

APPENDIX 1 – Measures of Children and Supporting Families, Youth and Leisure

Ref.	Achievement Measure	2013-14	2014-15	2016-17	Latest information
Youth Service					
IEU05	Number of accreditations that young people receive through the Youth Service	2323	2049	2807	647
	<p>Comments:</p> <p>IEU - 2015/2016 - 813 National accreditations completed through the Youth Service including the Duke of Edinburgh and the Wales Open Award. 1,994 local accreditations / certificates including the Children's University, namely a total of 2807 accreditations. An increase of 758.</p> <p>2016/2017 - April 2016 onwards - 647 accreditations can currently be confirmed - the correct national and local figures (Children's University) will be available at the end of September - still collecting the information and the work of young people who have engaged over the summer.</p>				
Leisure Service					
LCS/002b	Number of leisure centre visits per 1,000 of the population	1206	13,790	10,278	2,661
DADH.42	Percentage of 11 year old children who have attained the National Curriculum Standard for swimming	79%	82%	78%	No information available prior to Quarter 3 2016/17 when the Service will hold its swimming tests for the year
Ifanc02	Percentage of Gwynedd Secondary School children who have attended any activity arranged by the Active Young People Officers at least twenty times during the year as part of the 5x60 scheme	22.57%	19.16%	Awaiting results from Sports Wales	The target for the year is 20%
	<p>Comments:</p> <p>LCS/002b: The 2015-2016 performance has reduced because one centre was closed for six months for work to upgrade it. Latest information this year (Quarter 1) suggests that the number of visits is consistent with the previous years and very close to the target. However, a reduction is anticipated during the summer months due to the fine weather.</p> <p>DADH.42: There was a reduction in the performance at the end of the 2015/2016 academic year. This was mainly due to the fact that the swimming test had changed across Wales. It was anticipated that this would happen as the test is now more challenging for children but the reduction is less than anticipated. The</p>				

	<p>main obstacles for improving the performance is i) a lack of funding in schools in order to send children to lessons regularly during the school year and ii) a reduction in the free swimming grant which means that fewer teachers are trained in order to teach swimming to the required standard.</p> <p>Ifanc02: The budget for holding sports activities has been reduced once again this year by Sport Wales. Maintaining the same level of performance will therefore be challenging and consequently the target set is not too ambitious. Maintaining the same level of performance will be a good result under the circumstances.</p>
