgan Trust Fund, are detailed in appendices A and B of these accounts.

## NOTE 41 – SERVICE CONCESSION ARRANGEMENTS

GwyrAD is a Service Concession Arrangement, otherwise known as a ‘Private Finance Initiative’ (PFI) scheme. The construction commenced in 2012/13 and the plant became operational in September 2013. It is a treatment plant for source-segregated food waste from Gwynedd residents and businesses (mainly) using Anaerobic Digestion (AD) technology. The enterprise is assisting the Council to meet its recycling targets, and to work within its allowances for landfilling of Biodegradable Municipal Waste for a period of 15 years.

The assets used to provide the service are recognised on the Council’s Balance Sheet. The value of the related assets was £2.1m as at 31 March 2025 (£2.2m as at 31 March 2024). The Council makes an agreed payment (gate fee) each year based on a minimum amount of tonnage which is increased each year by inflation and can be reduced if the contractor fails to meet availability and performance standards in any year. The Council has the right to increase the amount of tons over the agreed 7,500 tons to a maximum of 11,000 tons, and will pay a reduced gate fee for anything over 7,500 tons.

	Payment for Services	Reimbursement of Capital Expenditure	Interest	Total
	£’000	£’000	£’000	£’000
Paid in 2024/25	498	204	61	763
Payable in 2025/26	498	216	49	763
Payable within 2 to 5 years	1,202	577	64	1,843
<b>Total</b>	<b>2,198</b>	<b>997</b>	<b>174</b>	<b>3,369</b>

Although the payments made to the contractor are described as unitary payments, they have been calculated to compensate the contractor for the fair value of the services they provide, the capital expenditure incurred and interest payable.

The contractor receives income from energy that is generated from the waste which has enabled it to keep the unitary payment low for the Council. If the income is higher than that which is in the contract, there is an arrangement for it to be shared between the contractor and Cyngor Gwynedd.

The liability outstanding to be paid to the contractor for capital expenditure incurred is as follows:

	2024/25	
	Lease Liability	Deferred Income
	£’000	£’000
Balance outstanding at 1 April 2024	(997)	(644)
Repayment of principal during the year	204	0
Release of deferred income	0	146
<b>Balance outstanding at 31 March 2025</b>	<b>(793)</b>	<b>(498)</b>

Either party can terminate the agreement at any time should there be deficiencies, subject to giving notice in accordance with the terms of the agreement. Equally, the Council can unilaterally terminate the agreement in accordance with the terms therein. There would be compensation payments linked to any termination arrangement. At the expiry of the agreement, the Council has the right to re-tender for a contractor to provide the service.

## NOTE 42 – POOLED BUDGET

Under regulation 19(1) of the Partnership Arrangements (Wales) Regulations 2015, an informal pooled budget arrangement has been agreed between North Wales local authorities and the Betsi Cadwaladr University Health Board in relation to the provision of care home accommodation for older people for 2024/25.

The Council's transactions are included under Adults, Health and Well-being in the Comprehensive Income and Expenditure Statement. Income and expenditure for these pooled budget arrangements are as follows; the notional amounts are included for information only.

<b>Care Homes for the Elderly</b>		
<b>2023/24</b>		<b>2024/25</b>
<b>£'000</b>		<b>£'000</b>
	<b>Expenditure</b>	
124,041	Care Home costs	136,047
<b>124,041</b>	<b>Total Expenditure</b>	<b>136,047</b>
	<b>Funding</b>	
(11,914)	Denbighshire County Council	(12,423)
(15,301)	Conwy County Borough Council	(18,090)
(13,578)	Flintshire County Council	(14,980)
(14,957)	Wrexham County Borough Council	(16,470)
(12,044)	Cyngor Gwynedd	(13,084)
(7,214)	Isle of Anglesey County Council	(7,126)
(49,033)	Betsi Cadwaladr University Health Board	(53,874)
<b>(124,041)</b>	<b>Total Funding</b>	<b>(136,047)</b>
<b>0</b>	<b>(Surplus) / Deficit transferred to Reserve</b>	<b>0</b>

\* The 2023/24 figures for Conwy County Borough Council's Care Home Funding have been restated to reflect a £2.881m reduction from (£18.182m) to (£15.301m); the Care Home costs have also been restated to mirror this reduction from £126.922m to £124.041m.

## NOTE 43 – JOINT OPERATIONS AND JOINT COMMITTEES

The Council currently participates in a number of joint operations with neighbouring North Wales authorities.

During 2024/25, Cyngor Gwynedd participated in three joint committees and one joint operation, collaborating in particular areas between local authorities. Separate accounts are required for joint committees. The three joint committees relating to Gwynedd in 2024/25 are:

- GwE
- North Wales Residual Waste Treatment Project (NWRWTP)
- North Wales Economic Ambition Board (NWEAB)

The joint operation relating to Gwynedd in 2024/25 is:

- Actif North Wales

The Joint Committee accounts follow the same timetable in terms of the statutory dates for the completion of the accounts. In the circumstances, Cyngor Gwynedd's accounts reflect the related actual net liability, although the subjective analysis position varies subject to the circumstances, and the reporting arrangements, of the various joint committees (except for the NWEAB). The figures and the share relating to Gwynedd have been included in the table below:

Joint Committee / Joint Operation	Host Authority for Finance	Councils and Organisations participating in the Joint Committee / Joint Operation	Cyngor Gwynedd's Share  %	Value of Gwynedd's Share (Income and Expenditure Account) £'000
<b>Joint Committee</b>				
GwE	Cyngor Gwynedd	Conwy County Borough Council Denbighshire County Council Flintshire County Council Cyngor Gwynedd Isle Anglesey County Council Wrexham County Borough Council	17.55	702

North Wales Economic Ambition Board *	Cyngor Gwynedd	Conwy County Borough Council Denbighshire County Council Flintshire County Council Cyngor Gwynedd Isle Anglesey County Council Wrexham County Borough Council Bangor University Grŵp Llandrillo Menai Wrexham Glyndŵr University Coleg Cambria	Refer to note below	

## Joint Operation

Actif North Wales **	Cyngor Gwynedd	Conwy County Borough Council Denbighshire County Council Flintshire County Council Cyngor Gwynedd Isle of Anglesey County Council Wrexham County Borough Council	16.67	0
----------------------	-------------------	---	-------	---

\* Cyngor Gwynedd's accounts include their actual transactions and balances in respect of the NWEAB'S business as well as their share of the remaining transactions and balances, which have been distributed as 12.5% (Local Authority) and 6.25% (Further/Higher Education) in accordance with the allocations in the Governance Agreement 2.

\*\* Actif North Wales is grant funded.

The individual joint committees' accounts are available on the website of the councils which are host authorities for finance.

## NOTE 44 – EVENTS AFTER THE REPORTING PERIOD

The Statement of Accounts was authorised by the Head of Finance on 4 November 2025. Events taking place after this date are not reflected in the financial statements or related notes. Where events taking place before this date provided information about conditions existing at 31 March 2025, the figures in the financial statements and notes have been adjusted in all material respects to reflect its impact.

<b>THE WELSH CHURCH FUND</b>
------------------------------

2023/24 £'000		2024/25 £'000
976	<b>Amount of Fund at 1 April</b>	978
	<b>Add</b> - Income during the year	
49	Interest on Investments	49
	<b>Less</b> - Expenditure during the year	
(47)	Grants and expenses	(25)
<b>978</b>	<b>Amount of Fund at 31 March</b>	<b>1,002</b>
	<b>Represented by the following Assets</b>	
7	Debtors	5
900	Investments	900
71	Cash in Hand	97
<b>978</b>		<b>1,002</b>
<b>978</b>	<b>Total</b>	<b>1,002</b>

**NOTES TO THE ACCOUNTS**

1. The Scheme for the administration of the Fund provides that the income be applied for charitable purposes - educational, recreational and social, at the discretion of the Council.

2. The Charities Act 1993 requires that an independent examination of the statement of accounts of the Welsh Church Fund be carried out annually.

3. The investments are shown in the accounts at cost. The market value of the investments at 31 March 2025 was £906,375.

<b>FMG MORGAN TRUST FUND</b>
------------------------------

2023/24 £'000		2024/25 £'000
167	<b>Amount of Fund at 1 April</b>	166
	<b>Add - Income during the year</b>	
17	Interest on assets	16
	<b>Less - Expenditure during the year</b>	
(18)	Grants	(8)
<b>166</b>	<b>Amount of Fund at 31 March</b>	<b>174</b>
	<b>Assets</b>	
144	Investments	144
22	Cash in Hand	30
<b>166</b>		<b>174</b>

**NOTES TO THE ACCOUNTS**

1. This Fund was set up from the residuary estate of the late Mrs. Florence Merthyr Guest Morgan. The income from the Fund was to be applied to aid residents of certain areas of Llŷn for specified purposes.
2. The investments are shown in the accounts at cost. The market value of the investments at 31 March 2025 was £381,145 (£369,850 at 31 March 2024).
3. The FMG Morgan Fund is outside the provision of the Charities Act 1993. No independent examination or audit is therefore required in respect of this Trust Fund.

## **ANNUAL GOVERNANCE STATEMENT**

This statement meets with the requirement to produce an Internal Control Statement in accordance with Regulation 5 of the Accounts and Audit Regulations (Wales) 2014.

### **Part 1: SCOPE OF RESPONSIBILITY**

Cyngor Gwynedd is responsible for ensuring that it conducts its business in accordance with the law and to proper standards and that public money is safeguarded, properly accounted for, and used economically, efficiently and effectively. Cyngor Gwynedd also has a duty under the Local Government and Elections (Wales) Act 2021 to make arrangements to secure continuous improvement in the exercise of its functions, having regard in particular to strategic effectiveness, service quality, service availability, fairness, sustainability, efficiency and innovation.

In discharging these overall responsibilities, Cyngor Gwynedd is also responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and which includes arrangements for the management of risk and adequate and effective financial management.

Cyngor Gwynedd has approved and adopted a Code of Corporate Governance which is consistent with the principles of the CIPFA/SOLACE Framework, *Delivering Good Governance in Local Government*. A copy of the code is available on our website, or may be obtained by writing to Cyngor Gwynedd, County Offices, Shirehall Street, Caernarfon, Gwynedd LL55 1SH. This statement explains how the Authority has complied with the code and also meets the requirements of regulation 5(5) Accounts and Audit (Wales) Regulations 2014 in relation to publishing a statement on internal control.

### **Part 2: THE PURPOSE OF THE GOVERNANCE FRAMEWORK**

The governance framework comprises the systems and processes, and culture and values, by which the authority is directed and controlled and its activities through which it accounts to, engages with, and leads its communities. It enables the authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate and cost effective services.

The system of internal control is a significant part of that framework and is designed to enable the Council to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks that are relevant to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood and potential impact of those risks being realised, and to manage them efficiently, effectively and economically.

The governance framework described above has been in place at Cyngor Gwynedd for the year ending 31 March 2025 and remains applicable up to the date of the approval of the Statement of Accounts.

### **Part 3: GOVERNANCE ARRANGEMENTS AND THEIR EFFECTIVENESS**

- 3.1 The **Governance Arrangements Assessment Group** monitors matters of governance continuously in a disciplined manner, raising a wider awareness of these, and promoting a wider ownership of the Annual Governance Statement. The Group comprises the Corporate Director, the Monitoring Officer, the Section 151 Officer, Head of Corporate Support, Assistant Head of Corporate Support, Assistant Head of Finance, the Risk and Insurance Manager and the Council Business Service Support Manager.
- 3.2 To reflect the CIPFA/SOLACE Framework - *Delivering Good Governance in Local Government*, the local framework is set out in the form of a Governance Risk Register that is part of the Corporate Risk Register, identifying 24 areas of governance risks.
- 3.3 An outline is given of the Governance Areas, how they link to the CIPFA/SOLACE principles, the relevant risks and the Council's arrangements to deal with these, are in the remainder of this section of the Annual Governance Statement.

#### **CIPFA/SOLACE Framework Core Principle A: Behave with integrity, demonstrating a strong commitment to ethical values, and respect for the rule of law.**

##### **Culture**

- A review of the progress of Ffordd Gwynedd was carried out across the Council in collaboration with Cabinet and a Task and Finish Group with members from among the members of the Governance and Audit Committee. That led to a new 5-year Work Programme to 2028 which was approved by Cabinet on 7 March 2023. The Plan identifies nine areas that the Council will focus on in order to further embed the "way of working".
- A Lead Group (the Council's Corporate Management Team) has been established with a focus on one of the workstreams at each monthly meeting. The Group maintains an overview of the implementation of the Work Programme and offers guidance on embedding the culture within the Council. A Group of officers leading on the individual workstreams meets monthly under the chairmanship of the Corporate Director while a Practitioner Group has been formed to support individuals driving reviews within their services.
- An annual report is presented on the progress of the work culture which is based on the conclusions of a self-assessment that each Department is asked to undertake and also on the results of the "Llais Staff" Survey which is carried out every twelve months.

##### **Conduct**

- The Council has adopted codes of conduct for its members and officers, based on national regulations (codes such as the Member/Officer Relationship Code; the Members Code of Conduct; the Code of Conduct for Officers; The Anti-Fraud and Corruption Policy and the Whistleblowing Code of Practice) and these together lay the foundation for ensuring integrity and ethics.
- There is clear evidence that the Council gives legitimate consideration to the Ombudsman's reports as part of the work of the Standards Committee, which is working effectively.

##### **Lawfulness**

- Everything the Council does has to comply with the law. Statutory officers (the Monitoring Officer and Head of Finance) must comment on any formal decision, as part of a comprehensive Constitution that is regularly reviewed. The role of statutory officers is a core part of the Council's governance arrangements.

## **CIPFA/SOLACE Framework Core Principle B. Ensuring openness and comprehensive stakeholder engagement**

### **Being open**

- The minimum possible number of Committee reports is exempt, and in addition to the publication of full committee minutes, individual members' decision sheets are publicised, with procedures in place to ensure this happens. Background papers are published with committee reports to ensure that decisions are made with full information. A number of meetings of decision-making committees are webcast.
- The Council publishes its Corporate Plan, Annual Performance Report and Statement of Accounts to try and provide as much information as residents would need to hold us accountable. Various other methods are also used such as the website and social media to try to ensure that the residents of Gwynedd are aware of what is happening within the Council.

### **Stakeholders**

- The willingness of public sector bodies, including Cyngor Gwynedd, other neighbouring unitary councils, the Police, the Health Board, the third sector and others to co-operate in order to deliver joint public services can have a significant, visible impact on the People of Gwynedd, as part of the requirements of the Well-being of Future Generations (Wales) Act 2015.
- A Public Service Board has been established and meets regularly.

### **Engagement**

- A range of corporate engagement procedures have been put in place to ensure that we receive the views of the public and other stakeholders as appropriate.

## **CIPFA/SOLACE Framework Core Principle C: Defining outcomes in terms of sustainable economic, social and environmental benefits**

### **Direction and vision**

- The Council's Plan 2023-28 was approved by the full Council on the 2nd of March, 2023. The Plan includes our ambition and projects under 7 priority areas. The plan has been reviewed annually in March since its adoption.

### **Sustainability**

- Since May 2023 reports submitted to Cabinet are required to highlight how the contents of the report reflect the requirements of the Well-being of Future Generations (Wales) Act 2015.
- Training sessions have been held with elected members to increase awareness of the Act in October 2022 and 2024.
- The Council has already adopted a Sustainable Procurement Policy which is in line with the principles of the Well-being of Future Generations (Wales) Act 2015. By adopting the Policy, it is intended to consider the potential social, economic and environmental impact that our procurement decisions may have and what steps can be taken to make the best use of Council spending, for the benefit of the County.

## **CIPFA/SOLACE Framework Core Principle D: Determine the interventions necessary to maximise the delivery of the intended outcomes**

### **Decisions**

- There is evidence over the last few years that Cyngor Gwynedd is prepared to take difficult decisions, but only after considering the evidence in detail.

### **Planning Operations**

- The Council strives to maintain a suitable balance between having Project Management procedures in place and working efficiently. In that regard, the Council already maintains robust project management arrangements for the largest projects, using a less comprehensive version but based on the same principles for other projects.
- The Council has a Mid-Term Financial Plan, with annual budgets based on that. The Council's work on financial planning is regularly praised by the external auditors, and the Governance and Audit Committee takes a leading role on financial scrutiny.

### **Reviewing Outcomes**

- The Council's risk assessment, Corporate Plan formulation and project management arrangements ensure that the intended outcomes at the start of any project are clear. The annual performance report seeks to focus on assessing the extent to which those outcomes have been achieved.

## **CIPFA/SOLACE Framework Core Principle E: Develop the capacity of the entity, including the capacity of its leadership and the individuals within it**

### **Property Assets**

- A new Asset Management Plan for the 10 year period 2024-2034 has been adopted by the Council on 11 July 2024.

### **Information Technology Assets**

- A new Digital Plan for the period 2023-28 has been adopted; it was scrutinised by the Education and Economy Scrutiny Committee in September 2023 and formally approved by Cabinet in November 2023.

### **Workforce Planning**

- The Workforce Planning Project Board has agreed on long-term objectives and a list of sub-projects for the period leading up to March 2028.
- Exit interview arrangements and a new jobs website are in place.

### **Leadership**

- The series of Managers and Team Leaders Network meetings (held twice a year) is a key part of the shift of emphasis from a culture of "management" to "leading" within the Council.
- A specific project continues to have a high improvement priority in relation to Women in Leadership within the Council. The Council recognises that the number of women fulfilling a managerial role within the Council is disproportionate to the division of the entire workforce and therefore seeks to boost the number of women applying for and reaching senior positions within the Council.
- The Corporate Management Team is committed to its development, with each team member completing a personal profile and attending regular workshops in order to develop as an individual leader and to reinforce the ability to take full advantage of operating as a team.
- Similarly, the new Cabinet formed in December 2024 is committed to its development at the level of individual members and as a team.

### **Customer Contact**

- In-depth analysis carried out and presented to Members in October 2022 with a programme of work identified and the risk added to the corporate governance risks. Planning calls are being received directly from the Planning Service from the 1st of April, 2023 and a short training module has been piloted for all staff dealing with enquiries.
- A Plan for Working for the Future was adopted in September 2023.

## **CIPFA/SOLACE Framework Core Principle F: Risk and performance management through sound internal control and strong control over public funds**

### **Risk Management**

- There are strong arrangements for monitoring our compliance with certain types of operational risks. All risks in the Corporate Risk Register have been considered from the perspective of the risk to the People of Gwynedd, not from the Council's intrusive perspective.
- The Council's systems for identifying, assessing, recording and reporting risks are constantly evolving.

### **Performance**

- Officers and Members continually question whether we are measuring the right things. There are regular meetings with Cabinet Members and management to assess the latest performance with members of the relevant Scrutiny Committee also present to give a challenge.
- Since April 2025, regular performance reports from Cabinet members on their areas of responsibility are submitted to meetings of the Scrutiny Committees, where previously the reports went to Cabinet. This change is seen as a key step in improving challenge and accountability.
- Complaints are also a key way to get information to improve. The Corporate Complaints Regime continues to develop well. The Service Improvement Officer ensures that we learn lessons from complaints, and avoids repeating mistakes.

### **Internal Control**

- Reviewing and adapting internal controls so that they are proportionate to what is needed is core to the aim of putting the people of Gwynedd at the centre of everything we do, removing over-bureaucratic tasks. Removing barriers is part of everyone's job, resulting in an appropriate level of internal control. The efficiency of the Internal Audit regime is under ongoing review, and a self-assessment shows that the service meets professional standards as expected. The Governance and Audit Committee has an agreed terms of reference which is reviewed regularly. There is evidence that the Governance and Audit Committee is very effective in fulfilling its functions.

### **Information**

- The Council's Information Plan 2021-2026 (2024 update) includes a number of plans for addressing the risks of information management and data use. 23 of the 65 projects within the scheme have already been completed and the remainder are ongoing.
- The cross-departmental Information Group takes a corporate overview of this area.

## **Finance**

- The Council has effective arrangements for financial planning and management, including accountants and internal auditors, led by the chief finance officer.
- Internal auditors have a focus on effective arrangements and controls in financial systems, while the accountants work closely with the departments and encourage managers' ownership of their systems, performance, and financial appropriateness.
- The review of expenditure against budgets, and monitoring that savings have been achieved by all Council departments, ensures that the services are operating efficiently. The revenue expenditure situation is reported to the Governance and Audit Committee and Cabinet but as the need to find savings continues, and demand for services increases, a situation can be envisaged where there are insufficient funds in the future to address the budget shortfall.

## **Health, Safety and Wellbeing**

- Health and Safety Policy adopted by the Council which is reviewed annually.
- Specialist consultants available to advise. Mandatory training is provided for all Council staff.
- IOSH Safe Management training is provided to Managers and relevant staff, with various other training in place depending on the nature of responsibilities.
- Communication arrangements with a Corporate Forum and Advisory Panel including a dedicated intranet site with a host of guidelines and procedures.
- An accident reporting and investigation procedure has been established.

## **CIPFA/SOLACE Framework Core Principle G: Implement good practices in transparency, reporting, and audit to ensure effective accountability**

### **Accountability**

- The Council has provided guidance on the preparation of reports and on good decision-making, to ensure that the reports available to the public are clear.

### **Assurance**

- Statutory officers ensure that matters comply with the law and constitution arrangements while the Chief Executive and Directors continually challenge whether departments are doing the right things.
- The Governance and Audit Committee keeps an overview of the governance arrangements as well as the implementation of external auditors' recommendations. This is supported by the Internal Audit Service operating in accordance with the statutory professional standards, the Public Sector Internal Audit Standards.
- Scrutiny arrangements have been reviewed a number of times in recent years, with Audit Wales's independent report in September 2023 identifying good progress in Gwynedd's standard of scrutiny.
- The scrutiny officers work closely with the Chairs/Vice-Chairs of the individual committees to ensure clarity and share best practice. This will develop further with the support of the Chief Executive and Directors on a regular basis in scrutiny committees.
- Training for the Corporate Management Team has taken place and an annual meeting will be held to review progress. Training for Members in relation to their responsibilities on factors to be taken into account in decision-making.

## Part 4: ASSESSMENT OF THE EFFECTIVENESS OF OUR GOVERNANCE ARRANGEMENTS

- 4.1 Cyngor Gwynedd has carried out a self-assessment of its governance arrangements in accordance with requirements CIPFA/Solace Framework *Delivering Good Governance in Local Government* and the requirements of the Local Government and Elections (Wales) Act 2021. The assessment has highlighted the following in terms of mitigating the governance risks:
- The most notable progress during the second year of the Ffordd Gwynedd Plan is:
    - Learning, Experimenting and Taking Action to Improve** - The emphasis in the current Plan on carrying out reviews on smaller pieces of work systems, as well as carrying out reviews on whole systems, has borne fruit and all Departments in the Council are able to provide examples of reviews that have led to improvements during the year.
    - Leadership** - The new look Ffordd Gwynedd training programme has been reintroduced for managers during the year while the Manager Development Programme is going from strength to strength with the positive feedback from attendees.
    - Support and Development** – A new Learning and Development Framework has been launched with the programme for the first year focusing on basic training such as finance management, wellbeing and digital skills. The Senior Leadership Program, the Management Development Program and the Women in Leadership Program continue to showcase their value with a large number of officers eager to sign up on each occasion when a new series is announced.
    - Workforce Planning and Talent Development** – Seven work streams have been identified to drive this work forward. They range from running a "Ffordd Gwynedd" exercise on the whole process of attracting staff to work for the Council, to the need for the establishment of specific training schemes that greet rare skills and specialties, as well as the appropriate behaviours, which are necessary for future continuity of service.
    - A Satisfied and Healthy Workforce** - A new Well-being Strategy was approved by Cabinet at its meeting on 17 December, 2024. The Strategy is based on three foundations, namely leadership and management, sustainable support, and a work environment with mental, physical, social and financial well-being at the heart of what is sought to be achieved.
    - Customer Contact** - A cross-departmental Group has been established to formulate a Charter and Customer Contact Standards. That Charter, in its final draft form, will be submitted to Cabinet for adoption on July 8, 2025. There has been comprehensive consultation on the content of the Charter across Council services and this is a good example of seeking views on developments with staff.
  - The Council has introduced a series of annual milestones for each of the projects in the Council's Plan to allow us to measure progress as well as plan work for the future. Work to further improve this is ongoing.
  - The Council's Constitution is a public document that sets out the governance arrangements and a Guide to the Constitution is provided to reinforce this. The Governance Group has continued to meet regularly and maintains an overview of governance issues within the Council. The Group consists of the Corporate Director, the Monitoring Officer, the Section 151 Officer, the Head of Corporate Support, the Assistant Head of Corporate Support, the Risk & Insurance Manager and the Council's Business Support Service Manager.
  - The Council publishes an Annual Governance Statement outlining our governance arrangements and their effectiveness following the principles of the CIPFA/Solace *Delivering Good Governance in Local Government* Framework.
  - The Council has a process to manage risks by having a Corporate Risk Register in place.
  - An annual workshop on assurance and risks will be held with external auditors (Audit Wales, Care Inspectorate Wales and Estyn).
  - When recommendations are issued by external audit bodies, an institutional response will be prepared on behalf of the Council and the Governance and Audit Committee is responsible for reviewing and assessing the response along with progress against the recommendations.

- Appropriate arrangements are also in place to respond to any reports from the Health and Safety Executive (HSE).
- The main governance risks are scored both corporately and at the Department level as the level of risk varies. The internal Governance Group has an overview and is responsible for quality assurance within Cyngor Gwynedd.
- The Council has commissioned *Local Partnerships* to undertake a review of our governance arrangements, with the intention of providing the Council with an independent and objective challenge as well as offering any recommendations for improvement.
- While the regime and future risk management strategies are generally improving and strengthening, new arrangements have been put in place to try to standardise and try to harmonise the scores for very high risks. These are submitted to the Corporate Management Team every 3 months. During 2025/26 we will also report on these risks to the Governance and Audit Committee and Leadership Team twice a year.
- On the basis of Internal Audit work completed during 2024/25, it was considered that Cyngor Gwynedd's internal control framework during that financial year was operating at a level of reasonable assurance on the overall adequacy and effectiveness of the Authority's governance, risk management and internal control framework.
- There are robust arrangements in place for supporting Elected Members in Gwynedd, with 97% of Gwynedd Councillors reporting that the service provided by the Democracy Team is very good. We will continue to build on these solid foundations in the year ahead.
- The Head of Finance has carried out a self-assessment of compliance with the CIPFA Financial Management Code, and updates it at least once a year and the current assessment shows high compliance across all of the standards. In 2025, we have commissioned CIPFA to undertake an independent audit of the self-assessment, and the outcome of that work will be considered when designing a financial support service for the future.
- The Apprenticeship Scheme has provided an opportunity for **81** apprentices since 2019 and the Graduate Scheme ("Cynllun Yfory") has given an opportunity **to 37** professional trainees since 2017 with many of them having been offered a job with the Council. For 2025, a total of 21 new jobs are available, namely 13 apprentice jobs and 8 graduate jobs.
- The 2024 "Llais Staff" Survey was conducted during a challenging period that included fiscal uncertainty, political changes in the Council, and a period of further changes to our 'working for the future' working arrangements following the pandemic. As a result, there has been a slight decrease in the level of staff satisfaction in response to most of the questions, but the level of satisfaction remains high for some of the key indicators e.g. the score for the statement 'the Council is a good place to work' is 80%, and 87% for "I've been motivated to do my best in my job for the benefit of the people of Gwynedd." As in last year's survey, this year's survey consisted of 4 parts – Me and my Well-being, Me and my job, Me and my service and Me and my Employer.

1,330 staff completed the Staff Voice questionnaire, which is approximately 21.8% of staff who had the opportunity to answer the survey. **50.6%** indicated that they agreed or strongly agreed **that the Council was effectively discharging its duties.**

**40.9%** agreed or strongly agreed **that the Council was making the best use of the resources at its disposal**, and **48.6%** agreed or strongly agreed **that the Council had arrangements in place to ensure that it was performing effectively.**

- Trade Unions were consulted and asked for feedback on the following areas:
  - Comments on the authority's performance and areas for improvement
    - Is the Council carrying out its duties effectively?
    - Is the Council making the best use of the resources at its disposal?
    - Does the Council have arrangements in place to ensure it performs effectively?
  - Tips for improving staff engagement and wellbeing

Among the responses, it was noted that there was room for improvement in communication with unions regarding staffing issues in some departments, and there was a recognition that there was

some way to go in terms of Social Partnership (when groups such as local government, businesses and trade unions work together to make decisions), as this is a learning process.

- Gwynedd was part of the National Resident Survey, the first of its kind to be conducted in Wales. There were 3,094 responses to the survey.
- The number of Valid Formal Complaints has decreased this year compared to last year, but those that have gone to the Ombudsman have increased. We are still working on reducing the time taken to respond to complaints and aim for the new Customer Contact Charter being developed to have a positive impact on this.
- The Procurement Team provides advice and support to services and ensures that the organisation follows regulations and best practice in procurement.
- In 2024/25 the Council was shortlisted for the Wales procurement award (GO Awards). The nomination is for our efforts to seek to gain social value in the procurement of our food provision across the County.
- An extensive training programme for Elected Members was provided during 2024/25 which included core training in seven specific areas:
  - i. Safe Leadership and Personal Safety
  - ii. Code of Conduct
  - iii. Well-being of Future Generations Act
  - iv. Safeguarding Children and Adults
  - v. Your Responsibility for Equality
  - vi. Your Responsibility as a Corporate Parent
  - vii. Information About People : Your Responsibility
- Setting a balanced budget for 25/26 is a challenge, particularly given the need to ensure that departmental budgets are adequate to provide the necessary level of services for the people of Gwynedd, and to avoid overspending as seen in 2024/25. At that time there was a departmental overspend of £6.6m with significant overspend in the Departments of Adults, Health and Well-being, Children and Families, Highways, Engineering and YGC and Environment.
- During 2024, Audit Wales undertook a review of the Council's financial sustainability including a focus on the actions, plans and arrangements to bridge funding gaps and address financial pressures over the medium term. It was found that there had been a significant increase in the number of departments in the Council that overspent in the last two financial years, and that the Council had developed arrangements to review its budgets.
- An internal review is underway to improve our Council Tax collection arrangements, and actions have been introduced to increase collection rates in the future. This work will continue to receive attention over the coming year. We are also keen to ensure that issues such as this receive early attention in the future and will be looking to review our arrangements to ensure this happens.
- Over the past year, there have been changes in the Council's political leadership, with several new Cabinet Members taking on responsibilities across a range of areas. In addition, appointments to senior officer positions are expected over the next few months. These changes may pose challenges to consistent leadership and cause delays in strategic decision-making, but we recognise this and intend to address the issue appropriately.
- A Strategic Equality Plan for 2024-28 has been developed to provide a framework to improve fairness within the Council and ensure that we treat people according to their needs, and this work is ongoing.
- Each year the Council prepares a Financial Strategy and sets a balanced Budget to ensure continuity of service.
- The Council also publishes a Statement of Accounts at the end of each financial year showing its annual expenditure. The review of expenditure against budgets and monitoring that savings have been achieved by all Council departments, ensures that the services are operating efficiently. However, as noted earlier, the increasing pressures on the Council's budget are making it harder for departments to maintain the same level of services within the budget provided, leading to a risk of overspending

- The Local Government and Elections (Wales) Act 2021 has created new duties for Political Group Leaders to take an element of responsibility for promoting good behaviour and co-operating with the Standards Committee. A protocol and criteria for assessing the fulfilment of the duty were agreed in a workshop between the members of the Committee and the Leaders. These were adopted by the Standards Committee and would contribute to the preparation of the Committee's annual report. This work has been supported by regular meetings and communication with the Monitoring Officer.
- 4.2 For each of the Governance Risks, a current risk score is shown, which is the score after an objective assessment of the management arrangements currently in place. Two factors are taken into account:
- **Impact** of risk if the event is realised
  - The **Probability** of it happening.
- 4.3 The Impact scores range from 1 (visible impact) to 5 (catastrophic impact), and the Probability scores of 1 (Very Unlikely) to 5 (happening now). The risk score is calculated by multiplying the impact score and the probability score together.
- 4.4 The relative level of risks is assessed as follows:

<b>Score: 20-25</b>	<b>Very High Risk</b>
<b>Score: 12-16</b>	<b>High Risk</b>
<b>Score 6-10</b>	<b>Medium Risk</b>
<b>Score 1-5</b>	<b>Low Risk</b>

- 4.5 Following the self-assessment set out above, the Governance Group assesses the risk scores in the 24 governance areas as follows:

Area	Risk	Effect	Likelihood	Risk Score
Culture	Inappropriate culture within the Council can hinder our ability to do the right things in the correct manner	4	3	<b>12</b>
Conduct	Lack of integrity, ethics and respect in the conduct of members and officers, undermining the public's confidence in the Council	2	2	<b>4</b>
Lawfulness	Ignoring the rule of law, which means that the Council is open to challenges from the courts.	3	1	<b>3</b>
Being open	Council that is not open, meaning that it is not possible to hold it accountable for its decisions	2	1	<b>2</b>
Stakeholders	Weak relationship with institutional stakeholders, ending with sub-optimal services	3	3	<b>9</b>
Engagement	Failure to engage effectively with service users and individual citizens leads to prioritisation and poor decision making	3	3	<b>9</b>
Direction and vision	Direction and vision that is not rooted in the outcomes for individuals and therefore does not realise the needs of the People of Gwynedd	3	2	<b>6</b>
Sustainability	Failing to comply with the five principles of the Well-being of Future Generations Act	3	3	<b>9</b>
Decisions	Unwillingness to make decisions on action, which means a delay in achieving the outcomes for the people of Gwynedd	2	2	<b>4</b>
Planning Operations	Intervention without sufficient planning	2	2	<b>4</b>

Area	Risk	Effect	Likelihood	Risk Score
Reviewing outcomes	Failure to review the outcomes of our actions, which means that we do not learn lessons by continuing to do the same things incorrectly	3	2	6
Property Assets	The Council's property assets not used to their full potential	2	2	4
Information Technology Assets	The Council's Information Technology assets not used to their full potential	3	3	9
Workforce Planning	Failure to plan the workforce in terms of attracting, developing and retaining staff	3	3	9
Leadership	Deficiencies in the Council's leadership means that we are not doing the right things	4	2	8
Risk Management	Weaknesses in our risk management arrangements that increase the threat of something going wrong or failure to take an opportunity to improve	5	2	10
Performance	Weaknesses in our performance management arrangements mean that we cannot take appropriate steps to achieve our purpose	2	2	4
Internal Control	Unsuitable internal control arrangements which means that we either do not protect ourselves from risks, or waste resources on over-control	2	2	4
Information	Failure to maximise the potential of information in supporting Council business and failure to meet statutory requirements	4	3	12
Finance	Overspending due to underfunding or lack of financial control	5	3	15
Accountability	Poor reporting, lack of transparency and unsuitable for the audience	2	2	4
Assurance	Lack of assurance and accountability that raises suspicion amongst the public regarding what the Council is doing	3	5	15
Health, Safety and Wellbeing	Ineffective Health, Safety and Wellbeing Management System	5	3	15
Customer Contact	Lack of timely response to enquiries	3	4	12

We have been advised on the implications of the result of **the review of the effectiveness of the governance framework** by the Governance and Audit Committee, and that the arrangements **continue to be regarded as fit for purpose in accordance with the governance framework**. The areas that have already been addressed and those which the Council will address specifically have new ongoing action plans and are outlined below.

## Part 5. SIGNIFICANT GOVERNANCE ISSUES

- 5.1 The above scores show that none of the 24 areas of governance present a very high risk. 6 is high risk and 9 is medium risk.
- 5.2 The self-assessment has identified the following improvements that will be implemented in 2025-26.
- In response to the recommendations of a study by Audit Wales we will be looking to improve our service commissioning arrangements.
  - Manage the impact of the significant changes that have recently taken place in the Council's political leadership and among Heads of Department.
  - Improve training on risk identification and management.
  - To act on the relevant recommendations in the Local Partnerships report.
  - Consider how we can build on the resident survey organised by the Welsh Local Government Association/Data Cymru and obtain more information/evidence to enable us to improve services.
  - To put further action in place to improve compliance with the Social Partnership Duty.
  - To act on the findings of the Staff Voice Survey, including appreciation and well-being.
- 5.3 An update on previous years' actions will be reported in Cyngor Gwynedd's Annual Performance Report and Self-Assessment 2024/25.

## Part 6: OPINION

We are of the opinion that the governance arrangements described above offer assurance that our governance arrangements work well overall. However, we intend to take measures to deal with the matters noted in Part 4 above during next year in order to improve our governance arrangements. We are satisfied that these measures will deal with the need to improve as identified in the effectiveness review, and we will monitor their operation as part of the next annual review.

**DAFYDD GIBBARD**  
**CHIEF EXECUTIVE OF CYNGOR GWYNEDD**

---

**Cllr. NIA JEFFREYS**  
**LEADER OF CYNGOR GWYNEDD**

**DATE: 16/10/2025**

**DATE: 16/10/2025**

## **The report of the Auditor General for Wales to the members of Cyngor Gwynedd**

### **Opinion on financial statements**

I have audited the financial statements of the Cyngor Gwynedd for the year ended 31 March 2025 under the Public Audit (Wales) Act 2004.

Cyngor Gwynedd's financial statements comprise the Expenditure and Funding Analysis, the Movement in Reserves Statement, the Comprehensive Income and Expenditure Statement, the Balance Sheet, the Cash Flow Statement and the related notes, including the material accounting policies.

The financial reporting framework that has been applied in their preparation is applicable law and UK adopted international accounting standards as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2024-25.

In my opinion, in all material respects, the financial statements:

- give a true and fair view of the financial position of Cyngor Gwynedd as at 31 March 2025 and of its income and expenditure for the year then ended; and
- have been properly prepared in accordance with legislative requirements and UK adopted international accounting standards as interpreted and adapted by the Code of Practice on Local Authority Accounting in the United Kingdom 2024-25.

### **Basis of opinion**

I conducted my audit in accordance with applicable law and International Standards on Auditing in the UK (ISAs (UK)) and Practice Note 10 'Audit of financial statements and regularity of public sector bodies in the United Kingdom'. My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report. My staff and I are independent of Cyngor Gwynedd in accordance with the ethical requirements that are relevant to my audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

### **Conclusions relating to going concern**

In auditing the financial statements, I have concluded that the use of the going concern basis of accounting in the preparation of the Financial statements is appropriate.

Based on the work I have performed, I have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on Cyngor Gwynedd's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from when the financial statements are authorised for issue.

My responsibilities and the responsibilities of the responsible financial officer with respect to going concern are described in the relevant sections of this report.

### **Other Information**

The other information comprises the information included in the annual report other than the financial statements and my auditor's report thereon. The Responsible Financial Officer is responsible for the other information contained within the annual report. My opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in my report, I do not express any form of assurance conclusion thereon.

My responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If I identify such material inconsistencies or apparent material misstatements, I am required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact.

I have nothing to report in this regard.

## **Opinion on other matters**

In my opinion, based on the work undertaken in the course of my audit:

- the information contained in the Narrative Report for the financial year for which the financial statements are prepared is consistent with the financial statements and is in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2024-25; and
- the information given in the Governance Statement for the financial year for which the financial statements are prepared is consistent with the financial statements and is in accordance with guidance.

## **Matters on which I report by exception**

In the light of the knowledge and understanding of Cyngor Gwynedd and its environment obtained in the course of the audit, I have not identified material misstatements in the Narrative Report or the Governance Statement.

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- I have not received all the information and explanations I require for my audit;
- adequate accounting records have not been kept, or returns adequate for my audit have not been received from branches not visited by my team; or
- the financial statements are not in agreement with the accounting records and returns.

## **Responsibilities of the responsible financial officer for the financial statements**

As explained more fully in the Statement of Responsibilities for the Statement of Accounts, the responsible financial officer is responsible for:

- the preparation of the statement of accounts which give a true and fair view and comply with proper practices;
- maintaining proper accounting records;
- internal controls as the responsible financial officer determines is necessary to enable the preparation of statements of accounts that are free from material misstatement, whether due to fraud or error;
- assessing Cyngor Gwynedd's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the responsible financial officer anticipates that the services provided by Cyngor Gwynedd will not continue to be provided in the future.

## **Auditor's responsibilities for the audit of the financial statements**

My responsibility is to audit the financial statements in accordance with the Public Audit (Wales) Act 2004.

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. I design procedures in line with my responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

My procedures included the following:

- enquiring of management, Head of Internal Audit and those charged with governance, including obtaining and reviewing supporting documentation relating to Cyngor Gwynedd's policies and procedures concerned with:
  - identifying, evaluating and complying with laws and regulations and whether they were aware of any instances of non-compliance;
  - detecting and responding to the risks of fraud and whether they have knowledge of any actual, suspected or alleged fraud; and
  - the internal controls established to mitigate risks related to fraud or non-compliance with laws and regulations.

- considering as an audit team how and where fraud might occur in the financial statements and any potential indicators of fraud. As part of this discussion, I identified potential for fraud in management override;
- obtaining an understanding of Cyngor Gwynedd's framework of authority as well as other legal and regulatory frameworks that Cyngor Gwynedd operates in, focusing on those laws and regulations that had a direct effect on the financial statements or that had a fundamental effect on the operations of Cyngor Gwynedd; and
- obtaining an understanding of related party relationships.

In addition to the above, my procedures to respond to identified risks included the following:

- reviewing the financial statement disclosures and testing to supporting documentation to assess compliance with relevant laws and regulations discussed above;
- enquiring of management and Cyngor Gwynedd about actual and potential litigation and claims;
- reading minutes of meetings of those charged with governance;
- in addressing the risk of fraud through management override of controls, testing the appropriateness of journal entries and other adjustments;
- assessing whether the judgements made in making accounting estimates are indicative of a potential bias; and
- evaluating the business rationale of any significant transactions that are unusual or outside the normal course of business.

I also communicated relevant identified laws and regulations and potential fraud risks to all audit team members and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

The extent to which my procedures are capable of detecting irregularities, including fraud, is affected by the inherent difficulty in detecting irregularities, the effectiveness of Cyngor Gwynedd's controls, and the nature, timing and extent of the audit procedures performed.

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of my auditor's report.

### **Other auditor's responsibilities**

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

### **Certificate of completion of audit**

Gwynedd in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

Adrian Crompton  
Auditor General for Wales  
19 November 2025

1 Capital Quarter  
Tyndall Street  
Cardiff, CF10 4BZ

## **Glossary**

**Actuarial Gains and Losses** – For a defined benefit pension scheme, the changes in actuarial surpluses that arise because events have not coincided with the actuarial assumptions made for the last valuation (experience gains and losses) or the actuarial assumptions have changed.

**Amortisation** – The gradual elimination of a liability, such as a loan, with regular payments over a specified period of time. Such payments must be sufficient to cover both principal and interest.

**Asset** – Items of worth that are measurable in terms of value.

- A current asset will be consumed or will cease to have material value within the next financial year.
- A non-current asset provides benefit to the Council and to the services it provides for a period of more than one year.

**Balances (or Reserves)** – These represent accumulated funds available to the Council. Some balances (reserve) may be earmarked for specific purposes for funding future defined initiatives or meeting identified risks or liabilities.

**Capital Adjustment Account** – A reserve set aside from revenue resources or capital receipts to fund capital expenditure or the repayment of external loans and certain other capital financing transactions.

**Capital Expenditure** – Expenditure on the procurement of a non-current asset, which will be used in providing services beyond the current accounting period or expenditure that adds to, and not merely maintains, value of an existing non-current asset.

**Capital Financing** – Funds obtained to pay for capital expenditure. There are various methods of financing capital expenditure including borrowing, leasing, direct revenue financing, usable capital receipts, capital grants, capital contributions, revenue reserves and earmarked reserves.

**Capital Receipt** – Income received from the sale of land or other capital assets.

**CIPFA (Chartered Institute of Public Finance and Accounting)** – The professional institute for accountants working in the public sector.

**Community Assets** – These are non-current assets that the Council intends to hold in perpetuity which have no determinable finite useful life and, in addition, may have restrictions on their disposal. Examples are parks and historical buildings.

**Creditors** – Amounts owed by the Council for work done, goods received or services rendered, for which payments have not been made by the end of that accounting period.

**Current Service Cost** – The increase in the present value of a defined benefit pension scheme's liabilities expected to arise from employee service in the current period.

**Debtors** – Amount owed to the Council for work done, goods received or service rendered within the accounting period, but for which payment has not been received by the end of that accounting period.

**Defined Benefit Scheme** – A pension or other retirement benefit scheme other than a defined contribution scheme.

**Defined Contribution Scheme** – A pension or other retirement benefit scheme into which an employee pays regular fixed contributions as an amount or as a percentage of pay, and will have no legal or constructive obligation to pay further contributions if the scheme does not have sufficient assets to pay all employees benefits relating to the employee Service in the current and prior periods.

**Depreciated Replacement Cost (DRC)** – A method of valuation that provides a proxy for the market value of specialist assets.

**Depreciation** – A measure of the cost of the economic benefits of the tangible fixed assets consumed during the period.

**Fair Value** – The price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

**Finance Lease** – A lease that transfers substantially all of the risks and rewards of ownership of a non-current asset to the lessee.

**Financial Instruments** – Any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another. The term covers both financial assets and financial liabilities, from straightforward trade receivables (invoices owing) and trade payables (invoices owed) to complex derivatives and embedded derivatives.

**General Fund** – This is the main revenue fund of the Council and it includes the net cost of all services financed by local taxpayers and Government grants.

**Heritage Assets** – An asset with Historical, Artistic, Scientific, Technological, Geophysical or Environmental qualities that is held and maintained principally for its contributions to knowledge and culture.

**Impairment** – A reduction in the carrying value of a fixed asset below its carrying value (due to obsolescence, damage or an adverse change in the statutory environment).

**Intangible Asset** – An intangible asset is an identifiable non-monetary asset without physical substance. An example includes computer software.

**International Financial Reporting Standards (IFRS)** – A suite of accounting standards used across the world. They must be applied by all reporting entities to all financial statements in order to provide a true and fair view of the entity's financial position, and a standardised method of comparison with financial statements of the other entities.

**Inventories** – Amounts of unused or unconsumed stocks held in expectation of future use. They are categorised as goods or other assets purchased for resale, consumable stores, raw materials and Components, Products and Services in intermediate stages of completion and finished goods.

**Investment Property** – Property that is held solely to earn rentals or for capital appreciation, or both.

**Liability** – Amounts due to individuals or organisations which will have to be paid at some time in the future.

**Minimum Revenue Provision (MRP)** – This is the minimum amount which must be charged to an Authority's revenue account each year and set aside as provision for credit liabilities.

**Net Book Value** – The amounts in which fixed assets are included in the Balance Sheet, i.e. their historical cost or current value, less the cumulative amount provided for depreciation.

**Operating Lease** – A type of lease, usually on computer equipment, office equipment, furniture etc. where the balance of risks and rewards of holding the asset remains with the lessor. The asset remains the property of the lessor and the lease costs are revenue expenditure to the Council.

**Precepts** – The levy made by precepting authorities on billing authorities, requiring the latter to collect income from Council taxpayers on their behalf.

**Private Finance Initiative (PFI)** – A central government initiative which aims to increase the level of funding available for public services by attracting private sources of finance.

**Provision** – A liability that is of uncertain timing or amount which is to be settled by transfer of economic benefits.

**Related Parties** – Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operating decisions.

**Trust Funds** – Funds administered by the Council for such purposes as prizes, charities, specific projects and on behalf of minors.
