Subject: proposed parking restrictions on the Maes

Mari

Good morning

The above matter was discussed at the Town Council meeting last night and the councillors wish to note the following comments

- Once the clearway has gone, sufficiently clear signs will need to be installed noting NO PARKING on the Maes (we are of the understanding that the clearway is the reason that this is NOT currently possible)
- Furthermore, they wish to see the time being extended to 7pm

One concern that was raised is the possibility of cars being technically able to park on the Maes overnight from 7 (if you agree) until 8.30am which would cause huge problems for many events – has this element been considered

With thanks

Katherine Owen SILCM
