This document has been prepared as part of work performed in accordance with statutory functions.

The Auditor General, Wales Audit Office and staff of the Wales Audit Office accept no liability in respect of any reliance or other use of this document by any member, director, officer or other employee in their individual capacity, or any use by any third party.

For further information, or if you require any of our publications in an alternative format and/or language, please contact us by telephone on 029 2032 0500, or email info@audit.wales.

We welcome correspondence and telephone calls in Welsh and English. Corresponding in Welsh will not lead to delay. Rydym yn croesawu gohebiaeth a galwadau ffôn yn Gymraeg a Saesneg. Ni fydd gohebu yn Gymraeg yn arwain at oedi.

Mae'r ddogfen hon hefyd ar gael yn Gymraeg. This document is also available in Welsh.

Introduction

Adrian Crompton

Auditor General
for Wales

I am pleased to share my 2026 Audit Plan. The Plan sets out how I will undertake your audit.

My audit team has developed the Plan following a structured and risk-based planning process, which will remain ongoing throughout the audit. My [Code of Audit Practice](#) provides further detail on how my audit and certain other functions are to be carried out by my auditors.

At the core of all our work is our commitment to maintaining the highest standards of professional integrity, objectivity, independence and audit quality. Our three lines of assurance model (page 23) sets out how we will ensure those standards of quality are met. Our latest [annual quality report](#), provides more information about our audit quality arrangements.

My audit team will work constructively with your staff to understand the issues you are facing, ensure the audit process operates as smoothly as possible, and provide valuable insights about any areas for improvement.

My local performance audit work programme, as outlined in this Plan, sits alongside other [national audit work](#) that may include coverage of your organisation. Local performance audit work may also inform wider national reporting.

Should you have any questions about your audit my audit team will be happy to discuss them with you. They will also keep you regularly updated as work progresses.

Our aims and ambitions

Our purpose

-  Assure people that public money is being managed well
-  Explain how that money is being spent
-  Inspire the public sector to improve

Our vision

-  Fully exploiting our unique perspective, expertise and depth of insight
-  Strengthening our position as an authoritative, trusted and independent voice
-  Increasing our visibility, influence, and relevance
-  Being a model organisation for the public sector in Wales and beyond

Our areas of focus

-  A strategic, dynamic, and high-quality audit programme
-  A targeted and impactful approach to communications and influencing
-  A culture and operating model that enables us to thrive

You can find out more about Audit Wales in our [Annual Plan 2026-27](#) and Our [Strategy 2022-27](#).

Financial audit work

Audit of financial statements

I am required to issue a report on your financial statements which includes an opinion on their ‘truth and fairness’ and their proper preparation in accordance with accounting standards and legal requirements.

I will also report by exception on a number of matters which are set out in more detail in our [Statement of Responsibilities](#).

In addition to my responsibilities for auditing the Cyngor Gwynedd’s (the Council) financial statements, I also have responsibility for:

- certifying a return to the Welsh Government which provides information about the Council to support preparation of Whole of Government Accounts;
- responding to questions and objections about the accounts from local electors (additional fees will be charged for this work, if necessary);
- the audit of Cyngor Gwynedd Harbours Authority where a separate plan is not produced;
- the audit of GwE joint committees (accounts up to 31 May 2025) where a separate plan is prepared; and
- the certification of a number of grant claims and returns as agreed with the funding bodies.

There have been no limitations imposed on me in planning the scope of this audit.

Certification of grant claims and returns

I have also been requested to undertake certification work on the Council’s grant claims, which I anticipate will include housing benefits, teachers’ pensions and non-domestic rates.

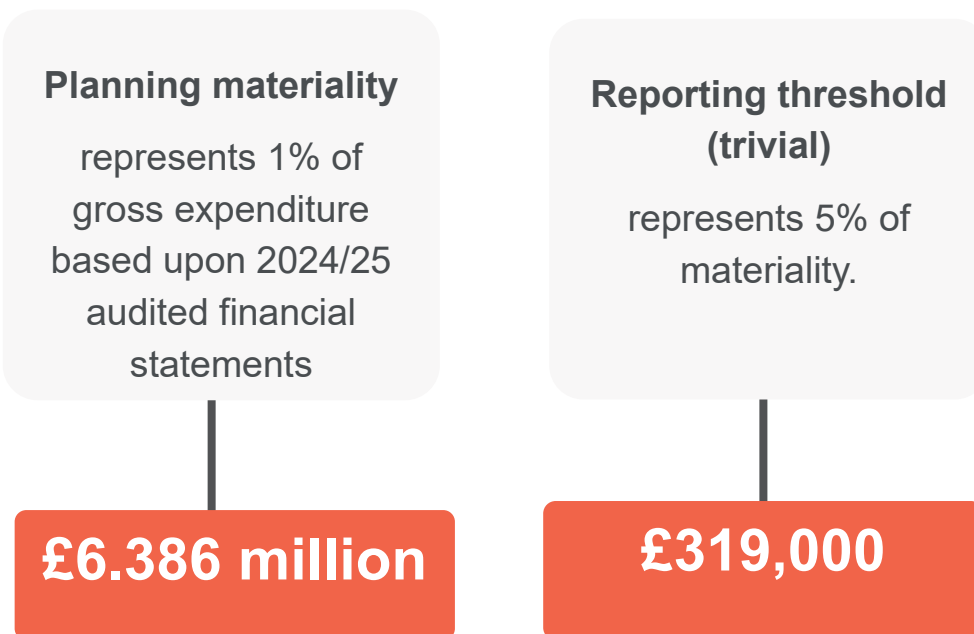

Financial statements materiality

I do not seek to obtain absolute assurance on the truth and fairness of the financial statements and related notes but adopt a concept of materiality. My aim is to identify material and correct misstatements, that is, those that might result in a reader of the accounts being misled. Materiality applies not only to financial misstatements, but also to disclosure requirements and adherence to the applicable accounting framework and law.

I set planning and performance materiality to:

- determine the level of misstatement that could cause the user of the accounts to be misled;
- assist in the scoping of our audit approach and resultant audit tests;
- determine sample sizes;
- assess the effect of known and likely misstatements in the financial statements; and
- report to those charged with governance any unadjusted misstatements above a trivial level, our reporting threshold.

The levels at which I judge such misstatements to be material is set out below.

There are some areas of the accounts that may be of more importance to the user of the accounts, and we have set a lower materiality level for these:

Senior Officer Remuneration £1,000	Related party disclosures (individuals) £10,000
--	---

My audit team will assess materiality levels throughout the audit.

Significant financial statements risks

Significant risks are identified risks of material misstatement for which the assessment of inherent risk is close to the upper end of the spectrum of inherent risk or those which are to be treated as a significant risk in accordance with the requirements of other International Standard on Auditing (ISAs). The ISAs require us to focus more attention on these significant risks.

Risk of management override

The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk [ISA 240.32-33].

Our planned response

My audit team will:

- test the appropriateness of journal entries and other adjustments made in preparing the financial statements;
- review accounting estimates for bias; and
- evaluate the rationale for any significant transactions outside the normal course of business.

Other areas of focus

I set out below other identified risks of material misstatement which, although not determined to be significant risks as above, I would like to bring to your attention.

Valuation of pension fund net liability/surplus

The Local Government Pension scheme (LGPS) as reflected in the financial statements are material estimates.

The nature of this estimate means that it is subject to a high degree of estimation uncertainty as it is sensitive to small adjustments in the assumptions used in its calculation.

The impact of economic conditions, particularly interest rate levels also has a significant impact on the liability. At 31 March 2025 for example, the liability was in fact a surplus, primarily due to higher interest rates.

A triennial valuation of the scheme has been undertaken as at 31 March 2025, which will impact upon disclosures in the Council's financial statements for the first time in the 2025-26 financial year.

There are also several legal cases potentially impacting on the valuation of the net liability.

There is a risk therefore that the liability/surplus is materially misstated.

Our planned response

My audit team will:

- evaluate the instructions issued by management to their management experts (actuary) for this estimate and the scope of the actuary's work;
- assess the competence, capabilities and objectivity of the actuary who carried out the valuations;
- assess the accuracy and completeness of the information provided by the Authority to the actuary to estimate the liability/surplus;
- test the accuracy of the pension fund net liability/surplus and disclosures in the financial statements with the actuarial report from the actuary;

- assess the reasonableness of the assumptions made by the actuary by reviewing the report of the consulting actuary (auditor's expert) and undertaking any additional procedures required;
- undertake a programme of work to provide assurance over the data used by the actuary to undertake the triennial valuation; and
- assess whether any legal cases could have a material impact on the net liability, and if so, confirm that this has been appropriately recognised and disclosed within the financial statements.

Valuation of land and buildings

The value of land and buildings reflected in the balance sheet and notes to the accounts are material estimates.

Land and buildings are required to be held on a valuation basis which is dependent on the nature and use of the assets. This estimate is subject to a high degree of subjectivity, depending on the specialist and management assumptions, and changes in these can result in material changes to valuations.

Assets are required to be revalued every five years, and for the 2025-26 financial year CIPFA have introduced new requirements for the subsequent measurement of assets, including the application of indexation. This will introduce additional judgements and calculations for finance teams to undertake.

Our planned response

My audit team will:

- review the information provided to the valuer to assess for completeness;
- evaluate the competence, capabilities and objectivity of the professional valuer;
- test a sample of assets revalued in the year to ensure the valuation basis, key data and assumptions used in the valuation process are reasonable, and the revaluations have been correctly reflected in the financial statements;

- review the approach taken to the application of indexation to ensure that it complies with the relevant standards and results in a reasonable estimate; and
- test the reconciliation between the financial ledger and the asset register.

Senior officer remuneration

There have been new permanent and interim appointments to senior posts during 2025-26.

There is a risk that these are not appropriately disclosed in the financial statements as remuneration paid to senior officers continues to be of high interest and is material by nature.

Therefore, there is a that as even low value errors in the disclosure could result a material misstatement.

Our planned response

My audit team will:

- understand the movements in the senior management team during 2025-26;
- ensure that remuneration disclosed is consistent with supporting evidence;
- ensure that amounts paid are consistent with those approved by the Council; and
- ensure that disclosures are complete based on the team's knowledge and are prepared in accordance with requirements.

Related party disclosures

The financial statements must disclose any related party relationships along with the transactions and balances between the Council and the other body/party.

The Council has many relationships that could be considered a related party. Many are well known for example, Welsh Government as funder.

However, where related party relationships arise via individual officer or member relationships, there is likely to be less transparency regarding

these relationships. These transactions are of high interest and are considered to be material by their nature.

There is a risk of material misstatement due to incomplete or inaccurate disclosures, even where these are of relatively low value.

Our planned response

My audit team will:

- review the Council's process for identifying related party relationships and associated transactions and balances;
- undertake procedures to confirm the completeness of related party relationships; and
- ensure disclosures are complete, accurate, consistent with evidence and are in accordance with the Local Government Code.

Legal claims

The Council has received potential claims for damages which could be material to the accounts. There is a risk that the financial statements are therefore materially misstated in respect of this matter.

Our planned response

My audit team will:

- engage with management and the monitoring officer to understand the nature, likelihood and potential financial impact of any claims at year end;
- ensure that all necessary disclosures regarding any claims are complete, accurate and are in accordance with the Local Government Code; and
- ensure they have been correctly accounted for in the financial statements.

Group Accounts determination and timeliness

The Council is the sole proprietor of Byw'n Iach a subsidiary company established to provide leisure services to the residents of Gwynedd. However, the Council has not yet completed its assessment of whether

group accounts are required under the CIPFA Code of Practice for year ended 31 March 2026. Management has indicated that this assessment will not be finalised until the capital accounting elements of the Council's own financial statements are completed. There is therefore a risk that the Council may subsequently determine that group accounts are required at a later stage in the accounts preparation process.

If group accounts are required but identified late, this may:

- result in delays to the preparation and audit of the group financial statements;
- require unplanned consolidation procedures and additional audit work;
- increase the risk of audit timetable slippage and delayed issuance of the audit opinion by the agreed deadline of 30 September 2026;
- increase the risk of errors or omissions in consolidation adjustments due to time pressure; and
- lead to resourcing challenges for both the Council and Audit Wales.

Our planned response

My audit team will

- engage early with management to confirm their assessment of whether group accounts are required, ensuring this evaluation is not contingent on the completion of capital accounting entries;
- perform a preliminary assessment of control and potential materiality of the subsidiary; and
- monitor progress on the group assessment and, where group accounts are determined necessary, promptly revise the audit timetable and audit approach, including application of ISA (UK) 600: 'Special considerations - Audits of group financial statements (Including the work of component auditors)'.

Financial statements audit timetable

Below is a timetable showing the key stages of the audit and our key audit deliverables that we will provide to you.

Exhibit 1: Financial statements audit timetable

<p>Planning</p> <p>February to April 2026</p>	<ul style="list-style-type: none"> Planning meeting High level risk assessment procedures Fraud risk assessment Accounting estimates planning Information flows IT environment risk assessment Indicative audit fee Draft Audit Plan

Performance audit work

Proper arrangements

As set out in the Code of Audit Practice, I must satisfy myself that the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources ('value for money'), and conclude accordingly.

I do this by undertaking an appropriate programme of performance audit work each year. I base my work programme on an assessment of risks of the Council and the wider Local Government sector in Wales not having the proper arrangements in place, with the work typically focusing on the areas of greatest risk.

In designing the programme, my auditors must have considered corporate and service level arrangements, including:

-  Strategic planning
-  Financial planning
-  Performance and risk management
-  Workforce planning
-  Asset management
-  Collaborative working
-  Overall governance.

My auditors will also have taken account of relevant work that is being undertaken or planned by other audit, regulatory and inspection bodies at the Council.

I conduct my performance audit work using the ISSAI 3000 standard developed by the International Organisation of Supreme Audit Institutions (INTOSAI). INTOSAI is a global umbrella organisation for the performance audit community. It is a non-governmental organisation with special

consultative status with the Economic and Social Council (ECOSOC) of the United Nations.

Well-being of future generations

Section 15 of the Well-being of Future Generations (Wales) Act 2015 (the Act) requires me to carry out examinations of public bodies for the purposes of assessing the extent to which a body has acted in accordance with the sustainable development principle when setting well-being objectives and taking steps to meet those objectives.

The **Sustainable development principle** is defined as acting in a manner...

...which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.'

To do this, they must take account of the '**five ways of working**'.

Long-term

Prevention

Integration

Collaboration

Involvement

I must carry out these examinations at each public body covered by the Act at least once during a specified period.

These could be stand-alone examinations as part of my performance audit programme. However, where relevant and appropriate to do so, my auditors will integrate the work required into other planned performance audit work for the Council. My auditors will continue to engage closely with the Office of the Future Generations Commissioner for Wales to help coordinate our respective activities.

Planned performance audit work

I set out below details of my performance audit work to satisfy my duties for 2026-27.

Risk management arrangements

This project will review the Council's risk management arrangements. Overall, routine reviews of the risk register at public committees are crucial for effective risk management, transparency, and maintaining stakeholder trust. Note: This audit was previously included in the 2025 Audit Plan but was replaced late in the year due to changes in the Council's circumstances.

Effectiveness of project outcomes

Our objective for this audit is to establish the extent to which the Council has put in place appropriate arrangements to ensure value for money when planning, carrying out and reviewing its project for purchasing vacant properties to let.

Council tax collection

The Council had the lowest council tax collection rate for Welsh councils in 2024-25. There is a significant and growing risk of arrears increasing and collection rates declining. This audit will help establish the causes of the problem and to what extent the Council can mitigate the risk.

Timing of Performance Audit Work

My team will work with officers in the Council to arrange exact timescales for the individual projects and will be communicated regularly through our work programme and timetable and subsequent mid-year update. My auditors aim to substantially complete the performance audit work set out in this plan by the end of June 2027.

Other statutory audit functions

In addition to the audit of the accounts, I have statutory responsibilities to receive questions and objections to the accounts from local electors. The Public Audit (Wales) Act 2004 sets out these responsibilities:

- Section 30 Inspection of documents and questions at audit; and
- Section 31 Right to make objections at audit.

As this work is reactive, I have made no allowance in the fee below. If I do receive questions and objections, my auditors will discuss the potential impact on audit fees with the Head of Finance.

Audit fee

In January 2026 we published our [2026-27 Fee Scheme](#) following approval by the Senedd Finance Committee which details the average increase to fee rates of 5.3%.

The actual fee that any individual audited body will pay depends not just on our fee rates but on the quantum of work and the skill mix required.

The actual fee for the 2025 audit of the financial statements includes an additional fee of £34,745 reflecting the increased level of audit work that was required to address the matters identified during the audit of the 2024-25 financial statements.

Planning will be ongoing, and changes to my programme of audit work, and therefore my fee, may be required if any key new risks emerge. I shall make no changes without my auditors first discussing them with the Head of Finance. **Exhibit 2** sets out a further breakdown of your estimated audit fee.

I base my audit fee on the following assumptions:

- The agreed audit deliverables set out the expected working paper requirements to support the financial statements and include timescales and responsibilities.
- The audit requirements of my individual performance audit projects are met by the audited body, or suitable alternative arrangements are put in place that satisfy the needs of my audit team.
- No matters of significance, other than as summarised in this plan, are identified during the audit.

Exhibit 2: Breakdown of my estimated audit fee for 2026 (and 2025 for comparison)

Estimated fee for 2026 (£)¹

Audit of financial statements ²	Performance audit work ³	Grant certification work ⁴	Other financial audit work ⁵
£251,286	£122,312	£55,000	£748
Total fee: £429,346			

Estimated fee for 2025 (£)

Audit of financial statements	Performance audit work ⁶	Grant certification work	Other financial audit work
£267,495	£116,157	£52,000	£681
Total fee: £436,333			

¹ The fees shown in this document are exclusive of VAT.

² Payable November 2025 to October 2026.

³ Payable April 2026 to March 2027.

⁴ Payable as work is undertaken.

⁵ Payable November 2025 to October 2026 for work undertaken on Gwynedd Harbour Authority.

⁶ Work is ongoing and therefore this is the latest available estimate, the original fee was £116,157.

Audit team

My audit team will continue to work and engage remotely using technology, but onsite audit work will continue where it is appropriate to do so.

Indeed, my audit team who were onsite during the audit of accounts work last year found the close proximity to officers a more efficient way of working, and officers have fed back positively on their experiences.

Audited bodies have a responsibility to ensure the safety and wellbeing of Audit Wales staff when they are on your premises.

The main members of my team, together with their contact details, are summarised in **Exhibit 3**.

Exhibit 3: My local audit team

Engagement Director	Matthew Edwards matthew.edwards@audit.wales	
	Financial Audit	Performance Audit
Engagement Lead	Matthew Edwards matthew.edwards@audit.wales	Gary Emery gary.emery@audit.wales
Audit Manager	Yvonne Thomas yvonne.thomas@audit.wales	Carwyn Rees carwyn.rees@audit.wales
Audit lead	Sioned Owen sioned.owen@audit.wales	Lora Gwawr Williams lora.williams@audit.wales

There are some threats to independence that I need to bring to your attention relating the Audit Manager (Financial Audit) and the Audit Leads (Financial Audit and Performance Audit). All three have acquaintances and/or family employed by the Council. As a result,

they will either not be involved in any work in relation to the relevant services, or appropriate steps will be implemented to ensure that any potential conflicts are managed.

Audit quality

Our commitment to audit quality in Audit Wales is absolute. We believe that audit quality is about getting things right first time.

We use a three lines of assurance model to demonstrate how we achieve this. We have established an Audit Quality Committee to co-ordinate and oversee those arrangements. We subject our work to independent scrutiny by the Institute of Chartered Accountants in England and Wales and our Chair of the Board, acts as a link to our Board on audit quality. For more information see our annual [Audit Quality Report](#).

Our People

- Selection of right team
